NEW STEEL PEN .--- We write this paragraph with one of Caughey, McCreary & Co.'s Falcon Pens, a new thing in the steel pen line. which is meeting with great success. I mores with a steadiness and smoothness gethering of the campaign for this section of which we have never seen surpassed, and we the State, we are informed, was a ludicrous think it fully equal to any gold pen. We impossible to get a good steel pen. To all expected by the managers, dwindled down to States of Michigan, Indiana and Ohio. We such we recommend a trial of those sold by Messrs. C., McC. & Co, and if they suit their the vicinity of the town, and aside from the man of taste, cultivation and refinement, and taste as well as they do ourst we are satisfied they will use no other.

SHEBIDAN HOUSE .- One of the very neates places erected in the vicinity of, the new depot, where so many improvements have been made of late, is the Hotel and Saloon upened out by Mr. Felix McCann, on Peach street, three doors north of the railros I track. Mr. M feels quite proud of it, and well he may. The bar-room is one of the handsomest in the city, while the rooms are arranged and connected with the house. For a small hotel, the Sheridan House has few superiors, and furly overrun with oustomers. He deserves all that he may receive.

The Philadelphia railroad bids far, if continues as it has been doing of late, to get an unenviable reputation for accidents. We hal sourcely finished writing an account of the deplorable affair on Sunday, when we were called upon to record auother.; The mail train from the East was standing on the main track at Irvine, about five o'clock on Tuesday afternoon, when the fast line came along and ran into it. Two men had limbs broken a bully damaged, and fresh occusion given for the enemies of the road to disparage it. The public shou'd not 'be satisfied with anything | spiteful and discreditable motives. less than a full investigation of all these occurrences, so I the punishment of the parties responsible for them.

Erte seems to be an unfortunate place for to add the Stereopticon which exhibited here last week, to the list. The parties owning it had made a recent purchase of the concern in wife. Acheson & Henry vs. Sawdy. Thomas Cleveland, expecting to get rich instanter vs. Greeley. Jenness vs. Hay, Hazalton vs. Alas for human calculations, in a short period they found themselves poorer than when they last week, to houses averaging from fifty to a vs Webster. Minor vs. Luzelle, Frances ve. hundred, they found themselves unable to meet their liabilities, and obliged to suspend payment. Leaving their goods at the mercy of disconsolate hall proprietors, hotel keep ers, publishers and bil posters, the owners have returned home to recuperate their purses, and take a fresh start. We regret very much the unfortunate result of their enterprise, for they give a really good enter tainment, and we can only account for their years, retaining the devotion of his men and want of patronage on the ground that the receiving the praise of his superior officers, people have grown tired of Stereopticons and that he lost an arm in the struggle, and still in shows of that sort.

State and County Tickets. The tiokets for the election next Tuesday have been printed and distributed to the various towaships. Below is a list of the parties to whom they have been directed, who will furnish all asking for them with a supply. With every lot of tickets has been eaclosel a bill stating the amount each district is charg ed on our books, which we trust our friends will see collected. If the Democratic party had a majority in the county, and the Ossanyan enjoyed a lucrative official patronage, we should gis ily print the tickets free of charge, but under the circumstances, we t hink no one will desire or expect it : Wayne, Corry and Concord-Amos Heath

The Philade phia railroad on Monday "shut down" on receiving any more freight for the Oil Creek road from this city, after having Shore line for the same source. What diffi culty is at the bottom of this movementwhether the old quarrel between the officers of the two companies has been revived, or the Oil Creek road is unable to carry the freight intended for it-we are unable to say. But of one thing we are certain -that it will cause ing and loss to the merchants of Erie, equal ing if not surpassing the memorable "blockale" of last winter. The orders from the oil country just now are unusually large, many thousands of dollars worth of goods every branch of trade must suffer: We are not prepared to say where the blame lies, but be be permitted to last long. It is provoking beyond measure to have the immense inter and of all this section of the State suffering these periodical embarrassments, particularly us time like the present, when there would
