THE N. Y. Tribute aptly remarks, that the present coodition of the currency is a grievous evil. Trade suffers; our manufacturing interests are in a precarious state. A dollar does not mean a dollar, but its fraction. It may be sixty cents, it may be ten. It is a sentiment, not a fact, may be ten. It is a sentiment, not a fact, it is a competition of the competition of the constitute him the competition. It may be sixty cents, it may be ten. It is a sentiment, not a fact, may be ten. It is a sentiment, not a fact, tin's competitors, like other loyal. Republications are in the competitions and the students of the institution lately looked up the records to see which of the great content of the competition. They were rather amused than astonished to find the competitions. When the laboror earns his dollar, he does | tin's competitors, like other loyal Rapubnot know whether be has one loaf of licans, been distinguished for devotion to bread or ten. All business is feverish and bellion, but the Governor's own pretenunsettled. We think this can only be sions as the exclusive champion of the remedied by a wise and intrapid course at | Union soldiers had a somewhat awkward Washington - by reducing the currency interpretation in his steady opposition to to the specie basis. Upon this we shall to the specie basis. Upon this we shall

is told that, not many days ago, a son of Genetal R. E. Lee was visiting Richmond, and while there; was invited to a dinner, union of old companions in arms -those camp fire-was not without its pleasures. even if tinged with the melancholy consciousness of having shown their valor for risught. The wine went round after dinknocked into his boiling brain, arose and proposed "The Fallen Flag." Col. Lee promptly placed his hand upon the glass and arose. "Gentlemen," said he, "this are, when a candidate for reelection, will not do. We are paroled prisoners. We now have but one flag, and that is the to private life." flag of our whole country—the glorious old Stars and Strips. I can recognize no other, fight for no other, and will drink to ficulties to contend with, than the mild no other."

Lately, for several days, in succession, the writer of this frequently saw a gentleman who had been a Major General in the Confederate army. We noticed that he was singularly, reticent whenever political questions were broached, though eminently companionable and delighting to converse on all other subjects. One day, there came a fit opportunity for him to be, there is no doubt whatever that at a define his own position "I surrendered period not long distant Curtin was a warm North has tried the effect of kindness on in good faith, expecting the Government adherent of what is known as the "Press! the South, but it has proved of no avail to keep its faith with me, and intending dent's policy;" and nothing but the deland only serves to make them arrogent. to keep its faith with me, and intending to do no less on my part. I do not deem termined e fforts of his friends to convince This reminds us of the old woman who it consistent with my position, or with my deas of honor or propriety, for me to ap. party by doing so, could have dissuaded on her husband, being told that it would pear at political meetings or to converse even in promiscuous crowds on political subjects. Whatever the Government, to which I surrendered, sees fit to grant me. is my right-only that, and nothing more It seems to me the height of impudence for paroled prisoners to be attempting to dic. ry popularity he has allowed himself to tate the policy of the country, or talking loud-mouthed about their rights. At least, I doubt the good taste of such displava," This is the spirit which actuates the men

who wielded an active part in the rebellion. How has it been met by those who sonal and party success, and who sheers control the affairs of the dominant party in the North ! ...

WHAT CONGRESS INTENDS TO DO. - When President Johnson inaumrated his policy, he ignored the Confederate State Governments which had been in exvisional-governors-and ordered them to hold elections and conventions for the chinery in order. The Radicals in their turn | plainly hints that something else than pawill undoubtedly ignore the President's triotism dictated his course. Listen to the work, and the State Governments organ. ized under his authority. They will order elections and conventions for the purpose of framing State constitutions and organizing State governments, just as though the States were without Governments. and were in the position of territories. The Act of Acts of Congress making pro. simple fact. Col. Forney has had his canvision for the re-organization of the Southern States, will undrubtedly declare that ern States, will und ubtedly declare that probably who ever entered the political in the preliminary elections the blacks arena. He nominated himself in a speech the preliminary elections the blanch and a Lebanon some six morths ago; he cause they would insist on being guided shall vote. The large majorities in both owned the only newspapers which urged by the Constitution; and they each in turn his claims; be remained before the Legis- had to throw themselves for support on of Columbia, show that that hobby has lature as a candidate without a single supmade much progress even since the last porter in that body; and now abandons session of Congress, and make it certain the fight without affecting the relative strength of those gentlemen whose names that when a chance comes to apply the principle at the South, the Radicals will not neglect it. Most Rudicals hope that lingly unproduc ive of bowels, has ever by accompanying negro suffrage with a provision excluding from the polls persons who were rebels, they would secure constituencies in favor of their party, in most, if not all the Southern States, and thus exclude the participants in the war from political power; though some members of and Pennsylvania of 597, '00. Estimatthe party are willing to proclaim a universal amnesty along with universal suf- population of New York to be: irage. Nevertheless, the prevailing sentiments among the Radicals are clearly against allowing the ex-rebels to vote, if it can be prevented. The difficulty of enforcing any laws proscribing them, for any length of time, has already been demonstrated in Maryland, but that will not In 1860 prevent the Radicals from trying it.

