A Johnson Club, of which Colonel D. G. Rowe is President, has been organized at Indiauapelis. It is composed exclusively of persons who voted for Lincoln, and who ire durse the President's reconstruction policy. Rowe was U. S. Marshal under Lincoln.

BLASPRENT -The Beaver county Local says: The following is the conclusion of a ce loguy between a Democrat and a prominent railroad train between Pittsburg and Beaver

2. Every freed man shall have a secretary.
3. Every freed boy or girl shall have a wardrobe. White people, whether free or not, must

behave themselves. 6. Every white male citizen of the age of twenty-one years or under, and of sound mind or otherwise, may vote, if he will take the cath that he would be a negro if he could, The following is one of a series of resolutions offered in the U.S. Senate by Andrew Johnson, new President, soon after Lincoln's

first election :-" Resolved, That we deeply sympathize with our sister southern states and freely admit that there is good cause for dissatisfaction and complaint on their part, on account of the represidency and vice presidency of the United States; yet we, as a portion of a people of a states of the second of these States un-til every fair and honorable means has been exhausted in trying to obtain, on the part of the non-slaveholding states, a compliance with the letter and spirit of the constitution, and all its guaranties; and when this shall have been done, and the states now in open rebel-lion against the laws of the United States, in refusing to execute the fugitive slave law, shall persist in good faith, it (the government) will not have accomplished the great design of its creation and will, therefore, in tact, be a practical dissolution, and all the states, as garties, he released from the compact which formed the Union."

President Johnson, it is said, has recently got off a pretty fair joke. A Connecticut of-fice seeker closed a recent application for fice seeker closed a recent approximation for office with an inquiry whether the breach between the President and Congress could not be repaired. The President wrote, in reply, that he is not so much in the line of "repairing breaches" as he formerly was.

Republicans are making a great blow that they bave the soldiers' candidate for Governor. We can't see it in that light. Minety-nine hundredths of all the soldiers who faced the nunreaths of all the soldiers who faced the rebel fire during the war are opposed to negro suffrage and in favor of the Union of the States and the restoration of peace, while John W. Geary stands upon a platform which declares in favor of negro suffrage and equality, which declares that the negroes fought dir hettlish and which dur battles, and which opposes the Union of the States and the restoration of peace. Hence John W. Geary is not the soldiers' candidate.

GEARY AND THE SOLDIERS .- A letter from Liverpool to the editor of the Perry county Democrat says: "We have brave soldiers in this region, some of whom served under Geary, who denounce him and would not touch him with a ten-foot pole, notwithstanding their former Republican proclivities." The following from the Richmond Enquirer

is worthy of consideration: "If the Southern people frankly acquiesce in that Union on which the North has insisted, and which was the issue between them; if they faithfully discharge their duties under it; then there is no controversy. This the South has notori-ously done, and is doing. It has responded to all its obligations as a part of the Union. Poor as they are, her people have paid the tax gather his tribute, without resistance or demur. They have obeyed all laws of the country. They have complied with every duty, and exercised every function devolving upon them. They have elected their representatives to the common councils of the Union-which Mr. Lincoln feared they would not do—and in every possible way showed obedience to the Constitution and laws of the Union, both in form and substance."

THAD. STEVENS AND THE DEVIL -A few

nights since a friend of ours, while wrapped in the slumbers of midnight, "dreamed a dream," and imagined he was on a pleasure excursion to the infernal regions. His sight was regaled with many scenes novel, strange and undreamed of in the philosophy of man. While in the reception room of His Majesty, the pleasant little imp who acts as usher an nounced Thaddeus Stevens! Satan actually trembled in his sulphuric boots, and quickly uprising, asked: "What, that noisy fellow from Pennsylvania?" "Yea," responded the usher. "Send him back! send him the, usher. "Send him back! send him back!" cried Satan, "there is no place for him." "But," responded the little devil, who seemed to enjoy an event which promised to knock the sand from under his Imperial Chief, 'you must receive him, he can't go any where el e." Satan walked the floor with strides for a few minutes, when suddenly he stopped and said: "I have it! he may have a few bushels of brimstone and a box of matches, and go off and start a little hell of his awn."—Natchez Courier.

** 17 "STERRETT'3- OLD STAND,

Notice to the Public.

In the year 1846, the writer embarked in the Drug Business in the city of Philadelphia, and while thus en-gaged, made several experiments in regard to the most desirable mode of preparing Fluid Extracts. My efforts being successful—the articles being approved and used being successful. The all years desirous of placing them before the public, but besitated for some time before concluding to resort to newspaper advertising, knowing of the prejudices that existed in the minds of many against using advertised Medicines or Nontrons, but through the advice of friends, and those who had med

them, this objection was overcome.

After 18 years' exertions, commoncing in a small way, the popularity of my articles has extended to all parts of the United States, and widely throughout Foreign countries—and this in the face of much opposition. Every means has been resorted to by unprincipled dealers since their merit and success have been knownsuch as advertising larger bottles at less price, censuring all other preparations, and even copying my advertisements—but I am happy to state that out of the many who have resorted to this, none have been sucecksful.

MY OBJECT

in this notice is to make facts known to the public and respectable dealers, believing, after so many years' exceptions, that the Druggists will discountenance sud proceedings, and that the reputation of my articles may not be damaged by the use of inferior or spurious ones Knowing that many may read this article who are unacquainted with me, I append a few remarks from those of my native city, and whose names are known in

all parts of the world : Being personally acquainted with Mr. H. T. Melmbold, it affords me pleasure in stating I have been most favorably impressed with his energy and integrity, and

gratified at his success."

The writer reductantly inserts the above, and would not do so were he not a stranger to many; and concludes by stating the names of his articles, and the discases for which they have been used by many thousands with complete success.
