JANUARY 23, A. D. 1866. J JANUARY 23, A. D. 1866. J I, John Fly, before Almighty Ged, and by these presents, do relinquish all claims to my wife that was (Fanny Fly.) for the sum of five hundred dollars. I do further promise that I will rever molest or seek to gain possession of said Fanny, Fly, during my matural life. 412 of said Fanny Fly during my natural life; that I will never employ others to molest or seek to regain her, and that I relinquish all His Equ claim, title or possession I ever had in said Fanny Fly. I subscribe to this of my own N free will, and am of same mind.

(Signed,) Attest-FANNIE R., FRANK R., JOHN FLY.

NEVER TOO LATE .- It is never too late to do right: as, for instance, a gentleman began to study grammar after he had written for the press ten years. It is never too late to get married ; Naomi, the daughter of Enoch, took her first husband at five hundred and eighty It is never too late to drop any habit ; James, the nevelist, wrote sixty-nine volumes before he could shake off his 'solitary horseman.' It is never too late to be a 'wide awake' character; an old gentleman who has ceased to read the Daily Evening Blunderbuss, has entirely recovered from the sleepiness that used to affict him. It is sometimes too late to 'pop the question;' a man once did so to a 'charming vidder,' just after she had reached home from burying her first hueband: 'You are too late,' was the reply, 'the deacon spoke to me at the grave !

The New York correspondent of the Spring-. field Republican has the following description of the young men of that city who attend balls :

balls: Pale, bald, with poor physiques, frivolous dissipated, inane, one yard of tape to three of cotton, written over their faces, they see the weakest specimens of humanity the one can see in any quarter of the globe. I know of no more disheartening sight than to contem plate three of them in a the. "The mascut line world is made ur of two clarses," said a clever young lawyer, very much disgusted at being deserted for a "dancing man." "those Bla being descript for a "dancing man," "those with braiss and those with heels, and I fad that the latter have the inside track with the ladies." "The feminine world is made up of trace along " voltad a lader (there it)." two classes," replied a lady, "those with brains and these with pretty faces, and I find the latter are favorites with the men!". "You are right, and so am I," continued the lawyer. "What do you suppose the next generation will be?" "Apes!" answered the lady .----These two individuals went home in a very happy frame of mind.

To Young Man .- In what way do you spand your leisure evenings ? In idleness- in frivelous amusements, or in company of those who will corrupt your morals? Remember if you would prepare yourself for future usefulness Pe you must devote every spare moment to study. First be industrous to your several employments during the hours of busines, never complain that it is your lot to work. count it an honor, go about with cheerfulness and alsority, it will be a habit, and by becoming as will be a pleasure and delight. Make it your business to promote the interest of your em-ployer; by taking care of his, you will learn pleyer; by taking care of his, you will learn to take care of your own. Remember it is one of the besetting size of young men of this extravegant and indolent ago to seek easy and lasy employments; the result is that many of them turn out worthlers, waga-bonds. Avoid the whirlpocl as you would a for the basis of the seek easy the plague spot; babish from your bosom the dangerous desire te do without work. Labor is honorable-dignified ; 'it is the parent of is hongrable—dighthed; it is the parent of health, and happiness; look upon it as an in-valuable blessing, and never a burden and a ourse. Shun idleness and aloth, pursue some honest calling, and be not schamed to be useful.

As we have often stated and repeated, this is a white man's government. It was won originally by the valor of white men; it was formed by the wisdom of white men, and for white men, as thown upon the face of the Constitution itself. It has the face of the Constitution itself. It has Leen administered for three quarters of a century by white men ; in our late conflict with rebellion it was saved by white men; and, we may add, it will be controlled by them in future, if controlled at all. On FI this platform let President Johnson firmly stand, and the American people, despite the contest now going on in Corgrees, will triumphantly sustain bim .-Louisville Journal.
