Ladies, take Particular Notice

THE REAL VELPAU FEMALE PILL.

[WARRANTED FRENCH.]

THESE PILLS, so celebrated many

years ago in Paris for the relief of female irregularities, and afterward so notorious for

their criminal employment in the practice of aboution, are now offered for sale for the first

time in America. They have been kept in comparative obscurity from the fact that the eriginator, Dr. Velpau, is a physician in Paris of great wealth and strict conscientious principles, and has withheld them from general

use, lest they should be employed for unlawful purposes. In overcoming Female Obstructions, Falling of the Womb, Whites, Green Sickness, Suppression, Retention, or Immoderate Flow of the Monthly Discharges, they seem

to be truly omnipotent, bursting open the

flood-gates from whatever cause may have stopped them; but they are offered to the pub-

lic only for legitimate uses, and all agents are forbidden to sell them when it is understood that the object is unlawful. Married ladies should never take them when there is any

reason to believe themselves pregnant, for

These pills are entirely safe under all circumstances, being composed entirely of substances from the vegetable kingdom.

Each box has the coat of arms for the City of Paris stamped on the box, with the words "Trade Mark" in French, to counterfeit which

is a misdemeanor, and all persons will be dealt

INSANITY AND CONSUMPTION? Many are aware of the cause of their suffering, but none will confess. The records of the faranc arylums and the melancholy deaths by consumption bear ample witness to the truth of the assertion. The Comititution, once affected by organic weakness, requires the aid of medicine to strengthen and invigorate
the system, which HEL-HEOLD'S ENTRACT OF BUCHU invariably does. A trial will convince the most sceptical.

NOT A TEW of the worst disorders that afflict mankind arise from the

corruption that accumulates in the Hood. Of all the discoveries that have been made to purge it out, none can equal in effect BELEBOLD'S COMPOUND EXTRACT OF SAM-SAPARILLA. It cleanes and renovates the Flood, instills the vigor of health into the system, and purces out the humors which make disease. It stimulates the healthy functions of the body, and expc's the disorders that grow and rankle in the blood. Such a remedy that could be relied on has long been sought for, and now, for the first time the public have one on which they can depend. Our space here does not admit of certificates to show its enects, but the trial of a single bottle will show to the felt that it has its virtues suppassing anything they have ever taken.
Two tablespoonsful of the Extract of Sarsaparilla udded to a pint of water is equal to the Lisbon Pigt Prink, and one bottle is fully equal to a gallon of the Syrup of Sarsaparilla, or the decoction as usually made.

Evidence of the most responsible and remails engineer will accompany the medicines. Also explicit directions for use, with hundreds of the county living witnesses, and up-wards of 30,000 unsolicited certificates and recommendatory letters, many of which are from the highest sources. including eminent Physicians, Corgymen, Statesmen, &c.
The Proprietor has never resorted to their publication in the newspapers; he does not do the from the fact that his articles rank as Standard Preparations, and do not need to be propped up by certificates, The Science of Medicine, like the Dorle Column, should stand simple, pure, majestic, having Fact for its basis, Induction for its pillar, and Truth alone for its Capital.

My Extract Sarsaparilla is a Flood Furider; my Extract Buchn is a Diuretic, and will act castuch in all cases.

Both are prepared on purely scientific principles—in factor—and are the most active measures of either that can be made. A ready and conclusive test will be a comparison of their properties with those set forth in the fol-See Dispensatory of the United States.
