of the worst disorders that afflict mankind arise from the tion that accumulates In the Llood. Of all the discorreles that have been made to purge it out, none can equal in effect HELIMOLD'S COMPOUND EXTRACT OF SAT-BAPARILLA. It cleanses and renovates the Dlood, include the vigor of health into the system, and purges out the humors which make disease. It stimulates the healthy functions of the body, and expels the disorder, that grow and rankle in the blood. Such a remedy that could be relied on has long been sought for, and now, for the first time the public have one on which they can depend. Our space here does not admit of certificates to show its effect, but the trial of a single bottle will show to the sick that it has its virtues surpassing anything they have ever taken Two tablespoonsful of the Extract of Sarasparilla added to a pint of water is equal to the Lisbon Diet Drink, and one bottle is fully equal to a gallon of the Syrup of Saras parilla, or the decociton as usually made.

HELMBOLD'S ROSE WASH, An excellent Lotion for diseases arising from habits of dissipation, used in connection with the Extracts Fuchu and Sarsaparilla, is such diseases as recommended. Evidence of the most responsible end reliable chreater will accompany the medicines. Also explicit directions for use, with hundreds of thomands living witnesses, and upwards of 30,000 unsolicited certificates and recommendatory letters, many of which are from the highest sources, including eminent Physicians. Company 5 and 10 iding eminent Physicians, Clergymen, Etatesmen, &c. The Proprietor has never resorted to their publication And reported on an accorresponds to their publication in the newspapers; he does not do this from the fact that his articles rank as Standard Preparations, and do not need to be propped up by certificates. The Science of Medicine, like the Dorle Column, should, stand simple, pure, majestic, having Fact for its basis, on for its pillar, and Truth along for its Capital

My Extract Sarsaparilla is a Blood Purifier; my Extract Bachu is a Disrotic and will act a such in all cases. Both are prepared on purely scientific principles—in recue—and are the most active measures of either that can be made. A ready and conclusive test will be a com-parison of their properties with those set forth in the fol-

SYMPTOMS.

The symptoms of Catarrh are at first very slight. Per-woos flud they have a cold that they have frequent at-tacks, and are more sensitive to the changes of temper-ature. In this condition the nose may be dry, or a slight discharge, thin and acrid, afterwards thick and adhesive, may ensue.

As this divisus becomes chronic, the discharges are increased in quantity and changed in quality; they are now thick and heavy, and are hawked or coughed off. The secretions are offective, causing a bad breath; the vice thick and manal; the eyes are weak; the sense of smell is lessened or destroyed; deafness frequently takes

Another common and important symptom of Catarrh is that the person is obliged to clear his throat in the modning of a silet or a filmy mucous, which has falled from the head during the sight. When this takes place the person may be sure that his disease is on its way to the lungs, and should loose no time in arresting it.

The above are but few of the many Catarrhal symptoms. Write to our Laboratory for our pamphlet describing fully all symptoms; it will be sent free to any address. Also directions where to procure the medicine.

We are receiving letters from all parts of the Unior and also numerous testimonials from those using i bearing the evidence of its infallible merits.

This remedy contains no mineral or poisonous gredients, but is prepared from vegetable extracts ex-usively; therefore it is perfectly harmless even to the out tender and delicate child.

HOME TESTIMONY.

REER, PA., June 25th, 1868.

Messis. W. W. Pierce & Co.

Sirs—Having used during last winter, the 16 J. A.

Lawson Furnace which you put into my house last autumn, I am fally prepared to offer my testimony respecting its efficiency, and will add that I take pleasure
in recommendig the rame to any one dealth ga good
heating apparatus. The sir that we receive from it is
pure and not over heated, but coming into the rooms
as it does in large quantitie, supplies the required
amount of heat, thus obtaining that dravers which is
unually experienced from furnace heat. The simplicity
of its construction and the easy mode of governing the
conomical heating apparatus I have been seen. It hall
take pleasure in recommending it to my friends.

M. E. LOWRY.

East, Pa, February 13, 1866.

Mestrs. W. W. Pierce & Co.:

The J. A. Larson Improved Hot Air Furnace, which you put in my house in Eris last fall, has been in use now nearly four months and gives entire satisaction. By a proper adjustment of the draft damper, and occasionally cleaning the fire pot from slag and cinders, we can have a greater or less degree of heat and a greater or less con-umption of coal, exactly suited to the changes of the weather. The air warmed by this Furnace is all that I can desire, being free from all noznot gases or smoke. I shall take pleasure in recommending it to my friends.

Respectfully yours;

WILSON KING.

