We recommend Lawson's Furnace as being altogethe superior to any other article of the kind. It is easie managed, more powerful and less liable to get out or order than any other hot air furnace made. as it does in large quantities, supplies the required pure and not over heated, but coming into the rooms as it does in large quantities, supplies the required amount of heat, thus obvisiting that dramess which is usually experienced from furnace heat. The simplicity of its construction and the easy mode, of governing the consumption of coal, make it the most complete and economical heating apparatus I have ever seen. I thall take pleasure in recommending it to my friends.

Has been tested for the last 20 years, and given complete satisfaction. It cures the following complaints:

Fain in the small of the back and hips, with a pulling weight and bearing down when long on the feet; pain in the side, low down, with palpitation of the heart; cold feet and dinniers of the head; pain between the shoulders; weak stomach; nervous effections, etc.

Recommendations to the menth of this medicine could be given by the hundred, had we the time and room. The best plan is to truy a bottle, and test it for yourselves.

This compound will be found a great promoter of health, when taken in the spring, to expel the foul humors which fester in the blood at that season of the year. Cleanse out the vitiated blood whenever you find its impurities bursting through the skin in pimples, eruptions, or sores; cleanse it when you find it is obstructed and sluggish in the veins; cleanse it whenever it is foul, and your feelings will tell you when. Even where no particular disorder is falt, people enjoy better health, and live longer, for cleansing the blood. But the world has been egregiously deceived by preparations of it, partly because the drug alone has not all the virtue that is claimed for it, but more because many preparations, pretending to be concentrated extracts of it, contain but little of the virtue of Sarsaparilla.

contain but little of the virtue of sarsaparilla, or any thing else.

During late years the public have been misled by large Bottles, pretending to give a quart of Extract of Sarsaparilla for one dollar. Most of these have been frauds upon the sick, for they not only contain little, if any, Sarsaparilla, but often no curative properties whatever. Hence, bitter and painful disappointment has followed the use of the various extracts of Sarsaparilla which flood the market, until the Sarsansvilla which flood the market, until the carsparing which nood the market, that the name itself is justly despised, and has become synonymous with imposition and cheat. Still we call this compound Sarsaparilla, and intend to supply such a remedy as shall rescue the name from the load of obloquy which rests upon it. And we think we have ground for believing it has virtues which are irresistible by the ordinary run of the diseases it is intend-ed to cure.
