Next Governor. In referring to the various gentlemen aug gested as candidates for thovernor, in our edi torial, a few weeks ago, we remarked that in our opinion the nomination should be conceded by both parties to the Northwestern part of the State, and added that, "Eric county could present a candidate for Democratic support, at least, who, on the score of talents and per sonal character, is not excelled by any one in the long line of distinguished men who have occupied the position."

The Lancaster Intelligencer quates our aditorial, and, in allusion to the above closing paragraph, comments as follows : .

"We understand that compliment to apply to William A. Galbraith, Esq., and we are sure there is no man that knows him will not endorse it for truth."

The Intelligencer is correct. We did refer o Mr. Galbraith, and the fact that the mere suggestion is received with so much favor, by so influential and able a paper as the Intelligencer, shows that he is as popular abroad as at home, and that if his name were presented in connection with the Gubernatorial nomina tion, a very strong if not successful support would be given in his favor. We are well aware, however, that Mr. Galbraith is not an aspirant to any official position, and doubt if he would permit himself to be placed in the position of a candidate.

We are indebted to Mr. Charles Keehler hour they have confidence, and who only are for his kindness in recently showing us through his extensive brewery, situated on the North Side of the Buffalo Road and East of French Street. The building, which is of brick, and with the basement is four stories in height, was planned by Mr. Koehler himself, and it would scarcely he possible, we imagine, to have more convenient arrangements than those in this establishment. The perfect order and neatness apparent in all the different rooms where the malt is prepared. things never published before, read the re- dried, and changed from one apartment to another, is worthy of remark! We are glad to see the city journals discussing the propriety of abandoning the present extravagant use of carriages at funerals. The price now demanded for vehicles, for such purposes, is so large, that persons with acanty means, who wish to render the same homage to the dead that is paid by their neighbors, are compelled to do so at a heavy pecuniary sacrifice. Let the employment of a long train of carriages upon such occasions be abandoned, as a matter of just and proper economy, and the custom that now prevails will soon become more honored in the breach than in the observance. scrotulous eruption, which was very troublesome... Nothing afforded any relief until we tried your 
Sarbarahilla, which soon completely enred her."

From Charles P. Gags. Leq., of the widely known 
Gage, Marray & Co., manufacturers of enamelled 
papers in Nathua, M. H.

"I had for screenl years a very troublesome 
hissor in my thee, which grew constantly worse 
until it disfigured my leatures and became an intolorable effection. I tried almost every thing a sam 
could of both advice and medicine, but without any 
relief whetever, until I took your Sarbarahila. It immediately made my face worse, as you told me 
to might, for a time; but, in a few weeks the new 
skin began to form under the blotches; and contimed until my face is as smooth as any body's. 
and I am without any symptoms of the discussibnt

Erysipelas — General Debility — Purity the Blood.

From Dr. Robt. Sawin, Hourign St., New York.

"Dr. Ayer. Lackdom fail to remore Eruptions and Scropulous Sores by the persevering use of your Sarsafailla, and I have just now cured an atlack of Malignant Erysipelas with it. No alterative we possess equals the Sarsafailla you have supplied to the profession as well as to the people."

From J. E. Rohnston, Erg., Wakeman, Ohlo.

"For twelve years, I had the yellow Erysipelas on my right arm, during which time I tried all the celebrated physicians I could reach, and sook humdreds of dollars worth of medicines. The ulcers were so bad that the cords became visible, and the doctors decided that my arm must be ampaisated. I began taking your Sarsafailla. Took two bottles, and some of your Pills. Together they have cured me. I am now as well and somand as any body. Being in a public place, my case is known to every body in this community, and excites the wonder of all."

St. Anthony's Fire, Rose, Salt Rheum, Scald Houd, Sore Eyes.

From Harrey Sieller, Foq., the able editor of the Tankhannock Democrat, Pennsylvania.

"Our only child, about three years of age, was attacked by pimples on his forthead. They rapidi, spread until they formed a loathsome and virulent sore, which covered his face, and actually blinded his eyes for some days. A skilful physician applied nitrate of silver and other remedies, without my spparent effect. For lifteen days we guarded his hands, lest with them he should tear open the festering and corrupt wound which covered his whole face. Having tried every thing else we had any hope from, we began giving your Sinsararkilla, and applying the fodde of petash lotion, as you direct. The sore began to heal when we had finished the second. The child's eyelashes, which had come out, grew again, and he is now as healthy and hir as any other. The whole neighborhood predicted that the child must die."

Syphilis and Morcurial Disease.

Syphilis and Mercurial Disease. From Dr. Hiran Stat, of St. Louis, Missouri,
"I find your Barsapakilla a more effectual
remedy for the secondary symptoms of Sphilis
and for syphilitic, disease than any other we possess.
The profession are indebted to you for some of the

best inedicines we have."

From A. J. French, M. D., an eminent physician of Lawrence, Aluss, who is a prominent member of the Legislature of Minsschusztis.

"DR. AYER. My dear Sir: I have found your SARSAPARILLA an excellent remedy for Syphilis, both of the primary and secondary type, and effectual in some cases that were too obstinate to yield to other remedies. I do not know what we can employ with more certainty of success, where a powerful alterative is required."

Mr. Chas. S. Van Lewi of New Brunswick, N. J.. ful alterative is required."

Mr. Chas. S. Van Luce, of New Brunswick, N. J., had dreaful ulcers on his legs, caused by the shuge of mercury, or mercurial disease, which grew more and more aggravated for years, in spite of every remedy or treatment that could be applied, until the persevering use of AYER'S SARSAPARILLA relieved him. Few cases can be found more inveterate and distressing than this, and it took several dozen bottles to cure him.

Lencorrhos, Whites, Female Weakness, are generally produced by internal Scrofulous Ui-cerution, and are very often cured by the alterative certaion, and are very often cured by sales require, effect of this SARRAPARILLA. Some cases require, however, in aid of the SARRAPARILLA, the skillulation of the sales remailer.

n the small.la Jacob Morral, of Uncunats.

"I have found your BARSAPARILLA an excellent alterative in diseases of females. Many cases of Irregularity, Lencorrhea, Internal Ulceration, and local debility, arising from the scrotulous disthesis have yielded to it, and there are few that do not, when its effect is properly aided by local treatment." Jacob Morrill, of Cine "My daughter and myself have been cured of a very debilitating Leuosrihera of long standing, by two bottles of your Sarsaparilla." Rheumatism, Gout, Liver Complaint, Dyspepsis, Heart Disease, Neuralgia,

when caused by Scrofula in the system, are rapidly cured by this EXT. SARSAPARILLA. AYER'S CATHARTIC PILLS possess so many advantages over the other nurgatives in the market, and their superio virtues are so universally known, that we need not do more than to assure the public their quality is maintained equal to the best it ever