ERIF, Pa., March 30, 1866.
Gentleme—The Lawson Funnes that you put in the basement of the First Esplict Church in this city, he been in use simost every day and evening during the protracted meeting of fourteen weeks, and has given entire satisfaction, and we would cheerfully recommend it to any one desiring a good heating Furnace.
W.J. F. LIDBELL, for Board of Trustees

Also, of a long list of well known citizens who ar using Lawson's Furnace, we refer to the following good themen: Meers. Childs, Boyd and Chapin, Commis-sioners of Eric county; Robert Gray, Erq., Ninth St Captain J S Richarda; Tunstees of lat Santiat Church and the Commissioners of Rouse Estate, Warren coun-

We regard the Lawson Furnace as not only the best in use, but approaching very nearly to perfection as a heating appreatue. None need delay securing a hot air, Fornace in the expectation that any decided inprovements are vet to be made in this line of article. An examination of the Lawson Furnace is all we ask to decide this question.

It is designed to heat every kind of building had a made of different sizes are now made.

The Lawson Furnace gives universal satisfaction and is rapidly superceding all off or varieties. Besides the remarkable ease with which it can be managed one of its chief points of superiority is in the purity of the air proceeding from the Furnace. It is so constructed that no soot, ashs or cinders can possibly escape into the air passages, and all unpleasant odors are also prevet td. It can be made equally well with hard or soft coal, and managed as easily as any ordinary stove.

We invite comparison with all other Furnaces.

Put up and set in good working order in all cases. We have the sole agency for this set tion of the country All inquires and orders addressed to us will receive prompt treation. One of the Furnaces is in operation at our gestaltishment, corner of State and Ninth atreets, to which we invite attention. We quarantee the lawson Hot Air Furnace all that it is claimed the. W. W. A compound remedy, designed to be the most effectual Alterative that can be made. It is a concentrated extract of Para Sarsaparilla, so combined with other substances of still greater alterative power as to afford an effective antidote for the diseases Sarsaparilla is reputed to cure. It is believed that such a remedy is wanted by those who suffer from Strumous complaints, and that one which will accomplish their cure must prove of immense service to this large class of our afflicted fellow-citizens. How completely this compound will do it has been proven by experiment on many of the worst cases to be found of the following complaints:—

Schoyula and Schoyulous Complaints, Emurtions and Emurtive Diseases, Ulcers,

ERUPTIONS AND ERUPTIVE DISEASES, ULCERS, PIMPLES, BLOTCHES, TUNORS, SALT RHEUM, SCALD HEAD, SYPHILIS AND SYPHILITIC AP-FECTIONS, MERCURIAL DISEASE, DROPST, NEU-RAIGIA OR TIC DOULOUREUX, DEBILITY, DYS-PEPSIA AND INDIGESTION, EDYSIPELAS, ROSE on St. Anthony's Fine, and indeed the whole class of complaints arising from Inputaty of

class of complaints arising from IMPURITY OF THE BLOOD.

This compound will be found a great pro-moter of health, when taken in the spring, to expel the foul humors which fester in the blood at that season of the year. By the time-ly expulsion of them many rankling disorders are nipped in the bud. Multitudes can, by the aid of this remedy, spare themselves from the endurance of foul eruptions and ulcerous sores, through which the system will strive to: sores, through which the system will strive to rid itself of corruptions, if not assisted to do this through the natural channels of the body by an alterative medicine. Cleanse out the vitiated blood whenever you find its impurities vitiated blood whenever you find its impurities bursting through the skin in pimples, eruptions, or sores; cleanse it when you find it is obstructed and sluggish in the veins; cleanse it whenever it is foul, and your feelings will tell you when. Even where no particular disorder is felt, people enjoy better health, and live longer, for cleansing the blood. Keep the blood healthy, and all is well; but with this pabulum of life disordered, there can be no lasting health. Sooner or later something must go wrong, and the great machinery of life is disordered or overthrown.

Sarsaparilla has, and deserves much, the reputation of accomplishing these ends. But the world has been egregiously deceived by preparations of it, partly because the drug alone has not all the virtue that is claimed for it, but more because many preparations,

for it, but more because many preparations, pretending to be concentrated extracts of it, contain but little of the virtue of Sarsaparilla. contain but little of the virtue of Sarsaparilla, or any thing clse.

During late years the public have been misled by large bottles, pretending to give a quart of Extract of Sarsaparilla for one dollar. Most of these have been frauds upon the sick, for they not only contain little, if any, Sarsaparilla, but often no curative properties whatever. Hence, bitter and painful disappointment has followed the use of the various extracts of Sarsaparilla which flood the market, until the

has followed the use of the various extracts of Sarsaparilla which flood the market, until the name itself is justly despised, and has become synonymous with imposition and cheat. Still we call this compound Sarsaparilla, and intend to supply such a remedy as shall rescue the name from the load of obloquy which rests upon it. And we think we have ground for believing it has virtues which are irresistible by the ordinary run of the diseases it is intendent. by the ordinary run of the diseases it is intendd to cure. In order to secure their complete eradication from the system, the remedy should be judiciously taken according to directions on the bottle.

Aver's Cherry Pectoral has won for itself such a renown for the cure of every variety of Throat and Lung Complaint, that it is entirely unnecessary for us to recount the evidence of its virtues, wherever it has been employed. As it has long been in constant use throughout this section, we need not do more than assure the people its quality is kept up to the best it ever has been, and that it may be relied on to do for their relief all it has ever been found to do.
