FOR THE HARVEST OF 1867.

DODGE'S PATENT

REAPER AND MOWER.

SELF - RAKING! HARVESTER

OHIO AND BUCKEYE COMBINEDS

WITH DOUBLE DRIVING WHEELS, FLEXIBLE FINGER BAR, AND FOLDING

This machine has not with the most complete success. In every section where it has been introduced, it lead procedures over those machines which have heretofore ranked as first class. We have endeavored to fur BEST REAPER AND MOWER IN THE MARKET.

With this end in view we have secured, by lease and purchase, the control of all the desirable and standard pate sais now in use, among which we call stending to the Onlo and Suckeys Patents as combined in this machine. This machine embraces all those valuable features which have contributed to the gart success of the Onlo an Ruckeys Machines, together with a number of entirely new, novel and valuable improvements of the Onlo and Incommentors and the Incommentors. Herhomes of draft, excellence and elevance of wardsmathin and Saish combined with TWO DRIVING WHEELS.

This Machine has two driving wheels, which support the whole weight of the Frame, Gearing and giving it great power and facility of operation.

DOUBLE-HEADED FINGER-BAR.

The finger par of Dodge's Machine is sitached to the frame by adouble hinge joint, which allows it to follow th surface of the ground, without being affected by the working of the frame. Over ridges and through hollows, th independent action of the Cutter is perfect, enabling either and to rise or fall without effecting the other. CUTTING APPARATUS.

The most important part of a Mowing Machine is its cutting apparatus. Of all the numerous experiments am investions, the Orar, Wroccare Isou Guano, fixed with Cast Start, as used in this Machine, is the only guan that has proved successful to all places. The advantages claimed for the guards are: They do not bend or break They are all precisely alike. They do not clog.

DRAFT.

The draft of this Machine, in heavy grass or grain, is much lighter than ordinary plowing, and does not exce an average of 500 pounds direct draft. A light pair of horses can work the machine easily all day, in any kin of grass or grain, when the machine is properly adjusted and operated. AS A SELF-BAKER.

The Self-Bake applied to this machine has proved a perfect success. It is a Bevolving Sake, and does its own realing, saving the expense and trouble of a seel, and yet performing better in all kinds of grain than a Seal as de Hand Sake can. It makes a perfect separation with the rabe head, in all Made of grain, whather tappied or lodged, long or short he reason of the rake revolving over invarid, and striking into the summt grain, or before the sickle, carrying it along end over the platform, and delivering it is compare tundles, at the rear of the machine, entirely out of the way of the term and machine on its maxt round, and without any littering whatever. AS A REAPER.

The double bings joint and two driving wheels make it the ONLY REAPER PERFECTLY ADAPTED TO UN.

EVEN GROUND. The over hanging Real is supported upon a real part, fixed dranly in the drag-bar societ, and
can be readly adjusted, up or door, or backward or forward, and all times follows the successing of the plat
form. The grain is readly delivered at the rear of the machine, entirely out of the way of the team on the next
round, in good shaped bundless for hinding. THE FLATFORM is readily adjusted to any required height.

Descriptive pumphiess of the Eachine will be fournized on application to w. W. PIEBCE & CO., 830 State Street, Eric, Pa., General Agents for Eris and Crawford Counties and in every township, to whom a liberal commission will be allowed.

REPARATOR CAPILLI.

Throw away your false friends, your switches, your wig
Destructive of comfort, and not worth a fir:
Come aged. come youtful, come uglv and fair,
And rejoice in your own luxuriant hair.

REPARATOR CAPILLI. REPARATOR CAPILLI.

For restoring hair upon baid heads (from whatever cause it may have fallen out) and forring a growth of hair upon the face, it has no equal. It will force the beard to grow upon the smoothest face in from fire to eight weeks, or hair upon baid heads in from two to three wonths. A few is nor to practitioner have asserted that there is nothing that will force or hasten the growth of the hair or beard. Their assertions are false, as thomsands of living witnesses, from their own experience, can bear witness. But many will say, how are we to distinguish the genuine from the spurious? It esertainly is difficult, as nus-tenths of the different preparations advertised for the hir and beard are entirely worthless, and von may have already thrown away large amounts in their purchase. To such we would say, try the Reparator Capilli; it will east you nothing unless it fully comes up to our representations, if your drougist does not keep it, send us nose dolivrand we will forward it, post-paid, together with a receipt for the money, which will be returned you on application, providing entire astisfaction is not given. THE USE OF

