The article was evidently writ-

Justice. "It seems to us most wonderful that any trustworthy Democratic Journal should delude itself for a moment with the idea that the Democracy in Convention assembled will seriously entertain a proposition to make Judge Chase their candidate. He will be a bold man who will even suggest his name to the Convention; and this, because Judge Chase is not a Democrat. The Democracy have never yet selected as their the Treasury more than we had last month, candidate for the Chief Magistracy, a man whose record as a Democrat was not life long, consistent and unvarying; and they will not begin to do it now. Having pursued this course, they have always escaped being 'Tylerized' -a fate which constantly befalls the opposition. When the Democracy fight a battle, they want to be thoroughly satisfied that if they win, they will gain a substantial victory for their principles, and not merely the shade of one. They want to know that the fruits of their victory will not turn to ashes on

"We have the highest personal admiration and respect for Judge Chase. But he is not with us and cannot be our candidate. One great issue in the present contest is the negro suffrage question. Judge-Chase has made a record strongly in favor of negro suffrage, and the Democratic party is unalterably opposed to it. Judge Chase might receive the support of a good many Conservative Republicans, but his nomination would chill the ardor of the Democratic hosts, even if it did not produce a division in the ranks of the party.'

A NUISANCE TO BE PROLONGED. The Freedmen's Bureau which Congress has voted to cond nue another year, costs the government of the United States twelve millions of dollars, being about the cost of the whole government of the United States under President John Quincy Adams' administration. It consists of an army of malignant Southern haters, negro fanatics, and needy adventurers, backed in their power by the army of the United States. They have done more to breed an irradicable alienation of the people of the Southern allowed the President for its gonsideration, i States, from the people of the Northern States, than the war itself. It is they United States. Arkansas has already been who have got up the Union Leagues amongst the negroes, and have made them enemies of the white race. It is sissippi and Texas to be acted upon. The they who are the instruments of the Radical party, to Africanize the South, and to put the white man under the negro. It is they who have indoctrinated the negro with the idea, that to take the white man's land is their right; and to kill him is a righteous duty. All the public riots, and not a few of the private murders perpetrated by the negroes on the white people, are traceable directly to the incendiary teachings of some of the agents of this Bureau. Everywhere its influence, with but few exceptions, has been adverse to the peace of the country, or to any steady or efficient industry amongst the blacks. It is not at all surprising that the revolutionary disunionists at Washington, and the few

The victory is more gratifying as it was a strict party contest in view of the approaching Presidential campaign, in the place where Grant is better known than in any other spot on earth, and where E. B. Washburne, who has assumed the guardianship of the General, has resided guarded without delay. It is also made the guardianship of the General, has resided for many years. Mr. Savage, the newly elected Mayor of that city, is one of the most thorough-going, outspoken, and reliable Democrats in all that region, and was, at the time of his election, the editor of the Galena "Democrat," a journal that has ever been perfectly free in its utterances, and consistent in its undisguised hostility to Radicalism in all its forms and varieties. A few years ago, six different attempts were made in one day to demolish the office of that paper. day to demolish the office of that paper, by a rabble instigated to the cowardly act by that same E. THE extravagant management of the Federal finances by the Radical party is likely to be further exposed. The deficiency in the Paymaster-general's office is \$25,000,000, and is attracting much attention. Congress endeavored to secure popularity by voting large bounties to soldiers, and at the same time avoid the charge of profligacy by not appropriating the necessary funds. This, we repeat is the policy at Washington. It is the policy of the Secretary of the Treasury. It is the policy of the Radical Congress, which, by law, has authorized the Secretary to adopt it. It is the policy of the Calcago Convention which nominated Grant. The man Callicot, who was recently sen to the Albany Penitentiary, was, some years ago, elected to the New York Legislature as a Democrat. The State House for legislation is at Albany, as is also the State prison for It is a policy to impoverish the country. It is a policy that is opposed to reason and common sense. After that, Callicot was appointed by Lincoln a cotton agent, which, position he used to feather his own nest. He was next appointed a collector of revenue by President Johnson, on the recommendation of Senator Morgan and other leading Radicals. For robbing the revenue he was recently tried and sentenced to the State prison at Albany. He arrived at Albany day or two ago, and was consigned to the State prison as a criminal. He went to Albany as legislator, and he returns as a convicted criminal. That was a melancholy swinging round the circle.

The "Boys in Blue." Mr. EDITOR:-At a Black-and-Tan-Carpet-Bag meeting held at the State Capitol in Montgomery, Alabama, on the 30th of May last, many of the soldiers stationed there were present, no doubt by invitation, as the Rads presumed of course the "Boys in Blue" were all for Grant and Colfax. In this the "loil" Black-and-Tans were egregiously mistaken. When the place for applause came in, these "Boys in Blue" gave three groans for Grant, three cheers for McClellan, and three cheers for Andrew Johnson, and all with a hearty good will. It is worthy of remark that every election which has been keld since the nomination of General Grant for the Presidency exhibits Democratic gains and Radical losses. The notion that General Grant's popularity as a military man would seduce Democrats to abandon their principles, and support negro equality and military despotism, proves a complete mistake; on the contary, the Democratic party is daily growing stronger by the own transgression, made this excuse to his accession of the honester and more intelligent Maker: "The woman, she gave me of the portion of the Republicans, who find that tree, and I did cat." GROUNDLESS OBJECTIONS .- Objections are sometimes raised against certain medicines on the ground that they cure so many dif ferent diseases. A moment's reflection will expose the shallowness of such an argument, for there is scarcely a medical drug of any kind that is not used for more than one disease. The reason why Mishler's Herb Bitters cures so many diseases is because it the best remedy ever discovered for a invigorates the entire system, strengther the nervous fibres, elevates the standard of all the vital forces, and sustains a most healthful tone of the entire human organism. Medicine that will do this, will cure any disease, for the simple reason that nature will do the rest.
