St. PATRICK's DAY .- The Irish portion of our community celebrated the Anniversary of their patron Saint, on Monday, and they have every reason to congratulate themselves upon the highly successful and creditable character of the demonstration. Although the city was full of strangers, and every son of Erin took a holiday, everything passed off in the mos orderly manner, and not a case of intoxication nor an arrest was made throughout the day. It is the fashion among a certain class of persons to embrace all the opportunities that offer to sneer at and disparage the character of curlrish citizens, but after the events o Monday it will be better for them to hold their tongues. A more orderly or respectable ap pearing crowd is seldom seen, and we very much doubt whether, if the same number of ustivé horn persons were assembled together, they would have conducted themselves any better, if as well.

At an early hour in the forenoon, hosts of cleanly dressed men, women and children wended their way to the Fourth street church About ten o'clock a procession was formed, which was nearly three-quarters of a mile is ength, and numbered about fifteen hundred persons, including the Irish American Association, the men's and boys' temperance socieies and many male members of the church each individual wearing a green ribbon in his coat. The Temperance and College Rands furnished music for the occasion, and the narked improvement displayed by both, wo for these new musical organizations many commendations. Several handsomely design ed emblems were carried in the procession. of which the flag of the Irish American Asso. ciation attracted most attention. It is made of green silk, is very large, has the harp o Erin worked upon it in gold, and cost \$150. The procession marched to Federal Hill and pack to the church, where it was dispersed All along the route the streets were lined with spectators.

The closing proceedings of the celebration frew to Farrar Hall an immense audience is be evening. The Hall is said to have a scating espacity of fifteen hundred, and it was crowded to excess, many being obliged to stand throughout the evening. The entertainment con-isted of tableaux, (all of which were very gord), singing, instrumental music, and ar oration on Ireland by Rev. John O. Mullane The programme was intended to comprise a number of fon ts. with responses by various citizens, but the late hour to which the other features of the entertainment extended obliged the postponement of this portion Everything passed off in the smoothest and most satisfactory style, and the larger par of the audience remained until the whole ' bill of fare" was completed, between 12 and 1

The very creditable manner in which the celebration was conducted is "a feather in the caps" of our Irish citizens, which will not fai harmony, good behavior and genteel appear ance divested their enemies of all grounds for disparaging remark, and it is freely admitted that a better conducted demonstration has never been had in the city. Too much credit cannot be bestowed upon Father Carroll, paswho might be presented in opposition to for of the Fourth street congregation, who His defeat affords a lesson that it may organized and managed the entire celebration, ninistrative qualities have been the means of building up a state of moral sentiment among New LICENSE LAW -A bill has passed the

South Erre .- In the adjoining borough South Erie, a warm contest took place on the election of local officers,-the issue heing upon the question whether the old officers should be sustained or not. A heavy sum was expended in the improvement of streets inst year, and a considerable debt incurred in consequence. The Opposition party, as we understand their position, claim to be no less in favor of improvement than the other side, but for some reason, think the affairs of the borough should be placed in new hands. The election was decisively in favor of the old offi-
