Only Fifty Cents for Three Months.

The OBSERVER will be furnished to subsribers desiring to receive it during the campaign at the low rate of Fifty Cents for three months. These terms are considerably lower than our usual rates, and can barely be afforded by us, but we are induced to offer them, in the hope of promoting the cause which all Democrats believe so earnestly to be that of their country and truth. Campaign subscribers can commence at any date they see, proper (the earlier the better) and will receive Thirteen i sues of the paper.

We want, if possible, to obtain five hundred campaign subscribers. It depends on our friends whether we shall succeed. Let each of our present patrons procure a copy to be sent three months, to some neighbor or friend, and much good may follow. Who will be first to send us a club?

Notice.

In order to enlarge the subscription list of the Observer, we offer to send, hereafter, specimen copies, free of charge, to any address that may be furnished us. We trust our readers will read very particularly this paragraph from a Philadel-

phia paper: THE DOUBLEDAY COURT-MARTIAL.-The Court reassembled yesterday, and heard evidence as to the character of William Neal, who has been on trial before that triwar, in a measure to the use of a greatly bunal for some time. Dr. Wilson Jewell, depreciated currency, and to no inconsident Henry Bumm, W. B. N. Cozzens, and others, testified as to the very excellent charac-

ter of the detendant. The latter gentleman also testified that Mr Neal had been very exact with him in measuring the tents he furnished, rejecting a great many of them, and contemptunusly denied that he ever rewarded him pecuniarily. A large number of highly respectable citizens, who have for years known Mr. Neal as an honorable citizen, were in attendance, ready to testify to his excellent character. They expressed themselves as being conscious of his honorable acquittal.

The Provost Marshal re-used to obey the writ, "by order of the Secretary of War;" but as the people of Pennsylvania seemed to be of the same thought as Judge Thompson, and there was a general feeling that in Pennsylvania the habeas corpus, in civil cases, should not be violated with impunity. Cozzens was released and set free by the Judge. The six months' palaver of lawvers and officers and Judge-Advocates vent for nothing, and Cozzens is a free

What the "Court" will do with Neal we do not know. According to the eporter, a number of wirnesses expressed themselves "conscious of an honorable acquittal." But what difference does it make? The lawyers may talk for months; the whole poll-list of Philadelphia may wear, and the "Court" may hear and determine; but every sensible person knows that if the Court dare to put a finger on the said Neal, with intent to imprison or punish, there talking lawyers will have a writ of habeas corpus from Judge Thompson in two hours, and Neal will be set at liberty. We should like to know just how much t costs the Government to keep up this expensive luxury of a court-martiel in the peaceful. law-governed city of Pailadel-phia. What do we pay for salaries, for commutation of quarters, for witness tees, for transportation, for the hundred other little bills that Government officers know o well how to charge? The Republic has better work for men so brave as Gen. Doubleday than to sit and hear lawyers talking and weavers sucaring about the shrinking qualities of duck canvass, or the amount of money pilfered by some needs subordinate in an arsenal. What are Judge Grier and Judge Cadwallader, and Marshal Milward, and District-Attorney Gilpin for, with Grand Jury, and deputies, and a train of civil subordinates, all paid by the nation, if not this very work? Is the machinery of United States justice so untrustworthy in Philadelphia that it cannot punish polty frauds? Are Judge Cudwallader and a jury incompetent to decide the shrinking qualities of duck canvass and the character of William Neal? If this is the case, let Cadwallader be removed and Doubleday put in his place. But, as it is otherwise, let the gallant Major General be sent to Texas along with Sheridan, and his colleagues allowed to join their regiments or be mustered out of service, that they may go on a farm and earn a living by some serviceable labor. It was thought that Father Sullivan, the Catholic priest who had previously visited him and seemed to have considerable influence over him, might induce him to come down, and he was sent for at Holyoke, but being sick he could not attend, and sent one of Tris assistants, but before he arrived the madman at about 11 o'clock was seized with a fir to which he was subject, while sitting behind a chimney, and curring up, rolled off, striking solid hardpan below, breaking one arm and it juring himself internally so that he lived only about an hour: In his disabled condition even he fought desperately, and it was with difficulty that he was secured. The ve tilator through which he eac ped is oval shaped, about eight by twelve inches, and extended from near the top of the wall, horisoutally about ten inches and then up to the roof. This hole he enlarged by knocking out the brick. He entered the ventilater by turhing his bed-up against the wall .- Northamp. ton (Mass.) Gazette.

FEMALE RIOT IN GREENFIELD, OHIO .- Too much rum was "put down" the throats of the young men of Greenfield, Ohio, so the ladies thought, and therefore a few days since they resolved to put down all the rum there was in town, "at one fell swoop," as Macduff lutions denouncing intemperance; and in the af ernoon of the same day they sallied forth. some dozens strong, armed with hatchets axes and bright eyes, and cilled at Newbeck's saloon. Newbeck was a valorous man, for di-cretion is the better part of valor; he had shut up his saloon; but the ladies opened it in short order. They'smashed in a win tow then one of them get in, in the most graceful manner, and unbilted the doors, when the ladies made a de-cent on the kegs and bottles, and the way old mother Earth drank beer and "forty rod" was enough to make her stagger if anything would. Then the ladies smushed in the doors of Lion's drug store, near by, and spilt all his liquor. The Mayor come on the scene at this juncture, and made quite a pretty figure in the performance—dramatically considered—by reading the riot not; after which he went home and the ladies. not; after which he went home and the ladies went on with their "high old bust." After aving "basted" all the rest of the liquor in town, they retired on their laure's. The whole village Las smelt of whiskey ever since. Shortly after, suits for damages were com-menced again t the ludies by the despoised, and forty seven of the dear creatures, were accordingly arraigned and held to trial in sums of from \$100 to \$400 to answer in the Common Pieas in October.

DIED or Joy .- A woman, the wife of a relurned soldier, residing at No. 45 North Moore street, received him on his arrival from the South the other day with the most violent demonstrations of joy and affection; and was so completely happy at meeting her lieve lord that the first night of their reunion she went to the North river and drowned herself. The sequel proved that she was deeply enamored of another man, and had been his mistress for two years; and knowing she must senarate from him after the return of her swful spouse she concluded if she could no longer sleep on her lover's bosom, to sleep under the waters of the Hudson .- N.
