## SOLDIER CANDIDATES.

The Democrats everywhere are acting upon the maxim that to the brave belong the honors of victory. In every county in the State soldiers are given prominent places on our county tickets, and in some counties every Democratic candidate is a "boy in blue." The following, for instance, are the nominees of our party in Allegheny county:

District Attorney-Major JAMES A. County Comptroller-Major JOHN H CASSELL. Treasurer-Major JAMES KERR

State Senate-Col. GERGES HAYS. Assembly—Capt. A. LARGE Major THOMAS GIB-ON. Major JAMES F RYAN, Private HENRY B. M CURRY Private GEO. EWALT, Private FRANCIS M.CLURE County Commissioner-Private JOH?

CONNOR. County Surveyor-Capt. E. J. HEAST

Director of Poor-Private SAMUEL MORTON. The Democratic party in thus manfully

responding to the claims of the soldier are but following their natural impulses.-Throughout the war we labored to enlarge the soldiers pay, to mitigate their burdens and to bring their duties to a speedy close, and now that their efforts have been crowned with glorious success, we intend continuing our manifestations of friendship by honoring them with the official rewards to which their valor entitles them.

lies their rank and file "to the rescue;" in Democratio vote is polled, we feel a nearly the following vivid manner: "Now is your time; the eyes of all are

upon you-your enemies are watching for your balting: your friends all over the land, who are hourly increasing, stand in an agony of hope and doubt, and fearing you may falter in your course. Let your conduct dispel all their misgivings-let there be no Judas Icariot's in your ranks. Stand firm and erect as the pillars of the will not be bribed, coaxed or driven. The Rubicon is passed—to go back is impossible-the broad banner of Equal Rights is once more spread to the winds—the voice has gone forth, pealing over lake, mountain and river, that 'sink or swim, survive or perish,' our motto shall be-'ON-WARD!' The hopes of the people of all the States are centered upon you-and well persuaded are we that they will not be disappointed. What remains unaccomplished this year, will most surely be completed next.

That chappy's friends should take charge of him. He is a dangerous man to be left at large.

THE DEMOCRATIC PARTY .- The Lawrence, Mass., Sentinel says "the Democratic party can entitle itself to the gratitude of the and constitutional policy, which, while it resists the fanaticism of the political revolutionists, still encourages and wisely promotes the progressive tendencies of the age." The Democratic party has done all the days of its existence.

Election Tuesday, October 10th.

The tickets for the Democratic voters of the county will be printed and circulated on o before the lat of October. Alist of the persons to whose hands they are committed in each district will be published in the OBSERVER, so all may see whom to apply to for a supply. As it is not fair that the candidates should be waked to pay for the tickets, we shall pursue the plan adopted by us last year, of charging each township with those supplied to it, and sending a bill for the amount along with the tickets.

THE COUNTY TICKET. The Convention on Monday last was a highly creditable and successful assemblage of the representatives of the Democracy of Erie county. In spite of the discouraging political events of the past few years, and the almost overwhelming Abolition preponderance in the county, nearly every district sent out full delegations and there was a spirit of determina tion on the part of the members of zeal for success, of attachment to principle and confidence in the ultimate triumph of our party, which we have never seen surpassed. The Democrats of Erie county, tho' often defeated, are neither cowed nor disheartened. They are firmly convinced that right is on their side, and so believrallying around its banner under all circumstances. If there were any evidence needed to vindicate the integrity of the men who compose the Democracy of this county, it would present itself in the decusion to the cause of which they are supcut off from all hope of political promotion, to be maligned, misrepresented and and est the crumbs they throw to him: pect of certain fail ure. The convention acting in the spirit of its resolutions, with but one exception, has tendered its honors to "boys in blue" who have earned by their bravery in the field a title to the gratitude and rewards of their fellow citizens. our friends should go to work with renewed zeal. The day of election is close at hand, and there is no time to be lost. Perfect the local organizations and see that not one Democratic voter fails to do his duty. We have no means to spend in meetings, and must depend on quiet, persevering and resolute working. His repulsive, sneak-thief appearance led men instinctively to judge his nature, and he was shunned like a skunk. By degrees, however, he succeeded in gaining a little confidence, and he had no sooner obtained the acquaintance of a few respectable citizens than he set about endesvoring to injure the employer who had befriended him. He circulated stories prejudicial to that gentleman's reputation, puffed up his own importance, and by one means and another succeeded in gaining the confidence of an unsuspecting few. The consequence was, that when the present ewner of the Gazette purchased it, he was called to its editorial control; an act which we are assured has been regretted many times since.

Since he has been in charge of the paper, his real character has been unmasked, and he stands out in all his filthy nakedness before the community. The Gazette, once one of the most influential papers in the State, has become a common byword of contempt throughout the place. Its imbecility is only exceeded by its maliciousness, and its maliciousness by its mendacity. Its columns are the receptacles of all the sewerage of the city.