At the election in Baltimore among the questions put to voters was the following: "Did you ever rejoice at a defeat of the Federal Army P' An Irishman, to whom the question was put, replied : "Soure an" knew they wur defeated,

When the Southern States have Govern-

ments organized under the direction of

Congress, it will still be in the power of

Congress to exclude their representatives,

unless the State constitutions are accept-

able to the Radicals. Under such a plan of

reconstruction it will be very difficult for

the South to get her political privileges

restored without giving suffrage to the

negro, for, whatever else it may do, unless

it concedes this one point, the Radicals

will persist in keeping the Southern

Interesting -to ladies.

The following actracts are from the testimony taken under cash in a recent case pending before the United states Patent Office upon the actual merits of the Graver's Baker Sewing Machine, and its relative merits as ser & Baker sawing Machine, and its relative merits as commaned with other machines:

Mrs. Dr. McGraade says,

I have fused for nine years a Grover & Baker machine, and upon it I have done all kinds of family sew. In . bestiess a rest de i of fancy work, as braiding, quilling and embroidering Daring all that time my machine has never needed repair, and it is as good now as it was the first day I bought it

"I am acquainted with the work of all the principal more, with: A Gibbs," ladd & Webste. Finkle & firston's, Wile: A Gibbs, Ladd & Webste. Finkle & firston's, Wile: A Gibbs, Ladd & Webste. Finkle & forcer in clinnes and shorts machine, and I prefer the Grover is Baker to them all, because I consider the sitch more

superiority of the Grover a paker machine of the stick and ripping when it is required, and also the stick fastening itself, as you leave off, and also the machine may be used for embroid-ring purposes; and therein consists the superiority over other machines.

The stick will notibreak when stickbedgas the other of the stick will not break when stickbedgas the other in the stick will not break when stickbedgas the other in the stick will not break when stickbedgas the other in the stickbedgas and notibre does it draw the work.

The stick will not break when stickbedgas the other in the stickbedgas and notibre does it draw the work. ers do, and neither does it draw the work.

"I find this stich will wear as long as the galmen's do
-notwers the gruments, in fee."

"I can use it from the thickest woolen clifth to Nan-Internated Bliss At the Fountain House, Soring Boro, Mr. S. M. Hotchkiss, and Miss Notife Bliss, all of Eric Co., Ps.

HEPARD—ROCERS—By Rev S. Warren, on what machine do you think best as a general family inwhat machine do you there over an approximated?

A The Grover & Raker, dechiedly.

Q. State the renaces, such of them as occur to you,
f r this opinion

A I thisk the stitch is a stronger stitch than that of

Pa.

Al the Kine water is a single return to the most and a structure of the control of the cont so in is ripred, when necessary to do so; and I think the work of an experienced ne son on a Grorer & Baker machine is better than w rk of such person on acv other. It requires more shill to work other reachines than the Grover & Baker.

WIR Ger. Buell says the prefers the Trover & Baker machines over all others—
On account of its durability of work, elasticity of attich, and attength of attich, if never ips
I it is preferred over all others; it is avery easy in its movements, and very easily adjusted, and very simple in its construction.

wheeler t Wilson. I prefer the Grover & Baker decidedly."

Mrs. ABS Spooner sais—

flanswer concientional)—I believe it to be the best, all thin a considered, of any that I have known—

in the first place, it is very simple and easily learned; the a wing from the ordinary spools is a graft advantage—the stitch is entirely rollable. It occe armamental work beaut fully, and the embroidery stit. It is not liable to get out of order. It operates very easily. I suppose I can sum it all up by saying a is perfect machine. have had occurion to compare the work with that of

minds of work, from the to coarse, windout enable of needle of tension."

Mrs. May's J. Keane, of the house of Natali-, Tillman & Co., asp.

'Our enationers all prefer the Grover & Baker machine for durability and beauty of stitch."

Mrs. Jennie C. Croly (Tennie Juny, asp.—
'I prefer it to any machine. I like the Grover & Baker machine, in the first place because if I had any o her I should still want a Grover & Baker, and having a Grover & Baker it answers the gurpose of all the creat."

The foregoing testimony establishes beyond quesfrom Freshmany examinate traphed quasition—
First The great simplicity and case of management of the Grover & Baker machines.
Seond. That they are not liable to get out of repair. Third That greater verety of work can be done with them than with other machines.
Fourt . That the classificity of fatt in causes the work to last longer, look nester, and wear better, than work done on other machines.
Fifth, That the facility, with which any part of a seam can be removed, whom-desired, is a great any nester. age.
Nixth. That the seam will retain its strongth erection out or broken at intervals. then cut or broken at intervals.

Seventh. That te ides doing all varieties of work done
by other machines, these machines execute teautiful

Projects

Per one hun'red other witnesses in the case above erred to testified to the superiority of the Grover! fact.
These machines can be seen at WEIGEL & ZEGLER'S
