A FALSE STORY .- The sensation story on our first page, we have learned since, is a hour, got up undoubtedly by some hungry local editor more smart than honest. Moser Ondens .- It may not be generally known to the public that the Post Office department has devised a system for sending money, which is much cheaper and fully as safe as by draft or express. Its advantages are well set forth in an incident related by an exchange of a clerk in a New York business house who "was sent recently to inquire the price of a draft of \$4,800 on California. He ascertained that it would be three percent., or \$244 His principal directed him to go to a well-known banker, to see if better rates Wellsburg, at suit of Wm. Sherman. could not be obtained. The clerk, mistaking the name given him, called on Postmaster Kelley, and was informed that his money could be sent by post-office orders for \$24. This was an unexpected condition of affairs; money orders had not been thought of: but after due consideration the sum it was proposed to send to California was forwarded by means of these orders. The rate was just one-half of one

GOOD ADVICE .- Never says an exchange. use a lady's name in an improper place, at an improper time, or in mixed company. Never make assertions about her that you think are untrue, or allusions that you feel she herself would blush to hear. Many a worthy woman's character has been forever rained and her heart broken by a lie, manufactured by a villain, and repeated where it should not have been, and in the presence of those whose little judgment could not deter them from circulating the foul and fiendish report. Respect the name of a woman, for your mother and sisters are women; and as you would have their fair name untarnished, and their lives unimbittered by slanderous biting tongues, heed the ill your own words may bring upon the mother, the sister, or the wife of some fellow creature.

A CONTRITE SPIRIT .- The editor of the George and Barbara Frey, at suit of Catharine | Crawford Journal (Rep.) is a generous hearted man. He boilted the Congressional nomination of D. A. Finney, and fought the battle through to the end. He was beaten and Finney was

It is all over now, however, and as an evidence of our good feeling, we take this opportunity of saying; boldly and openly, that if, during the progress of the campaign, we have said or done anything for which we are sorry, we are ready and willing to be forgiven."

A Cuntous Case .- On Saturday afternoon. while a little daughter of Michael-Knoll was playing with some other children, she accidently swallowed a brass shawl pin which she had in her mouth. The pin remained in her stomach until Wednesday noon, when she was taken with a coughing spell, during which it was ejected from her mouth. The pin is MOST EASY TO RUN about an inch and a-half in length. During the time it remained in the girl's etomach, it caused her a slight pain in the region where it lay, and compelled her to cough more than usual.

Fram Rev. W. D. Seigried, Pastor of Twelfth Baptist Church, Philis.

Gentlemen—I have recently been laboring under the distressing effects of indigeation, accompanied by a prostration of the nerrous system. Numerous remedies were recommended by friends, and some of them tested, but without railed. Your Hoodland's German Bitters were recommended by persons who had fried them, and whose its ornable mention of these Bitters induced me to try them. I must confess that I had an aversion to Fatent Medicines from the "thousand and one" quack "Bitters" whose only aim seems to be to pain off sweetened and drugged liquor upon the commonity in a siy way, and the tradency of which, I loan, is to make many a confirmed drankard. Upon learning that cours was reslig a medicinal preparation I took it with happy effect. Its action, not only upon the stomach, but upon the serrous system, was prompt and graitfying.
