Many are sware of the enus of their suffering, but none will confess. The records of the insane asylums and the melancholy deaths by consumption bear ample witness to the switches. The Constitution, once affected by organic weakness, requires the aid of medicine to strengthen and invigorate the system, which HULIMPOLD'S EXTRACT OF BUCHU invariably does. FLUID EXTRACT SARSAPARILLA For purifying the Blood, removing all-chronia constitu-tional diseases arising from an impure state of the Blood, and the only reliable and effectual known remedy for the Bwellings of the Bones, Ulcerations of the Throat and these, Riotches, Pimples on the Face, Tetter, Erysipolas, and all scaly Eruptions of the Skin. AND BRAUTIFYING THE COMPLEXION

NOT A FEW of the worst disorders that afflict mankind arise from the corruption that accumulates in the Blood. Of all the discoveries that have been made to purge it out, none can equal in affect HELMBOLD'S COMPOUND EXTRACT OF SAR-BAYARILLA. It cleaness and renovates the Elood, instills the vigor of health into the system, and purges out the dumors which make disease. It stimulates the healthy functions of the body, and expels the disprders that grow and rankle in the blood. Such a remedy that could be relied on has long been sought for, and now, for the first time the public have one on which they can depend. Our space here does not satisfy of certificates to show its enects, but the trial of a single bottle will show to the sick that it has its virtues surpassing anything they have ever taken.

Two tablespoonsful of the Extract of Sarsaparilla added to a plat of water is equal to the Lisbon Diet Drink, and one bottle is fully equal to a gallon of the Syrup of Sarsa-pavilla, or the decoction as usually made.

HRLMBOLD'S ROSE WASH,

An excellent Lotion for diseases arising from habits of listipation, used in connection with the Extracts Euch dimpaton, used in connection with the Extracts Lucius and Sarsaparilla, is such diseases as recommended. Evidence of the most responsible and reliable character will accompany the medicines. Also explicit directions for use, cuth Audquete of thousands living witnesses, and upwards of 50,000 unsolicited certificates and recommendatory letters, many of which are from the highest sources, including explant Extraction Commendatory International Commenda including emineut Physicians, Clergymen, Statesmen, &c.
The Proprietor has never respried to their publication in
the newspapers; be does notife this from the fact that his
articles rank as Standard Preparations, and do not need to be propped up by certificates.

The Science of Medicine, like the Doric Column, should stand simple, pare, majestic, having Fact for its basis Induction for its pillar, and Truth alone for its Capital.

My Extract Sarsaparilla is a Blood Purifier; my Extract mehu is a Diurotic, and will act as such in all cases. Both are prepared on purely selectific principles—in corne and are the most active measures of either that can be made. A ready and conclusive test will be a con

A compound remedy, designed to be the most effectual Alterative that can be made. It is a concentrated extract of Para Sarsaparilla, so combined with other substances of still so combined with other substances of still greater alterative power as to afford an effective antidote for the diseases Sarsaparilla is reputed to cure. It is believed that such a remedy is wanted by those who suffer from Strumous complaints, and that one which will accomplish their cure must prove of immense on the stable leaved as a four afflicted fellows. service to this large class of our afflicted fellow-citizens. How completely this compound will do it has been proven by experiment on many

of the worst cases to be found of the following complaints:—
SCHOTULA AND SCHOTULOUS COMPLAINTS, ERUTTIONS AND ERUTTIVE DISLASSES, ULCIRS, PIMPLES, BLOTCHES, TUMONS, SALT RHEUM, SCALL HEAD, SYPHILIS AND SYPHILITIC AP-PECTIONS, MERCURIAL DISEASE, DROPSY, NEU-RALGIA OR TIC DOULOUREUX, DEBLITY, DYS-PEPSIA AND INDIGESTION, ENTSIPELAS, ROSE OR ST. ANTHONY'S PIRE, and indeed the whole class of complaints arising from Eurunity of

THE BLOOD.

This compound will be found a great promoter of health, when taken in the spring, to expel the foul humors which fester in the blood at that season of the year. By the time-ly expulsion of them many rankling disorders are nipped in the bud. Multitudes can, by the nid of this remedy, spare themselves from the endurance of foul cruptions and ulcerous sores, through which the system will strive to rid itself of corruptions, if not assisted to do this through the natural channels of the body by an alterative medicine. Cleanse out the vitiated blood whenever you find its impurities bursting through the skin in pimples, cruptions, or sores; cleanse it when you find it is ob-structed and sluggish in the veins; cleanse it whenever it is foul, and your feelings will tell you when. Even where no particular disorder is felt, people enjoy better health, and live longer, for cleansing the blood. Keep the blood healthy, and all is well; but with this pabulum of life disordered, there can be no lasting health. Someon or later something lasting health. Sooner or later something must go wrong, and the great machinery of life is disordered or overthrown. Sarsaparilla has, and deserves much, the reputation of accomplishing these ends. But the world has been egregiously deceived by

preparations of it, partly because the dru alone has not all the virtue that is claime for it, but more because many preparations, pretending to be concentrated extracts of it, contain but little of the virtue of Sarsaparilla, contain but little of the virtue of Sarsaparilla, or any thing else.

During late years the public have been misled by large bottles, pretending to give a quart of Extract of Sarsaparilla for one dollar. Most of these have been frauds upon the sick, for they not only contain little, if any Sarsaparilla, but often no curative properties whatever. Hence, bitter and painful disappointment has followed the use of the various extracts of Sarsaparilla which flood the market, until the has followed the use of the various extracts of Sarsaparilla which flood the market, until the name itself is justly despised, and has become synonymous with imposition and cheat. Still we call this compound Sarsaparilla, and intend to supply such a remedy as shall rescue the name from the load of obloquy which rests upon it. And we think we have ground for believing it has virtues which are irresistible by the ordinary ran of the diseases it is intended to cure. In order to secure their complete
