"Our only child, about three years of age, was attacked by pimples on his forehead. "DR. AYER. My dear Sir: I have found your SAISAPARILLA an excellent remedy for Syphilis, both of the primary and secondary type, and effectual in some cases that were too obstinate to yield to other remedics. I do not know what we can employ with more certainty of success, where a powerful alterative is required."

In alterative is required."

Mr. Chas. S. Von Liew, of New Brunnoick, N. J., had dreadful alters on his legs, caused by the abuse of mercury, or mercurial disease, which grew more and more aggravated-for years, in spite of every remedy or treatment that could be applied, until the persevering use of AYER'S SABSAFARILLA relieved him. Few cases can be found more inveterate and distressing than this, and it took several dozen pottles to care him.

Leucorrhœa, Whites, Female Weakness, The generally produced by internal Scrofulous Un-peration, and are very often cured by the alterative effect of this SARSAPARILLA. Some cases require, however, in aid of the SARSAPARILLA, the skilful application of local remedies.

ppliention of local remedles.

From the well-Inown and widely-celebrated Dr.

Jacob Morrill, of Cincinnati.

"I have found your SABSAPARILLA an excellent alterative in diseases of fenales. Many cases of Irregularity, Leucorrhem, Internal Ulceration, and local debility, arising from the scrothous dathesis have yielded to it, and there are few that do not, when its effect is properly aided by local treatment." A lady, unwilling to allow the publication of her "My daughter and myself have been cured of a very debilitating Leucorrhea of long standing, by two bottles of your SARSAPARILLA."

Rheumatism, Gout, Liver Complaint, Dyspepsia, Heart Disease, Neuralgia, when caused by Scrofula in the system, are rapidly sured by this EXT. SARSAPARILLA.

AYER'S CATHARTIC PILLS cossess so many advantages over the other ourgatives in the market, and their superior

rirtues are so universally known, that we n not do more than to assure the public their quality is maintained equal to the best it ever has been, and that they may be depended on to do all ting there ever done.

HELMBOLD'S EXTRACT OF BUCHU. Hundreds suffer on in silence, and hundreds of others apply vanily to arrived to and dectors, who either merely landars to them with the hope of a cure or apply remedies which make them werse. I would not wish to assert anything that would do injustice to the afflicted, but I am old to dito say that although it may be produced from acceler chan-non of the powers of life, by hat arous comployment, unwholesome air and food, process measure than, the use of lea and coffee, and it, quent childrenth, it is far of-tener caused by direct and too, graphed to the mincounmembrane of the vagina it self.

When reviewing the causes of these desire sing complaints, it is no a painted to concemplate the attendant evils consequent upon them. It is but simple justice to the subject to commerate a few of the many additional causes which so largely affect the life, health, and happeness of woman in all classes of society, and which, consumerably, after, more or less directly, the welfare or the entire human family. The mania that exists in precording education and marriage, can set the years that nature designed for corporcal development to be wasted and perverted in the restraints of dress, the early confinement of school, and especially in the unlimiting excito-ment of the ball-room. Thus, with the body half clothed, and the mind un'uly excited by pleasure. perverting in middight revel the hours designed by nature for sleep an 1 re-1, the work of destruction is half accomplished.

In consequence of this entir strain upon her system, unnecessary effort is required by the delicate votary to retain her situation in school at a later day, thus aggravating the evil. When one excito-ment is over, another in prospective keeps the mind morbidly sensitive to impression, while the now con-stant restraint of fishionable dress, absolutely forbidding the exercise in lispensable to the attainment and retention of organic health and strength; the exposure to night air ; the sadden chan go of temperature; the complete prostration produced by ex-cessive dancing must, of necessity, produce their legitimate effect. At last, an gurly marriage caps the climax of misery, and the unfortunate one, hitherto so utterly regardless of the plain dictates and re-monstrances of her d heate nature, becomes an unwilling subject of medical treatment. This is but a truthful picture of the experience of thousands of