The most valuable and periost preparation in use for giving the skin a beautiful pearl-like that that is only found in youth. It quickly removes tan freekles, pimples, blotches, moth patche, sallowness, eruptions, and all impurities of the skin, kindly hasling the same, leaving the skin white and clear as alshaster. It is use cannot be datected by the closest scrutiny, and being a veretable preparation is perfectly harmless. It is the only article of the kind used by the French, and is confeidered by the Paristan as indispensable to a perfect toilet. Upwards of 30,000 botties were sold during the part year, a stifficient guarante of its efficacy. Price only 75 cents. Sent by mall, post-said, or rescht of an order, by BEEGER, SHUTTS & CO., Chemists, fab21'67-1y.

A compound remedy, designed to be the most effectual Alterative that can be made. It is a concentrated extract of Para Sarsaparilla, so combined with other substances of still so combined with other substances of still greater alterative power as to afford an effective antidote for the diseases Sarsaparilla is reputed to cure. It is believed that such a remedy is wanted by those who suffer from Strumens complaints, and that one which will accomplish their cure must prove of immense service to this large class of our afflicted fellow-citizens. How completely this compound will do it has been proven by experiment on many of the worst cases to be found of the following complaints:—

Schopula and Schopulous Complaints,

SCHOPULA AND SCHOPULOUS COMPLAINTS, ERUPTIONA AND ERUPTIVE DISEASES, ULCERS, Proples, Blotches, Tunobs, Salt Rheem, Scald Head, Syphilis and Syphilitic Ar-SCALD HEAD, SYPHILLS AND STPHEATIC APPECTIONS, MERCURIAL DISEASE, DEOPSY, NEURALGIA ON THE DISCUSSION, ENTSIPELAS, ROSE ON ST. ANTHONY'S FIRE, and indeed the whole class of complaints arising from IMPURITY OF THE BLOOD.

This compound will be found a great promoter of health, when taken in the spring, to expel the foul humors which fester in the blood at that season of the year. By the time-ly expulsion of them many rankling disorders are nipped in the bud. Multitudes can, by the sid of this ready, where themselves from are nipped in the bud. Multitudes can, by the aid of this remedy, spare themselves from the endurance of foul cruptions and ulcerous sores, through which the system will strive to ridgitself of corruptions, if not assisted to do this through the natural channels of the body by an alterative medicine. Cleanse out the vitinted blood whenever you find its impurities bursting through the skin in pimples, cruptions, or sores; cleanse it when you find it is obstructed and sluggish in the veins; cleanse it whenever it is foul, and your feelings will tell you when. Even where no particular disorder whenever it is foul, and your feelings will tell you when. Even where no particular disorder is felt, people enjoy better health, and live longer, for cleansing the blood. Keep the blood healthy, and all is well; but with this pabulum of life disordered, there can be no lasting health. Sooner or later something must go wrong, and the great machinery of life is disordered or overthrown.

Savrapavilla has, and deserves much, the

Sarsaparilla has, and deserves much, the reputation of accomplishing these ends. But the world has been egregiously deceived by preparations of it, partly because the drug alone has not all the virtue that is claimed for it, but more because many preparations, pretending to be concentrated extracts of it, contain but little of the virtue of Sarsāparills,

contain but little of the virtue of Sarsaparilla, or any thing else.

During late years the public have been misled by large bottles, pretending to give a quart of Extract of Sarsaparilla for one dollar. Most of these have been frauds upon the sick, for they not only contain little, if any, Sarsaparilla, but often no curative properties whatever. Hence, bitter and painful disappointment has followed the use of the various extracts of has followed the use of the various extracts of Sarsaparilla which flood the market, until the Sarsaparilla which flood the market, until the name itself is justly despised, and has become synonymous with imposition and cheat. Still we call this compound Sarsaparilla, and intend to supply such a remedy as shall rescue the name from the load of obloquy which rests upon it. And we think we have ground for believing it has virtues which are irresistible by the ordinary run of the disease it is intended to care. In order to secure their complete ed to cure. In order to secure their complete cradication from the system, the remedy should be judiciously taken according to directions on the bottle.
