TIPE AND ACCIDENT. THE GRIGISAL TRAVELERS' INSURANCE CO. OF HARTFORD, CONN.

Capital, THRUBES AGAINST ALL KINDS OF ACCIDENTS.

The Travellers' Insurance Company, of Hartford, Conn., was the first to successfully introduce in this country the practice of insurance against accidents, of whatever kind, whether there occur in traveling, or in hunting, fishing, stilling, riding, shatlog, in the street, store, office, or white working in shops, mills, factories,

A general acadent policy covers every possible form of exaulty, including the risk in traveling; also, all forms of distocutions, broken beaus, ruphured tendons, sprains, commentees, crushings, buisse, cut, ethes, gunshot wounds, poiscosed wounds, burns and scalds, bits of dogs, unprevoked assaults by burgiars, robbers or murders, the action of lightning or un stroke, the effects of explosions, chemicals, doods, and earthquakes, and sufficiells by drowning or choking.

This Company has now been in aucosaful operation since April 1st, 1864, and up to Jan. 1st, 1864, had instead upwards of thirty-five thousand policies, and policever nine hundred lowes—including the large news of \$85,500 to twenty-one policy holders within the year, for \$30,440 required in premiums.

Cash Assas, Fds. 1, 1866. 3600,849 72

ONE-MONTH GENERAL ACCIDENT POLICIES.

This company now issues a very convenient form of con-month general accident policies, at the rate of \$1 per thousand—with \$5 per week companisation for each thousand insured. These are much better than tichst policies, for travalent and where destring shart richt, as they can be taken in any amount, from \$500 to \$10,000; they cover all accidents, and such policy is registered, so that the insurance is good, in case the policy is lost, or destroys?.

For mechanics and other, who cannot easily spars the amount of an annual premium; but would like to insure by the mosth, those about time policies am just the thing.
