The Best New York Weekly Published NEW YORK DAY BOOK FOR 1868.

The New York Day-Book is a straightforward findical Democratic paper, with a larger circulation than any other Democratic parmal ever published on this continent, and it enters on the threshold of 1862 more prosperous and more hopeful of the great cause it upholds than ever before. Standing on the Declaration of Independence, that "all (white) men arrequal," and therefore entitled to equal rights, it is opposed to all forms and degrees of special legislation that conflict with this grand central truth of Democracy, and over all and above all, does it combat that monstrous treason to American liberty, which thrusting the negro element into our political system, must of necessity wreck the whole mighty fabric left us by our fathers. God has created white men superior and negroes inferior, and titherfore all the efforts of the past six years to sholish. His work and equalize with negroes—every law violuted, every State tomortion, and the torous archived, and every dollar expended, are necessarily just so many steps towards national suicide; and the simple and swil protiem now upon us is just this—sinil we recover our reason and refrace our steps, or march on to Mongrelism, social anarchy, and the total ruin of our connity.

The Day Book, therefore, demands the restoration of the "Uthlord site"—ever in the steps of the protein of the protein of the standard statement.

grelism, social anarchy, and the total rum of our country.

The Day Book, therefore demands the restoration of the "Union as it was"—a Union of co-caula States upon the white, heats, as the only hope, and the only means posible under heaven for saving the grand ideas of 1778, and if the real priciples of American liberty, and if the real freemen, and the armest believers in that sacred and glorious cause in which far men of the Revolution offered up their lives will now labor to expose the ignorance, delusion and treason of the Mongrel party, it will succeed, and the white Republic of Washington be restored again in all its original influence and grandenr.

be restored again in all its original influence and grandenr.

The Day Book will, however, hereafter be more han ever devoted to all the varied purposes of a news paper. Conscious that it reaches thousands of families who take no other journal, beyond perhaps their local paper, it will continue and improve its "News of the Week" Summary, so as to present a transcript of the World's events in each issue. Its "Family Department" will embrace the best original and selected stories. Its "Agricultural Department" will be fully sustained, and being the only paper of its class made up expressly for country circulation, it is confident it is worth double the price of a weekly hurriedly reprinted from a daily. It gives full and complete reports of the New York and Albany Cattle Markets; Grain, Provisions and Cotton Markets, and a Weekly review of Financial matters, together with the markets, by telegraph, from New Orleans, Cairo, Charleston, Philisdelphia, &c., &c., up to time of going to press.

Buy Silver Tipped Shoes for your children. A majority of the children wear holes in the toes of their shoes in a very few days; then the shoes are soon worthless, and a new pair must be bought. The only way to prevent this great waste of money is to buy shees protected by silver tips. They never wear out at the toe, and make a pair of shoes last three times as long as without Tips. Leather Caps have been worn to some exteat, but they have proved worthless. Silver Tips have a neat and substantial appearance, and do away entirely with the disagreeable slight of dirty stockings and protruding toes. We have constantly on hand the only assortment of Silver Tipped Shoes to be found in the city, including fine fewed shoes, Balmornis, Youths' Boots, &c., which we offer, together with a large and fashionable assortment of Lades' and Gent's Fine and Heavy goods, at the lowest cash prices.
