

DODGE'S PATENT

REAPER AND MOWER,

SELF - RAKING HARVESTER

OHIO AND BUCKEYE COMBINED.

WITH DOUBLE DRIVING WHEELS, FLEXIBLE FINGER BAR, AND FOLDING

This machine has met with the most complete success. In every section where it has been introduced, it has been introduced, it has been introduced, it has precedence over those machines which have heretofore ranked as first class. We have endeavored to fair BEST REAPER AND MOWER IN THE MARKET.

With this end in view we have sacured, by lease and purchase, the control of all the desirable and standard patents now is use, among which we call attention to the Ohio and Buckeye Patents as combined in this machine. This machines ambraces all those valuable features which have contributed to the great success of the Ohio and Buckeye Sackines, together with a number of antirely new, novel and valuable imprements. In compactness, lightness of draft, excellence and eigance of withmanhip and Buby, combined with great strength and adaptation to all thing of work, it will surpass any mixture of ordered to the farmer. The following points of excellence abow the advantages of Docgo's Beaper and Mower over all others:

TWO DRIVING WHEELS. This Machine has two driving wheels, which support the whole weight of the Frame, Gearing and Driver air it great power and facility of operation.

DOUBLE-HEADED FINGER-BAR.

-The finger-rar of Dodge's Machine is attached to the frame by a double hinge joint, which allows it to follow the mines of the ground, without being effected by the working of the frame. Over ridges and through hollows, the adependent action of the Cutter is perfect, enabling either end to rise or fall without affecting the other. . CUTTING APPARATUS.

The most important part of a Nowing Machine is its cutting apparatus. Of all the numerons experiments and inventions, the Oran, Waccourt Isou Guarn, faced with Cast Strate, as used in this Machine, is the only guard that has proved successful in all places. The advantages claimed for the guards are: They do not bend or break They are all precisely alike. They do not clog.

The draft of this Machine, in heavy grass or grain, is much lighter than ordinary plowing, and does not exceed on average of 200 younds direct draft. A light pair of horses can work the machine easily all day, in any kind of grass or grain, when the machine is properly adjusted and operated.

AS A SELF-RAKER. The Self-Rake applied to this machine has proved a perfect success. It is a Revolving Rake, and does its or realing, saving the expense and incubie of a yes, and yet performing better in all hinds of grain than a Real as Hand Rake can. It wastes a refrect separation with the rake head, in all hinds of grain, whither tangled a lodged, long or short, by reason of the rake revolving over forward, and striking into the uncit grain, or people the sickle, cryping it slong and over the platitum, and delivering it in compact bundles, at the rear of the machine, entirely out of the way of the team and machine on its next round, and eithout any little ing whatever.

AS A REAPER. The double birge joint and two driving whele make it the ONLY REAPER PERFECTLY ADAPTED TO UNEVEN GROUND. The over hanging Beel sampt orted upon a real peat, fixed firmly in the drag-bar socket, and can be readily adjusted, upon or beckward or forward and all times follows the movements of the platform. The grain is easily delivered at the rear of the machine, entirely out of the way of the team on the next round, in grain is easily delivered at the rear of the machine, entirely out of the way of the team on the next round, in good shaped dundles for bindings. THE PLATFORM is readily adjusted to any required height.

REPARATOR CAPILLI.

For restoring hair upon hald heads (from whatever cause it may have fallen out) and forring a growth of hair upon the face, it has no equal. It will force the beard to grow upon the smoothest face in from five to eight weeks, or hair upon hald heads in from two to three months. A few ignors—t practitioners have assetted that there is nothing that will force or harden the growth of the hair or beard. Their assertions are takes, as thousands of tiving witnesses, from their own experience, can bear witches. But many will say, how are we to distinguish the granules from the spurious It cartainly is difficult. as nine-tenths of the friferent preparations advertised for the hair and heard are entirely worthless, and you may have already thrown away large amounts in their purchase. To such we would say, try the Reparator Capilli; it will cost you nothing unless it fully common to our representations. NO MORE BALD BRADE GRAY LOCKS DR. LEON'S ELECTRIC HAIR RENEWER DR. LEON'S ELECTRIC HAIR RENEWER
Is pronounced by all who have used it the very best
preparation for the Bair. It is a notitive cure for raidness, eradicates dandruff and humors, stops the hair
from falling out, and speedil: restores gray locks to
their original has and invariance.

It operates on the secretions and fills the glands with
new life and coloring matter. Thin, dead, faded or gray
hair will always be brought back, by a few applications,
to its youthful abundance, vitality and color.

It makes the hair soft glover, fragrant, pleasant to
the touch and easy to arrange. Dry, why and intract,
able locks become wouts, plant and disposed to remain
it any derived positi in. As Elsir Drasing it has no
equal. The sales are enormous and it is a universal favorite with vid and young of both stree.

on Sr. Anthony's Pinz, and maced the whole class of complaints arising from Lupuntry of this compound will be found a great promoter of health, when taken in the spring, to expel the foul humors which fester in the blood at that senson of the year. By the timely expulsion of them many rankling disorders are mipped in the bud. Multitudes can, by the aid of this remedy, spare themselves from the endurance of foul eruptions and ulcerous sores, through which the system will strive to rid itself of corruptions, if not assisted to do this through the natural channels of the body by an alterative medicine. Cleanse out the vitiated blood whenever you find its impurities bursting through the skin in pimples, cruptions, or sores; cleanse it when you find it is obstructed and sluggish in the veins; cleanse it whenever it is foul, and your feelings will tell you when. Even where no particular disorder is felt, people enjoy better health, and live longer, for cleansing the blood. Keep the blood healthy, and all is well; but with this pabulum of life disordered, there can be no lasting health. Sooner or later something must go wrong, and the great machinery of life is disordered or overthrown.

Sarsaparilla has, and deserves much, the reputation of arcamplishing these ends. But

Sarsaparilla has, and deserves much, reputation of accomplishing these ends. the world has been egregiously deceived by preparations of it, partly because the drug alono has not all the virtue that is claimed for it, but more because many preparations, pretending to be concentrated extracts of it, atain but little of the virtue of Sarsaparilla or any thing else.

or any thing else.

During late years the public have been misled by large bottles, pretending to give a quart
of Extract of Sarsaparilla for one dollar. Most
of these have been frauds upon the sick, for
they not only contain little, if any, Sarsaparilla, but often no curative properties whatever. Hence, bitter and painful disappointment
has followed the use of the various extracts of
Sarsangulla which flood the market, until the Sarsaparilla which flood the market, until the name itself is justly despised, and has become synonymous with imposition and cheat. "Still we call this compound Sarsaparilla, and intend to supply such a remedy as shall rescue the name from the load of obloquy which rests upon it. And we think we have ground for believing it has virtues which are irresistible by the ordinary run of the diseases it is intended to cure. In order to secure their complete eradication from the system, the remedy should be judiciously taken according to directions on the bottle. Sarsaparilla which flood the market, until the
