A SCANE AT TITURVILLE .- Mr. John G. Ste. vens. a well known citizen of Trenton, while on his way to the Pennsylvania oil regions | recently, was taken prisoner by two detec. tives, on suspicion that he was Booth. The Trenton True American mys :

"At first Mr. Sievens, who can relish joke, thought it was a very good one, and joined with the detectives in the pleasantries incident to the accidental meeting of a jocular party. The crowd became clamorous and violent, demanding that the prisoner should be hung up at once without judge or jury. All this, it may be imagined, was not very pleasant to the feelings of Mr. Stevens, They followed close upon his beels up to the holel, and while he and the delectives were in a room examining into the identity of Mr.

## LOCAL BREVITIES.

We return thanks to Hon. G. W. Sociald for a copy of the Congressional report on "Trade with Rebellious States."

We are requested by parties in the neighborhood to call the attention of the proper sanitary officers, if such there be, and if not. to the officials doing business in the building, to the nuisance in the rear of the Postoffice. It certainly needs to be attended to.

The Ladies' Aid Society will give two enter tainments in Farrar Hall, on Thursday and Friday evenings of next week. The well at Union Mills has reached a depth

of 770 feet. On Tuesday a crevice of two feet was struck, which caused an accumulation of oil and water to be spurted into the sir. The parties boring express confidence that they will eventually have a profitable, well. The firm of Wright, Hatch & Persons, en-

gaged in the oil husiness, has been dissolved y mutual consent. Mr. John C. Beebe luvites the attention of the public to his large stock of dry goods, one

The steamer Michigan, when last heard from, was in the vicinity of Johnson's Island, ready to demoralize any raiders from Canada, who-might attempt to release the Confederate prisoners on the Island. We are of opinion that all the raiders she will mget will not be enough to frighten a company of little girls.

The cord of S. Todd Perley, Esq., general claim agent, will be found in another column. He has had extensive experience at the Wash-

ington Departments, and is besides a gentleman of talent, and very energetic character.

Owners of property on State street, who do not clear off the dirt in front of their places every Monday morning, are liable to fine. Messrs. Clark & Metoalf are doing an enorm-

All the prospects are of an unusually dull sesson at our docks for some months. The exhorbitant price at which coal is held by the proprietors of the mines, prevents our dealers from making advan tageous contracts, and they have resolved to buy no more than is actually necessary until the former come down in their figures.

Among the attractions of Chovalier & Tiaker's Stereopticon will be a full length like ness of Jim Stewart and his famous Rocky Mountain cat.

The fishing sesson has commenced, and has thus far been a thriving one. We meet almost every day parties of amateur fishermen, foturning home with fine strings of the finny tribe. 4

A good story has been told of a clergyman not far from Titusville, who had lately inwested considerable in "ile." In giving out Acts, the last half of the verse, and one-third the oil.

Col. Wm. A. Richardson, of Illinois, the incessar in the United States Senate, recently prestment made by Booth, the assassin, who took a tour of the oil country, in company being the guest of Mr. Galbrath. Oue of the most astonishing things in the world is the interest some people take in a fight. No matter what sort it is-dog. cat. cock, or, worse still, man fight,-s crowd wil collect in a few minutes. We saw at least two hundred persons of both sexes, on State street, the other day, looking at two drunken dookmen bruising une another .... Au interesting war is "on the tapis" in this of y, between the Lowry and anti-Lowry factions of the Republican party. A letter from Capt. Clayton W. Lytla of the 145th regiment, directed to his father, from Alexandria, Va., and dated the 6th, says the regiment the expedied there if that time in a day or two, and expected soon to be mustered out of service. He confirms the report that mearly all of Sharman's army is coming manufactured, and says it is the interest tion to have a grand review of all the troops in Eastern Virginia, at Alexandria, prepara. tory to disbanding them. He alludes to the spirit of hostility which prevails in the army against French interregtion in Mexico, and mys there is a wile spread disposition aniong

A meeting of bankers in Crawford, Venange and Lawrence counties was held in Meadville, on Tuesday of last week, at which it was unanimously agreed to receive no more notes of State banks on deposit after the 20th inst. unless at & discount of due per cent -the issue of Pittsburg banks being specially excepted. Wm. C. Curry, of the 2d National Bank of this oily, was present, and consented to the agreement. It is heped by this course to drive out of circulation all the did bank actes, in the western part of the State, and make greenbacks and national currency the sole

realating medium. The Meadvide Republican withdraws its acousations against the people of Klecknerville, a the following manner :

"We are assured that the statement that the copperheads of Klecknerville hung out flags and in various ways showed their joy at the avsassination of President Lincoln was not correct. We are credibly informed that they made no public demonstrations indicating their satisfaction over the news, and it is due to them that they should have the benefit of this correction.'

We seldom look for anything foir in the columns of the Republican, and can therefore excuse the gruffness of the above paragraph, in the pleasure of knowing that there is still a little manliness left in the heart of its editor. The evidence of such a quality is usually so faint, that many honest persons had begun to doubt its existence.

From there they went to Neuberger's grocery, adjetaing, and, took from it a lot of whiskey, with which they loubtless "celebrated" the results of their inhers. The house of Samuel Weigle, in Sterreltanis, was broken into, on Friday night of ast week, and \$800 stolen therefrom. The frequent occurrence of robberias in our vicinity, of late, should place citizens on their guard, and cause them to exercise the strictat vigilance in securing their preperty.

The Jamaslown Journal says Gov. Festos has furnished the Union League of that place with a new brass 10-pound cannon, mounted and completely equipped, at the expense of the State. The Dunkirk Union mys he has done the same for the U. L. of that town. We trust that no half-way sort of a thing will be procured.
