

DODGE'S PATENT

REAPER AND MOWER,

SELF - RAKING HARVESTER

OHIO AND BUCKEYE COMBINED.

WITH DOUBLE DRIVING WHEELS, PLEXIBLE FINGER BAR, AND FOLDING CUTTING APPARATUS.

This machine has met with the most complete success. In every section where it has been introduced, it has also precedence over those machines which have heretofore ranked as first class. We have endeavored to furn-

CUTTING APPARATUS.

AS A SELF-RAKER.

The Self-Rake applied to this machine has proved a perfect success. It is a Revolving Rake, and does its own recling, raying the expense and trouble of a recl, and yet performing better in all kinds of grain than a Reel ard Hand Bake can. It makes a perfect separation with the rake head, in all kinds of grain, whether tangled or lodged, long or short, by reason of the rake revolving over forward, and stiking into the unent grain, or before the sickle, carrying it along and over the platform, and delivering it in compact buildes, at the rear of the machine, entirely out of the way of the team and machine on its next round, and without any litturing whatever, all

chins, entirely out of the way of the term and machine on its next round, and without shy littaring whatever.

AS A REAPER.

The double hinge joint and two driving wheels make it the ONLY REAPER PERFECTLY ADAPTED TO UNEVERN GROUND. The over hanging Real is supported upon a real prat, fixed drinly in the drag-bar socket, and can be readly adquired, up or down, or backward or forward and all times follows the movements of the platform. The grain is easily delivered at the rear of the machine, entirely out of the way of the team on the next round, in good shaped bundles for binding. The FLATFORM is readily adjusted to any required height.

Be Descriptive pamphlets of the Machine will be furnished on application to

REPARATOR CAPILLI.

For restoring hair upon bald heads (from whatever cause it may have fallen out) and forcing a growth of hair upon the face, it has no equal. It will force the beard to grow upon the smoothest face in from five to eight weeks, or hair upon bald heads in from two to three months. A few general practitioners have asserted that there is nothing that will force or harden the growth of the bair or beard. Their assertions are takes, as thousands of, living witnesses, from their own agretience, can bear witness. But many will say, how are we to distinguish the genuine from the symmons it sertainly is difficult, as nine-tunits of the different preparations advertised for the hair and heard are en tirely worthless, and wou may have already thrown away large amounts in their purchase. To such we would say, try the Reparator Capilli; it will cost you nothing saless it fully comes up to our representations. It your druggist does not keep it, send us some dollar and we will forward it, post-paid, together with a receipt for the money, which will be returned you on application, providing entire satisfaction is not given. Ayer's Sarsaparilla

A compound remedy, designed to be the most effectual Alterative that can be made. It is a concentrated extract of Para Sarsaparilla, so combined with other substances of still greater alterative power as to afford an effective antidote for the discases Sarsaparilla is reputed to cure. It is believed that such a remedy is wanted by those who suffer from Strumons complaints, and that one which will accomplish their cure must prove of immense ervice to this large claus of our afflicted sellow-citizens. How completely this empound will do it has been proven by experiment on many of the worst cases to be found of the following complaints:—

complaints:—
Schopula and Schopulous Complaints, ERUPTIONA AND ERUPTIVE DISEASES, ULCERS, PINTLES, BLOTCHES, TURORS, SALT BRIEUN, SCALD HEAD, SYPHILIS AND SEPHILITIC AP-FECTIONS, MERCURIAL DISBASE, DEOPSY, NEU-FRUTIONS, MERCURIAL DISBASE, DEOPSY, NEU-RALGIA OR Tic DOULDUREUX, DEBILITY, DYS-PEPSIA AND IMPIGENTION, ERVEIPELAS, ROSE OR ST. ANTHONY'S FIRE, and indeed the whole class of complaints arising from IMPURITY OF

This compound will be found a great promoter of health, when taken in the spring, to expel the foal humors which fester in the blood at that season of the year. By the timely expulsion of them many rankling disorders are nipped in the bud. Multitudes can, by the sid of this remode many themselves from ly expulsion of them many ranking disorders are nipped in the bud. Multitudes can, by the aid of this remedy, spare themselves from the endurance of foul eruptions and ulcerous sores, through which the system will strive to rid itself of corruptions, if not assisted to do this through the natural channels of the body by an alterative medicine. Cleanse out the vitiated blood whenever you find its impurities bursting through the skin in pimples, eruptions, or sores; cleanse it when you find it is obstructed and sluggish in the veins; cleanse it whenever it is foul, and your feelings will tell you when. Even where no particular disorder is felt, people enjoy better health, and live longer, for cleansing the blood. Keep the blood healthy, and all is well; but with this pabulum of life disordered, there can be no lasting health. Sooner or later something must go wrong, and the great machinery of life is disordered or overthrown.

