A. T. Stewart of New York is building a marble palace on Fifth avenue, fronting on Thirty-fourth street-the site of the famous Townsend residence. The building is in the Corinthian style of architecture, and has a front of sixty feet on Fifth avenue and one hundred and fifty on Thirty-fourth street. It will be the most imposing, sumptuous and expensive private residence in America. The cost of the building is estimated at \$1,200,000.

Grant and Lee are turning historians. Upon these two men we depend mainly for our piotures of their respective sides in the great conflict. Both are good generals, and from what we know of e ch, it is probable that they will be successful in authorship. Grant is preparing an official report of his last campaign; while Lee is chronicling the story of his defence of Richmond. The first will of necessity be purely military in its character, and consequently will be more or less formal. The latter will have freer scope, hence, there will be more room to consult the popular taste, and a greater chance for word painting.

Do as You Would BE Done Unto -The horse of a pious man living in Massachusetts, happening to stray into the road, a neighbor of the man who owned the horse put him into the pound. Meeting the owner soon after, he told him what he had done; "and if I eatch him in the road again," said he, " I'l do it again." " Neighbor," replied the other, "not long since I looked out of my window in the night and saw your cattle in my meadow, and I drove them out and shut them in your yard, and I'll do it again." Struck with the reply, the man liberated the horse from the pound, and paid the charges himself. " A soft answer turneth away wrath."

A Superior Remedy. -- We can conscientiously recommend to those suffering from a distressing cough, Dr. Strickland's Mellifluous Cough Balsam. It gives relief almost in.
stantaneous, and is withal not disagreeable
to the taste. There is no doubt but the Mell
lifluous Cough Balsam is one of the best preparations in use, and all that its proprietor claims for it. We have tried it during the past week, and found relief from a most distressing cough. It is prepared by Dr. Strickand, No. 6, East Foursh street, Cincinnati, Ohio,, and for sale by druggists. jy 13 3m

The Proprietor has never resorted to their publication in the newspapers; he does not do this from the fact that his articles rank as Standard Preparations, and do not need to be propped up by certificates.

The Science of Medicine, like the Doric Column, should stand simple, pure, majestic, having l'act for its basis,

My Extract Sarsaparilla is a Blood Purifier; my Extract Buchu is a Diuretic, and will act a such in all cases.

Both are prepared on purely scientific principles—in racko—and are the most active measures of either that can be made. A ready and conclusive test will be a comparison of their properties with those set forth in the fol-See Dispensatory of the United States.
