Sole Agents in North-Western Pennsylvania for

LITTLEFIELD'S BASE BURNING HOT AIR FURNACES

We call attention to the Littlefield Furnace with entire confidence that it is the best Warm Air Furnace ever invented, and radically overcomes the faults and objections existing in other furnaces; and we feel sure that a careful examination of its superior merits in connection with he candid and unbiased statement of those who have had this Furnace in use during the past everal winters, will convince all that what we say is true.

We respectfully refer to the following assets. respectfully refer to the following among the many well known citizens who have thusee in use: Capt. J. S. RICHARDS, W. S. BROWN, Esq., ISAAC MOORHEAD, Esq.

Also, sole agents for Eric County for the new Improved Portable Buckeye

Cider Mill and Press!

The points of superiority possessed by this Mill over all others, are as follows:

1. The Adjustable Throat, adapting the Mill to the various sizes and conditions of fruit.

2. The Adjustable Grinding Rollers for the same purpose. These two features are secured to us by Letters Patent. Without them no Mill can possibly be a perfect grinding apparatus, as the different conditions of the fruit imperatively demand this adjustability.

3. A neat metalle box to hold the bearings of the gearing, preventing the same from getting out of order, from the swelling of the wooden sides and ends.

4. The strong compact frame for Mill Press, with well proportioned bearings for its support.

5. A strong iron beam, with a two inch screw, canbles us to give the pomace a powerful pressure.

6. The Grinding Apparatus is the most perfect.

W. W. PIERCE & CO., 832 State.St.

in use, consisting of three horizontal rollers, one above and two below; the upper one has straight flanges for the purpose of breaking the fruit against the adjustable rubber throat as it passes through. On one of the lower rollers the ribs are oblique or spiral, and as it revolves it presents to the straight ribs of the other a continuous cuttling edge, enabling us to cut the pomace from the skins of the apples, leaving them in such size as to obviate, in most cases, the necessity of using straw, which is found to be deleterious to the quality of the cider.

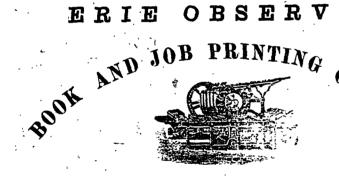

7. The Strainer Board, under the tubs, by means of which we are enabled to express the cider as completely from the bottom as from the top of the cheese, leaving it nearly dry in all parts. This valuable feature is secured to us by strong Letters Fatent.

THE BUCKEYE CIDER MILL! Is undoubtedly the best yet invented. Call and see it. An inspection of the above named ar-ticles is solicited. They are the leading ones in the market, and can be obtained in Eric only of

Something New. Buy Silver Tipped Shoes for your children. A majority of the children wear holes in the toes of their shoes in a very few days; then the shoes are soon worthless, and a new pair must be bought. The only way to prevent this great waste of money is to buy shoes protected by silver tips. They never wear out at the toe, and make a pair of shoes last three times as long as without Tips. Leather Caps have been worn to some extent, but they have proved worthless. Silver Tips have a neat and substantial appearance, and do away entirely with the disagreeable sight of dirty stockings and protruding toes. We have constantly on hand the only assortment of Silver Tipped Shoes to be found in the city, including fine Sewed shoes, Raimornis, Youths' Boots, &c., which we offer, together with a large and fashlonable assortment of Ladies' and Gents' Fine and Heavy goods, at the lowest cash prices.

BOOK BINDERY Ayer's Sarsaparilla

Blank Book Manufactory! a concentrated extract of Para Sarsaparilla, so combined with other substances of still so combined with other substances of still greater alterative power as to afford an effective antidote for the diseases Sarsaparilla is reputed to cure. It is believed that such a remedy is wanted by those who suffer from Strumous complaints; and that one which will accomplish their cure must prove of immense service to this large class of our afflicted fellowitizens: How completely this compound will do it has been proven by experiment on many of the worst cases to be found of the following complaints;—

SCHOPULA AND SCHOPULOUS COMPLAINTS, ERUPTIONS AND ERUPTIVE DISEASES, ULCCUS, ERUPTION AND EXECUTIVE DISEASE, ORCHM, PRINCES, RECORDER, TOMORS, SALE RREEN, SCALD HEAD, STPHILIS AND SYPHILITE APPECTIONS, MERCURIAL DISEASE, DROPSY, NEURALIZA OR THE DOCLOUREUX, DEBLILTY, DYSPERSIA AND INDICESTION, ERYSPELAS, ROSE OR ST. This compound will be found a great promoter of health, when taken in the spring, to expel the foul humors which fester in the blood at that season of the year. By the time-ly expulsion of them many rankling disorders are nipped in the bud. Multitudes can, by the nid of this remedy, spare themselves from the endurance of foul cruptions and ulcerous sores, through which the system will strive t rid itself of corruptions, if not assisted to do this through the natural channels of the body this through the natural channels of the body by an alterntive medicine. Cleanso out the vitiated blood whenever you find its impurities barsting through the skin in pimples, eruptions, or sores; cleanse it when you find it is ob-structed and sluggish in the veins; cleanse it whenever it is foul, and your feelings will tell whenever it is foul, and your feelings will tell you when. Even where no particular disorder is felt, people enjoy better health, and live longer, for cleansing the blood. Keep the blood healthy, and all is well; but with this pabulum of life disordered, there can be no lasting health. Sooner or later something must go wrong, and the great machinery of life is disordered or overthrown. Sussparilla has, and deserves much, the reputation of accomplishing these ends. But the world has been egregiously deceived by preparations of it, partly because the drug alone has not all the virtue that is claimed

for it, but more because many preparations, pretending to be concentrated extracts of it, contain but little of the virtue of Sarsaparilla. contain but little of the virtue of Sarsaparilla. or any thing else.

During late years the public have been misled by large bottles, pretending to give a quart of Extract of Sarsaparilla for one dollar. Most of these have been frauds upon the sick, for they not only contain little, if any, Sarsaparilla, but often no curative properties whatever. Hence, bitter and painful disappointment has followed the use of the various extracts of Sarsaparilla, which flood the market, until the

Still we call this compound Sarasparilla, and intend to supply such a remedy as shall rescue the name from the load of obloquy which rests upon it. And we think we have ground for believing it has virtues which are irresistible believing it has virtues which are irresistible by the ordinary run of the diseases it is intend-
