NO MORE BALD HEADS! NO MORE GRAY LOCKS. Dr. Leon's Electric Hair Renewer

Dr. Leon's Electric Hair Renewer
Is pronounced by all who have used it the very best preparation for the hair. It is a positive cure for baldness, eradicates dandruff and humors, stops the hair from falling out, and speedily restores gray locks to their original hue and luxuriance.

It operates on the secretions and fills the glands with new life and coloring matter. Thin, dend, faded or gray hair will always be brought back, by a few applications, to its youtful abundance, vituality and color.

It makes the hair soft, glossy, fragrant, pleasant to the touch and cusy to arrange. Dry, wiry and intractable locks become moist, plaint, and disposed to remain in any desired position. As a Hair Dressing it has no equal. The sales are corraous, and it is a universal favorite with old and young of both seres.

White Men Must Rule America. CLUBS FOR 1868---CLUBS FOR 1868. The Best New York Weekly Published. NEW YORK DAY BOOK!

The New York Day-Book is a straightforward ladical bemocratic paper, with a larger circulation thin any other bemocratic journal ever published on this continent, and it enters on the threshold of 18% more properous and more hopeful of the great cause it upholds than everbofore. Standing on the Declaration of Independence, that "all (white) men are equal," and therefore entitled to equal rights, it is opposed to all forms and degrees of special legislation that condict with this grand central truth of Democracy, and over all and above all, does it combat that monstrous treason to American liberty, which, thrusting the negro-element into our political system, must of necessity wreck the whole mighty fabric left us by our fathers. God has created white men superior and negroes inferior, and therefore all the efforts of the past six years to abolish His work and equalize with negros—every law violated, every State Constitution overthrown, every life sacrificed, and every dollar expended, are necessarily just so many steps towards national suicide; and the simple and awful problem now upon us is just this—shall we recover our reason and retrace our steps, or march on to Mongrelism, social anarchy, and the total ruin of our country.

The bay book therefore, demands the restonance FOR 1868.

son and retrace our steps, or march on to Mongrelism, social anarchy, and the total ruin of our country.

The lay look, therefore, demands the restoration of the "Union as 41 was"—a Union of coequal States upon the white basis, as the only hope, and the only means posible under heaven for saving the grand ideas of 1776, and the fundamental priciples of American liberty, and if the real freemen, and the earnest believers in that sacred and glorious cause in which the men of the Revolution offered up their live, will now labor to expose the ignorance dension and treason of the Mongred party. Mastangon be restored again in all its outcome distinction of the Revolution of the control again in all its outcome inducence. The Day Book will, however, hereafter be more than ever devoted to all the varied purposes of a news paper. Conscious that it reaches thousands of fabrilles who take no other journal, beyond perhaps their local party will continue and improve its "News of the Week!" Summarry, so as to present a transcript of the World's events in each issue. Its "Entity ity Demartanesolves" its "Agricultural Department" will be fully sustained, and being the only paper of its class made up expressly for country circulation, it is confident it is worth double the price of a weekly hurriedly reprinted from a daily. It gives full and complete reports of the New York and Albany Catie Markets, and a Weekly review of Finapelal matters, to get the case of the country of the narkets, by telegraph, from New Orleans, Cairo, Charteston, Philadeiphia, dec., de., up to time of going to press.

Something New. Buy Silver Tipped Shoes for your children. A majority of the children wenr holes in the toes of their shoes in a very few days; then the shoes are soon worthless, and a new pair must be bought. The only way to prevent this great waste of money is to buy shoes protected by sliver tips. They never wear out at the toe, and make a pair of shoes last three times as long as without Tips. Leather Caps have been worn to some extent, but they have proved worthless. Silver Tips have a neat and substantial appearance, and do away entirely with the disagreeable sight of dirty stockings and protrading toes. We have constantly on hand the only assortment of Silver Tipped Shoes to be found in the city, including fine Sewed shoes, Balmorals, Youth's Boots, &c., which we offer, together with a large and fashlonable assortment of Ladies' and Gents Fine and Heavy goods, at the lowest cash prices.
