A compound remedy, designed to be the most effectual Alterative that can be made. It is a concentrated extract of Para Sarssparilla, so combined with other substances of still so combined with other substances of still greater alterative power as to afford an effective antidote for the diseases Sarsaparilla is reputed to cure. It is believed that such a remedy is wanted by those who suffer from Strumous complaints, and that one which will accomplish their cure must prove of immense service to this large class of our afflicted fellowcitizens. How completely this compound will do it has been proven by experiment on many of the worst cases to be found of the following

of the worst cases to be founded the towns of complaints:—

Senorula and Senorulous Complaints, Euuptions and Euuptive Diseases, Ulcuus, Pinplus, Bhotenes, Tunors, Salt Rheum, Scald Head, Syphilis and Syphibitic Affections, Mercurial Disease, Dropsy, Neu-RAIGIA OR TIC DOULOUREUX, DEBILITY, DYS-PEPSIA AND INDIGESTION, EUYSIPELAS, ROSE on St. Anthony's Fine, and indeed the whole class of complaints arising from Lupunity of the Blood.

This compound will be found a great promoter of health, when taken in the spring, to expel the foul humbrs which fester in the blood at that season of the year. By the timeblood at that season of the year. By the timely expulsion of them many rankling disorders
are nipped in the bud. Multitudes can, by
the aid of this remedy, spare themselves from
the endurance of foul eruptions and ulcerous
sores, through which the system will strive to
rid itself of corruptions, if not assisted to do
this through the natural channels of the body
by an alterative medicine. Cleanse out the
vitiated blood whenever you find its impurities
bursting through the skin in pimples, cruptions,
or sores; cleanse it when you find it is obstructed and sluggish in the veins; cleanse it
whenever it is foul, and your feelings will tell
you when. Even where no particular disorder you when. Even where no particular disorder is felt, people enjoy better health, and live longer, for cleansing the blood. Keep the blood healthy, and all is well; but with this pabulum of life disordered, there can be no lasting health. Sooner or later something

lasting health. Sooner or later something must go wrong, and the great machinery of life is disordered or overthrown.

Sarsaparilla has, and deserves much, the reputation of accomplishing these ends. But the world has been egregiously deceived by preparations of it, partly because the drug alone has not all the virtue that is claimed for it, but more because many preparations, pretending to be concentrated extracts of it, contain but little of the virtue of Sarsaparilla, or any thing else.

contain but little of the virtue of Sarsaparilla, or any thing else.

During late years the public have been misled by large bottles, pretending to give a quart of Extract of Sarsaparilla for one dollar. Most of these have been frauds upon the sick, for they not only contain little, if any, Sarsaparilla, but often no curative properties whatever. Hence, bitter and painful disappointment has followed the use of the various extracts of Sarsaparilla which flood the market, until the name itself is justly despised, and has become synonymous with imposition and cheat. Still we call this compound Sarsaparilla, and intend to supply such a remedy as shall rescue the name from the load of obloquy which rests upon it. And we think we have ground for believing it has virtues which are irresistible by the ordinary run of the diseases it is intended to cure. In order to secure their complete cradication from the system, the remedy should cradication from the system, the remedy should be judiciously taken according to directions on

Price, 91 per Bottle 1 Six Bottles for 95. Ayer's Cherry Pectoral has won for itself such a renown for the cure of every variety of Throat and Lung Complaint, that it is entirely unnecessary for us to recount the evidence of its virtues, wherever it has been employed. As it has long been in constant use throughout this section, we need not do more than assure the people its quality is kept up to the Uest it ever has been, and that it may be relied on to do for their relief all it has ever been found to do.
