LOCAL BREVITIES. COPIES of last week's Observer, containing the income list, can be obtained by calling at the office.

The man who undertook to set up as a weather prophet has applied for the benefits serve if the party wish him-and most of the of bankruptcy.

JONAS GUNNISON, Esq., has been selected as the member of the Radical State Central has such an affection for the dear people that Committee for Erie Co. The changeable weather tells fearfully up-

on the human system, We have hardly met person in the last two weeks who is not more or less suffering with a cold. To CLOSE the mouths of the gossips, the

editor of the Dispatch gives notice that his offer to sell that establishment "is not forced by any cause" except the one given in his advertisement. IT looks much as though Judge Pettis would be permitted to walk over the Congressional course in Crawford county without a competitor. No other person has yet

been announced as a candidate. THE Register gives notice that the Execu tors, Administrators and Guardians who have filed their accounts with him will have the same presented to the Orphans' Court on Thursday, the 25th of May, at 10 o'clock, for confirmation and allowance.

THE Gazette is getting to be a "repudiator." In its last issue, it says: "If we had the power we would influence our capitalists to dispose of every dollar which they have invested in U. S. Bonds, and have it immediately put to work in real estate."

BRO. BURTON, of the New Castle Champion, has been in the city several days, endeavoring to wake our business men up to the advantage of securing the trade of that section. The Champion is securing a very

large circulation, and as an advertising medium has few superiors. THE old Zimmerly house, on the South side of the Park, has been taken by Isaac Van Tassel, who has thoroughly repaired and renovated it, and fitted it up in good style. He has an abundance of room, and we recommend it to the patronage of persons attending Court.

BRO. PAIN, of the Corry Telegraph, was in the city on Friday, looking as sleek and hearty as if competition agreed with him,

and fully sustaining his reputation of being the best looking editor in Western Pennsylvania. He has recently made a change in the head of the Telegraph', which materially improves its appearance.

THE Dispatch of Saturday last contained two lengthy editorials, the one severely crit- lated, "was the first and last instance in cising the Roman Catholics and the other the Israelites. In each case, the main reason is upon the bench." acknowledged to be the fact that most of the members of these denominations vote the Democratic ticket. The Dispatch's ideas of theology, like its politics, are dreadfully "mixed."

THE notorious Galusha A. Grow, whose connection with Culver in the Reno railroad scheme, and spontaneous combustion efforts at oratory, have made his name familiar with most of the people of the North-West, has been selected Chairman of the Radical State Central Committee. Without his name is kept before the public in some capacity, Grow would be the unhappiest man in the world.

THE Meadville Republican doesn't like the "Copperhead papers," because they call it a "pop-gun," and thinks "its shots evidently annoy them." We assure our over-sensitive cotemporary that nobody has yet suffered the slightest annovance from any "shots' it has fired. The conceit which leads the Republican to suppose any one could be worried by such pitiful attempts at wit and se verity is really deserving of sympathy. JUDGING by the list of announcements in

the Republican papers of Crawford county, formation on the subject, and suggest that

tent which almost places the city proper to makes the remarkable statement that "withblush. New sidewalks are being built, streets | in the last two hundred years no man has in the last two hundred years no man has been punished by any court of justice, either in this country or in England, for shooting the seducer of his wife, his daughter or his sister, when that motive and that alone has prompted the first blow." graded and improved, needed thoroughfares laid out, and the whole locality wears an ap- in this country or in England, for shooting pearance of thrift that speaks volumes for the efficiency of its officers. CAPT. C. W. KELLEB, County Treasurer THE Titusville Herald advocates the selechas announced himself as a candidate for retion of E. H. Chase, Esq., of that city for Aselection to that office, subject to the usages o sociate Judge, and says for thirty years that the Republican party. The Captain has made portion of Crawford county has had no side an obliging and competent officer, and we judge upon the bench. views before the Committee. A CORRESPONDENT writes to the Dispatch that he has "been engaged in business which has called him to every village and almost every hamlet in Erie county; and in almost
