For restoring hir upon bald heads from whatver cause it may have falled out) and forcing a growth of hir upon, the face, it has no equal. It will force the beard to grow upon the smoothest face in from two to eight weeks, or hair upons hald heads in from two to three months. A few ignorant practitioners have asserted that there in nothing that will force or hastest the growth of the hair or beard. Their assertions are lake, as thousands of living witnesses, from their own experience, can bear witness. But many will say, how are we to distinguish the genulus from the spurious! It certainly idifficult, as nine-tenths of the different preparations advertised for the hair and beard are entirely worthless, and you may have already thrown away large amounts in their purchass. To such we would say, try the Reparator Capilli: it will cost you must be a supplication of the control of the money, which will be returned you on application, if your drongsit does not keep it, send us one doller and we will forward it post paid, together with a receipt for the money, which will be returned you on application, providing entire satisfaction is not given.