or any thing else.
During late years the public have been misled by large bottles, pretending to give a quart
of Extract of Sarasparilla for one dollar. Most of Extract of Sarsaparilla for one dollar. Most of these have been frauds upon the sick, for they not only contain little, if any, Sarsaparilla, but often no curative properties whatever. Hence, bitter and painful disappointment has followed the use of the various extracts of Sarsaparilla which flood the market, until the name itself is justly despised, and has become synonymous with imposition and cheat. Still we call this compound Sarsaparilla, and intend to supply such a remedy as shall rescue the name from the load of obloquy which rests upon it. And we think we have ground for believing it has virtues which are irresistible by the ordinary run of the diseases it is intended to cure. In order to secure their complete ed to cure. In order to secure their complete eradication from the system, the remedy should be judiciously taken according to directions on

(ma766-1y) Ayer's Cherry Pectoral has won for itself such a renown for the cure of every variety of Throat and Lung Complaint, that it is entirely unnecessary for us to recount the evidence of its virtues, wherever it has been employed. As it has long been in constant use throughout this section, we need not do more than assure the people its ouality is kept up to the best it ever has been, and that it may be relied on to do for their relief all it has ever been found to do.

Ayer's Cathartic Pills, Costiceness, Janualiee, Dyspessia, Indigestion, Dysentery, Foul Stomach, Erystpelas, Ileadache, Piles, Rheumatism, Eruptions and Skin Diseases, Liver Complaint, Dropsy, Tetter, Tumors and Salt Rheum, Worms, Gout, Neuralgia, as a Dinner Pill, and for Purifying the Blood.

BEST REAPER AND MOWER IN THE MARKET. With this end in view we have secured, by lease and purchase, the control of all the desirable and standard patents now in use, among which we call attention to the Ohio and Buckeys Tatents as combined in this machine. This machine embraces all those valuable features which have contributed to the great success of the Ohio and Buckeys Machines, together with a number of entirely new, novel and valuable improvements.

In compactness, lightness of draft, excellence and siegance of workmanship and faith, combined with great strongth and dataptation to all binds of work, it will surpas any machine heretoe referred to the farmer.

The following-points of excellence show the advantages of Dodge's Reappr and Mower over all others: TWO DRIVING WHEELS. This Machine has two driving wheels, which support the whole weight of the Frame, Gearing and Driver, giving it great power and facility of operation. DOUBLE-HEADED FINGER-BAR. The finger-par of Dodge's Machine is attached to the frame by a double hinge joint, which allows it to follow the surface of the ground, without being affected by the working of the frame. Over ridges and through hollows, the independent action of the Cutter is perfect, enabling either end to rise or fall without affecting the other. The most important part of a Mowing Machine is its cutting apparatus. Of all the numerous experiments and inventions, the Ores, Whoucher leas Guan, faced with Cast Street, as used in this Machine, is the only guard that has proved successful in all places. The advantages claimed for the guards are: They do not bend or break. They are all precisely alike. They do not clog. DRAFT.

The draft of this Machine, in heavy grass or grain, is much lighter than ordinary plowing, and does not exceed an average of 100 pounds direct draft. A light pair of horses can work the machine essely all day, in any kind of grass or grain, when the machine is properly adjusted and operated.

HORSE HOE OR CULTIVATOR PLOW GREATLY IMPROVED SINCE LAST YEAR.

The above invaluable implement has always received the first premium wherever exhibited, and all who have used it pronounce it for superior to anything else of the kind. The following are some of the advantages this Cultivator has over every other kind sow in use;

1. Lightness and durability; being made of the best onality of steal, highly pollubed, and the whole implement weighing from fitty to daily pounds.

2. Adaptation to more kinds of work than any other cultivator known; being a perfect and thorough Cultivator whom used with all the teath on, leaving the ground even and isvel, and working measur the rows than any other Cultivator.

2. By removing the small teeth and attaching the wings to the shovel, it is the most perfect instrument for hilling that can be found.
