pure and not over heated, but coming into the rooms
as it does in large quantitier, uspiles the required
amount of heat, thus obvisting that drapes which is
usually experienced from furnace heat. The simplicity
of its construction and the easy mode of governing the
consumption of [cost, make it the most complete and
economical heating apparatus I have ever seen. I shall

compound remedy, designed to be the most effectual Alterative that can be made. It is a concentrated extract of Para Sarsaparilla, a concentrated extract of Para Sarsaparilla, so combined with other substances of still exeater alterative power as to afford an effective antidote for the diseases Sarsaparilla is reputed to cure. It is believed that such a genedy is wanted by those who suffer from Strumous complaints, and that one which will accomplish their cure must prove of immense service to this large class of our afflicted fellowitizens. How completely this compound will do it has been proven by experiment on many of the worst cases to be found of the following complaints:

Schofula and Schofulous Complaints, Licens, Macuritons and Emurrive Diseases, Ulcens,

EMPTIONS AND EMPTIVE DISEASES, VICERS PIMPLES, BLOTCHES, TUMORS, SALT RHEUM SCALD HEAD, SYPHILIS AND SYPHILITIC APPLICATIONS, MERCURIAL DISEASE, DROPSY, NEURALGIA OR TIC DOULOUREUX, DEBILITY, DYS PEPSIA AND INDICESTION, ENTRIPPLAS, ROSE on St. Anthony's Fine, and indeed the whole class of complaints arising from Impurity or

class of complaints arising from the blood.

This Blood.

This compound will be found a great promoter of health, when taken in the spring, to expel the foul humors which fester in the blood at that season of the year. By the timely expulsion of them many rankling disorders are nipped in the bud. Multitudes can, by the aid of this remedy, spare themselves, from the endurance of foul eruptions and ulcerous sores, through which the system will strive to sores, through which the system will strive to rid itself of corruptions, if not assisted to do this through the natural channels of the body by an alterative medicine. Cleanse out the ated blood whenever you find its impurities bursting through the skin in pumples, cruptions, or sores; cleanso it when you find it is ob-structed and sluggish in the veins; cleanse i structed and suggest in the vens; cleanes it whenever it is foul, and your feelings will tell you when. Even whereno particular disorder is felt, people enjoy better health, and live longer, for cleansing the blood. Keep the blood healthy, and/all is well; but with this pabulum of life disordered, there can be no lasting health. Sooner or later something must go wrong, and the great mechanicary of must go wrong, and the great machinery of life is disordered or overthrown. life is disordered or overthrown.

Barsaparilla has, and deserves much, the reputation of accomplishing these ends. But the world has been egregiously deceived by preparations of it, partly because the drug alone has not all the virtue that is claimed for it, but more because many preparations, pretending to be concentrated extracts of it, contain but little of the virtue of Sarsaparilla, or any thing else.

contain but little of the virtue of Sarsaparilla, or any thing else.

During late years the public have been misled by large bettles, pretending to give a quart of Extract of Sarsaparilla for one dollar. Most of these have been frauds upon the sick, for they not only contain little, if any, Sarsaparilla, but often no curative properties whatever. Hence, bitter and painful disappointment has followed the use of the various extracts of Sarsaparilla which flood the market, until the name itself is justly despised, and has become synonymous with imposition and cheat. Still we call this compound Sarsaparilla, and intend to supply such a remedy as shall rescue the name from the load of obloquy which rests upon it. And we think we have ground for believing it has virtues which are irresistible by the ordinary run of the diseases it is intended to cure. In order to secure their complete eradication from the system, the remedy should be judiciously taken according to directions on the bottle.

The bottle.
