They have not proclaimed it in an unguarded moment, but have reitersted it again and/again, showing conclusixely that it is their determination to plunge the country into another war. We fervently trust that the necessity for an impeachment of the President may be avoided, for, no matter how just and necessary, it will almost certainly plunge the country afresh into convulsions and civil war, just when its need of peace and thrift is of the most urgent importance. If the Republican party shall ever be drawn to such impeachment, it will follow therein the counsel of no enemy so persistent as WENDELL PHILLIPS - New York Tribune.

The Tribuns talks as if WENDELL PHIL-LIPS was the only Republican leader who advises impeachment. Such is far from the fact. He has already brought Bing-HAN of Ohio, BOUTWELL of Massachusette, KELLEY of Philadelphia. WILLIAMS of Pitter burgh, Bry, Burger of Fort Fisher, and other 'earnest" men of that party; to the support of his doctrine. He has never vet failed to ultimately bring the Republicans up to his stand point. In the matter of impeachment, he may not have sufficient time to ecomplish his purpose, but that, and only that, will prevent his success. Deny political, partisan and sectional tempests, it as much as they may. PHILLIPS furnishes brains to the Republican party, and is its fugleman. It has been with him, as it is with Stevens Although the Republicans claim that STEVENS carried none of his measures, yet he did accomplish the one grand purpose for which all will suffer, pine and perish for want of his measures were proposed, viz: the exfair, just and constitutional protection clusion of the Southern States from Conernment.
