The Constitution, once affected by organic weakness, requires the aid of medicine to strengthen and invigorate the system, which HELMEOLD'S EXTRACT OF BUCKU

invariably does. A trial will convince the most sceptical

No Family should be without it.

AND BRAUTIFYING THE COMPLEXION. NOT A FEW

of the worst disorders that afficient antise from the corruption that accumulates in High-lood. Of all the discoveries that have been made to purguit out, none can equal in effect HELEMOLD'S COMPOUND EXTRACT OF SAME sapanitha. It cleanses and renovates the Flood, instills the vigor of health into the system, and purges out the anmore which make disease. It stignistes the healthy functions of the body, and expelsite disorders that grow and rabble in the blood. Each a namely that could be relied on has long been sought for, and now, for the first time the public have one on which they can depend. Our space here does not admit of certificates to show its effects. out the trial of a single bottle will show to the eick that it has its virtues surpassing anything they have ever taken.
Two tablespoonsful of the Extract of barsaparilla added to a pint of water is equal to the Lisbon Diet Drink, and one bottle is fully count to a gallon of the Syrup of Earsaparilla, or the decoction as usually made.

HELMBOLD'S ROSE WASH. An excellent Lotion for diseases arising from babits of dissipation, used in connection with the Extracts Duchu distribution, used in connection with the ixtracts lucau and Saraparilla, in such diseases as recommended. Evidence of the most responsible and reliable character will accompany the medicines. Also explicit directions for use, such hundreds of thousands living witnesses, and upwards of 80,000 unsolicited certificates and recommendawards of SUM unsolicated certificates and recommenda-tory letters, many of which are from the highest sources, including eminent Physicians, Clergymen, Statesmen, &c. The Proprietor has nover resorted to their publication in the newspapers; he does not do this from the fact that his articles runk as Standard Proporations, and do not need to be propped up by certificates.

The Sefence of Medicine, like the Doric Column, shou stand simple, pure, majestic, having Fact for its basis, Induction for its pillar, and Truth alone for its Capital.

My Extract Saranparilla is a Blood Purifier; my Extract Buchu is a Diuretic, and will selves such in all cases. Both are prepared on purely scientific principles—in vacuo—and are the most active measures of either that can be made. A ready and conclusive test will be a comparison of their properties with those set forth in the fol-lowing works:

Having seen your preparations extensively advertised, I consulted with my family physician in regard to using your Extract Buchu.

I did this because I had used all kinds of advertised remedies and had found them worthless, and some quite injurious; in fact, I despaired of eyer getting well, and determined to use no remedies hereafter unless I knew of the ingredients. It was this that prompted me to use your remedy. As you advertised that it was composed of buchu, cubchs, and juriper berries, it occurred to me and my physician as an excellant combination, and, with his advice, after an examination of the article, and consulting again with the druggist, I concluded by try it. I commenced its use about eight mogitis ago, at which time I was confined to my room. From the first bottle I was solonished and gratified at the benedicis effect, and after using it three weeks was able to walk out.
