From Harrey Sickier, Esq., the able editor of the Tunkhamnock Democrat, Pennsylvania.

"Our only child, about three years of age, was attacked by pimples on his forehead. They rapidly spread until they formed a loathsome and virulent sore, which covered his face, and actually blinded his eyes for some days. A skilful physician spplied nitrate of silver and other remedies, without any apparent effect. For fifteen days we guarded his hands, lest with them he should tear open the featering and corrupt wound which covered his whole face. Having tried every thing else we had any hope from, we began giving your Harsararilla, and applying the loddle of potash lotton, as you direct. The sore began to heat when we had finished the scood. The child's eyelashes, which had come out, grew again, and he is now as healthy and fair as any other. The whole neighborhood predicted that the child must die,"

ful alterative is required."

Mr. Châs. S. Von Lieu, of New Brunnelch, N. J., had dreadful ulcers on his legs, caused by the abuse of mercury, or mercurial disease, which grew more and more aggravated for years, in spite of every remedy or treatment that could be applied, until the persevering use of Ayen's Sarraparilla relieved him. Few cases can be found more inveterate and distressing than this, and it took several dozen cottles to cure him. Leucorrhoss, Whites, Female Weakness,

are generally produced by internal Scrofulous Ul-cerution, and are very often oured by the alterative effect of this SARSAPARILLA. Some cases require, however, in aid of the SARSAPARILLA, the skilful application of local remedies. From the well-known and widely-celebrated Dr.

Jacob Morrill, of Cincinnati.

"I have found your SABSAPARILLA an excellent alterative in diseases of females. Many cases of Irregularity, Leucorrhosa, Internal Ulceration, and local debility, arising from the scrofulous diathesis have yielded to it, and there are few that do not, when its effect is properly aided by local treatment." A lady, unwilling to allow the publication of her name, writes:
"By daughter and myself have been cured of a very debilitating Lemorrhea of long standing, by two bottles of your SARSAPARILLA." Rheumatism, Gout, Liver Complaint, Dyspepsia, Heart Disease, Neuralgia. when caused by Scrofula in the system, are rapidly mired by this EXT. SARBAPARILLA.

AYER'S CATHARTIC PILLS cossess so many advantages over the other purgatives in the market, and their superior virtues are so universally known, that we need not do more than to assure the public their quality is maintained equal to the best it ever quanty is maintained equal to the best it ever has been, and that they may be depended on to do all that they have ever done.

of the worst disorders that afflict mankind arise from the corruption that accumulates in the Flood. Of all the discoveries that have been made to purge it out, none can equal in effect HELMBOLD'S COMPOUND EXTRACT OF SAR sapartitle. It cleanses and reporates the Mood, instill the vigor of health into the system, and purges out the humors which make disease. It stimulates the healthy functions of the body, and expels the disorders that grows and rankie in the blood. Such a remedy that could be relied on has long been sought for, and now, for the first time the public have one on which they can depend. Our space here does not admit of certificates to show its effects, but the trial of a single bottle will show to the sick that it has its virtues surpassing anything they have ever taken.
Two tablespoonsful of the Extract of Sarsaparilla added to a plat of water is sound to the Lisbon Diet Drink, and one bottle is fully equal to a gallon of the Syrup of Sarakparille, or the decoction as usually made.

HELMBOLD'S ROSE WASH, An excellent Lotion for diseases arising from habits of dissipation, used in connection with the Extracts Puchu and Sarseparills, in such diseases as recommended. Evidence of the most responsible and reliable character will accompany the medicines. Also explicit directions for use, with hundreds of Pousands living witnesses, and up-wards of 30,000 unsolicited certificates and recommendatory letters, many of which are from the highest sources, including eminent Physicians, Clergymen, Statesmen, &c. The Proprietor has never resorted to their publication in the newspapers; he does not do this from the fact that his articles rank as Standard Preparations, and do not need to be propped up by certificates.

The Science of Medicine, like the Doric Column, should

stand simple, pure, impestic, having Fact for its basis, Induction for its piller, and Truth alone for its Capital.

My Extract Saresparilla is a Blood Purifier; my Extract Sucha is a Diuretic, and will act as such in all cases.

Both are prepared on purely scientific principles—in
sectio—and are the most active measures of either that can be made. A ready and conclusive test will be a comparison of their properties with those set forth in the fol-lowing works:
