# "THE WORLD."

At the opening of the year 1868, "The World" challenges, more confidently than ever, the sympathy and support of all patriotic citizens. A glorious work has been gloriously begun.—Deep already answers deep. The fong fidelity of this journal to the cause of liberty protected by law stands nobly vindicated in a splendor of victory shinling from Maine to California. Consecticut, Ohio, Pennsylvania, New Jersey, New York, have thundered forth their verdict upon the misrule and madness of the past. But much more remains to be done. Never was the peril of the country-greater. The Radical party still decrees the death of representative self-government in ten sovereign States. Armed with military despotism and wholesale Negro Suffrage, it desperately grapps at a permanent lease of power, in defiance of public opinion, at the cost of the found of the country free states and of crippled industries, at the cost of Union and Peace.

To the great battle still to be fought "The World" will give all its efforts, all its energies, It asks of them more readers and a wider inflaence. It asks this with confidence in its claims as a newspaper and as an organ of opinion.

The cliff use of a Newspaper is to give its ence. It asks this with confidence in its claims as a newspaper and as an organ of opinion. The chief use of a Newspaper is to give its readers

# ALL THE NEWS.

For this the facilities of "The World" are unsurpassed by any journal in the United States. It seeks to excel by an accuracy and candor, aspirit and freshness in its news columns which shall commend it to readers of whatever party, sex, creed or place.
As an organ of opinion "The World" is the unfinehing champion of

A Liberal, Progressive Democracy, whereof the corner stone is Freedom restrained by Justice; Freedom pure and simple, in the largest collective measure; the office of Justice being to protect Freedom from encroachments; Freedom for the individual citizen in his rights of though, speech, religion and locomotion; in his Right to make any money bargains he thinks proper in spite of foolish usury laws; in his light to buy and sell in all markets, domestic and foreign, in spite of unjust protective taribis; in his Right to choose his own food and drink, in spite of meddlesome temperance laws; in his Right to representation in the legislative bodies which fax him, in spite of unconstitutional exclusions; Freedom of collective citizens to assemble for discussion of givenness; Freedom of all local communities to manage their local afairs without central interference; Freedom in every section of the country, from the arrogant and unconstitutional domination of other sections. This large and comprehensive deep of race.

A paper published in the metropolis is naturally looked to for careful Market reports and authentic information, and intelligent discussions relating to

#### Trade, Commerce and Finance. In these features "The World" invites com-arison with any other journal. EDITIONS.

The WEEKLY WORLD, a large quarto sheet, same size as Dally, is now printed wholly in large type, and (since its union with the New York Argus) has the largest circulation of any weekly journal published, save one. It is an unrivalled journal for the Sarmer, Live Stock or Produce leader, Country Merchant, etc. Published Wednesdux, V. WOLD is a large ours. Hished Wednesday.

The SEMI-WEEKLY WORLD is a large quarto sheet, same size as Daily, which, by omitting the great mass of city advertisements from the Daily, contains everything else that appears in the daily and weekly editions. Published Tuesday and Friday.

#### White Men Must Rule America. CLUBS FOR 1868---CLUBS FOR 1868. The Best New York Weekly Published. NEW YORK DAY BOOK!

The New York Day-Book is a straightforward Radfeal Democratic paper, with a larger circulation than any other bemocratic journal ever published on this continent, and it enters on the threshold of 188 more prosperous and more hopeful of the great cause it upholds than ever before. Standing on the Dechration of Independence, that "all (white) men are equal," and therefore entitled to equal rights, it is opposed to all forms and degrees of special legislation that conflict with this grand central truth of bemocracy, and over all and above all, does it combat that monstrous treason to American liberty, which, thrusting the negro element into our political system, must of necessity wreck the whole mighty fabric left us by our fathers, God has created white men superior and negroes inferior, and therefore all the efforts of the past six years to abolish His work and equalize with negroes—every law violated, every State Constitution overthrown, every life sacrificed, and every dollar expended, are necessarily just so many steps towards mational suicide; and the simple and awful proclem now upon us is just this—shall we recover our reason and retrace our steps, or march on to Mongrelism, social anarchy, and the total ruin of our country.

The Day Book, therefore, demands the resto-FOR 1868. grelism, social anarchy, and the total ruin of our country.

The Day Book, therefore, demands the resto-ration of the "Union as it was"—a Union of co-equal States upon the white basis, as the only hope, and the only means possible under heaven for saying the grand ideas of 1776, and the fundfor saving the grand ideas of 1756, and the fundamental priciples of American liberty, and if the real freemen, and the earnest believers in that sacred and glorious cause in which the men of the Revolution offered up their lives, will now labor to expose the ignorance, delusion and treason of the Mongrel party, it will succeed, and the white Republic of Washington be restored again in all its original influence and grandeur.

The Day Book will, however, hereafter be more than ever devoted to all the vertices.

be restored again in all its original influence and grandeur.

The Day Book will, however, hereafter be more than ever devoted to all the varied purposes of a news paper. Conscious that it reaches thousands of families who take no other journal, beyond perhaps their local paper, it will continue and improve its "News of the Week" Summery, so as to present a transcript of the World's events in each issue. Its "Family Department" will embrace the best original and selected stories. Its "Agricultural Department" will be fully sustained, and being the only paper of its class made up expressly for country, circulation, it is confident it is worth double the price of a weekly hurrifully reprinted from a daily. It gives full and complete reports of the New York and Albany Cuttle Markets, and a Weekly review of Financial matters, together with the markets, by telegraph, from New Orleans, Cairo, Charleston, Philadelphia, dec., e.c., up to time of going to press. AGENTS WANTED FOR THE BLUE-COATS,

And how they Lived, Fought and Died for the Union, with Scenes, and incidents in the Great Rebellion.

Comprising narratives of Personal adventure, thrilling incidents, daring exploits, heroic deeds, wonderful escapes, life in the camp, field and hospital; adventures of spies and scouts, together with the songs, ballads, anecdotes and humorous incidents of the war. Splendidly illustrated with over 100 fine portraits and beautiful engravings.

There is a certain portion of the war that will never go into the regular histories, nor be embodied in romance or poetry, which is a very real part of R, and will, if preserved, convey to succeeding generations a better idea of the spirit of the conflict than many dry reports or careful narratives of events, and this part may be called the goadp, the fun, the pathos of the war. This litustrates the character of the leaders, the humor of the soldlers, the devotion of women, the bravery of nich, the pathos of the variant and brave hearted, the picturesque and dramatic, the witty and marvelous, the romance and hardships of the service.

The variant and brave hearted, the picturesque and dramatic, the witty and marvelous, the tender and pathetic, and the whole panorama of the war are here thrillingly portrayed in a masterly manner, at once historical and romantic, rendering it the most ample, unique, brilliant and readable book that the war has called torth.

The firm will be known as C. Englehart & Co. and the business will be carried on as hereto ore at No. 19 West Park, Erie, Pa.; C. ENGLEHART, Buy Silver Tipped Shoes for your children. A majority of the children war holes in the toes of their shoes in a very few days; then the shoes are soon worthless, and a new pair must be bought. The only way to prevent this great waste of money is to buy shoes protected by silver tips. They never wear out at the toe, and make a pair of shoes last three times as long as without Tips. Leather Caps have been worn to some extent, but they have proved worthless. Silver Tips have a neat and substantial appearance, and do away entirely with the disagreeable sight of dirty stockings and protruding toes. Wo have constantly on hand the only assortment of Silver Tipped Shoes to be found in the city, including fine Sewed shoes, Balmorals, Youths' Boots, &c., which we offer, together with a large and death on the average of Ladies' and Gents' Fine and Heavy goods, at the lowest cash prices.
