Of all the discorruptics that have been made to purge it out, none can equal in effect Helmhold's Compound Extract of Sam-

SAPARILLA. It cleanses and renovates the Blood, instills the vigor of health into the system, and purges out the Aumors which make disease. It stimulates the healthy functions of the body, and expels the disorders that grow and rankle in the blood. Such a remedy that could be relied on has long been sought for, and now, for the frat time the public have one on which they can depend. Our space here does not admit of certificates to show its exects, but the trial of a single bottle will show to the sick that it bas'lts virtues surpassing anything they have ever taken.
Two tablespeonsful of the Extract of Sarsaparilla added to a pint of water is equal to the Lisbon Diet Drink, and one bottle is fully equal to a gallon of the Syrup of Sarsa-parilla, or the decoction as usually made.

TAWSON'S HOT ALE FURNACE,

W. W. PIERCE & CO., ERIE, PA. COBNER STATE AND BINTH STA. SOLE AGENTS!

We recommend Lawson's Furnace as being altogether superior to any other article of the kind. It is easier managed, more powerful and less liable to get out of order then any other hot are furnace made. And as it will produce more heat with the same amount of fuel, it is also the most economical. All of these points we are ready to establish by astreactory proof. HOME TESTINONY.

Mesva. W. W. Pierce & Co.

Sirs—Having used cuiting last winter, the 16 J A.
Lawson Furnace which you put into my bouse last and tumn, I am fally prepared to offer my tastimony respecting its efficiency, and will add that I take pleasure in recommending the same to any one desiring a good heating apparatus. The sit that we receive from it is pure and not over heated, but coming into the rooms as it does in large quantitie, supplies the required amount of heat time obvisting that drawers which is usually experienced from furnace heat. The simplicity of its cone ruction and the easy mode of greening the consamption of coal, muke it the most complete and economical heating apparatus I have ever seen. I shall take pleasure in recommending it to my iriends.

M. R. LOWRY.

ERIE, PA., February 13, 1855.

Mezirs. W W. Pierce & Co.:

The J. A. La son Improved Hot Air Furnace, which you put in my house in Eris last fall, has been in use now nearly four months and gives entire satisfaction. By a proper adjustment of the draft damper, and occasionally cleaning the dre pot from sing and cinders, we can have a greater or less degree of heat and a greater or less' convemption of coal, exactly suited to the changes of the weather. The air warmed by this Furnace is all that I can desire, being freefrom all noxious cases or smoke. I shall take pleasure in recommending it to my friends.

Respectfully yours,

WILBON KING.

Eniz, Pa., March 30, 1856.

Gentlemen—The Lawson Funnace that you put in the basement of the First Baptlet Church in this city, has been in use simost every day and evening during the pretracted meeting of fourteen weeks, and has given entire estisfaction and we would cheerfully recommend it to any one desiring a good heating Furnace.

We regard the Lawsen Furnace as not only the best
in use, but approaching very nearly to perfection as a
heating apparatus. None need delay securing a hot
air Furnace in the expectation that any decided improvements are yet to be made in this time of article.
An examination of the Lawson Furnace is all we sak to
decide this question.

An examination of the Lawson Farnace is all we ask to decide this question.

It is desired to heat every kind of building and is made of different sizes, of capacity far a medium sized dwelling or the largest church or other public building. Seven different sizes are now made.

The Lawson Farnace gives universal satisfaction and its rapidly superceding all of: er variables. Besides the remarkable ease with which it can be managed one of its chief points of supernovity is in the purity of the air proceeding from the Farnace. It is so constructed that no soot, ashs or cinders can possibly escape into the air passages, and all unpleasant odors are also preve tell, it can be used equally well with hard or soft coal, and managed as early as any ordinary stove.

We invite comparison with all other Farnaces.

Put up and set in good working order in all cases. We which we invite attention. We guarantee the Law 2 Hot Air Furnace als that it is claimed to be. W. W. PIERCE & CO.,

FEMALE RESTORATIVE Has be in trated for the last 10 years, and given complete satisfaction. It cures the following complaints:
Fain in the small of the back and hips, with a pulling weight and bearing down when long on the feet; pain in the side, low down with palpitation of the heart; cold feet and diz.iness of the head; pain between the shoulcers; weak atomach; nervous affections, sto.
Recommendations to the metits of this medicine could be given by the hundred, had we the time and room. The best plan is to buy a bottle, and test it for yourselves.

Price \$1.00 per bottle. Sold by Dr. Bennett, at his office in Wesleyville, and at F. A. Becker's store, Elia, as 30-11 gave up, but made a good fight and finally reached the coal.

"Of this drams there will be no other here than the Army of the Potomae-itself; for it would seem that in this way of the Potomae-itself; for it would seem that in this way of the people it was decreed here should arise no imperial presence to become the central figure and encourse of means ever. Mapsicum, in an outburst of hunghty eloquence, exclaims that in the great armies of history the Uommander was everything. This proud spothests has no application to the army of the Petomae. And one must think—resing it means that a prest, and generally had medicore commanders—it was that it might be said that whe rever it won it owed not to genium but lought with its blood."

This is the oly Bistory of the Grand Army, and no one whe has borne a part is its conflicts, or is interested in its grand achievements, should be without it.

And other first class must go wrong, and the great machinery of life is disordered or overthrown.

Sarsparilla has, and deserves much, the reputation of accomplishing these ends. But the world has been egregiously deceived by preparations of it, partly because the drug alone has not all the virtue that is claimed for the control was a superference of the control was a superf for it, but more because many preparations, pretending to be concentrated extracts of it, contain but little of the virtue of Sarsaparilla or any thing else.

During late years the public have been mis-led by large bottles, pretending to give a quart of Extract of Sarsaparilla for one dollar. Most

of these have been frauds upon the sick, for they not only contain little, if any, Sarsapa-rills, but often no curative properties whatev-er. Hence, bitter and painful disappointment has followed the use of the various extracts of Sarsaparilla which flood the market, until the name itself is justly despised, and has become synonymous with imposition and cheat. Still we call this compound Sarsaparilla, and intend to supply such a remedy as shall rescue the name from the load of obloquy which rests upon it. And we think we have ground for beligning it has givener which are ground for believing it has virtues which are irresistible by the ordinary run of the discuses it is intend-ed to cure. In order to secure their complete erndication from the system, the remedy should
