FROM REV. JOS. H. KENNARD, D. D., Pastor of the Tenth Baptist Church, Phila, Dr. Jackson-Dear Sir:-I have frequently been requested to connect my name with rec-ommendations of different kinds of medicines, ommendations of different kinds of medicines, but regarding the practice as out of my appropriate spiger, i have in all cases declined; but with a clear proof in various in tances, and particularly in my own family, of the usefulness of Dr. Hoofand's German litters, I depart for once from my usual course to express my full conviction that, for General Debility of the System, and especially for Liver Complaint, it is a safe and valuable preparation. In some cases it may fail; but, usually, I doubt not, it will be very beneficial to those who suffer from the above cause.

Yours very respectfully,

I. H. KENNARD.

The Horrors of Andersonville." -- The

Truth at Last.
[From the Rochester Union.] We have for a few days past been making faithful inquiry into the question, as to who originated and enforced the policy of leaving Federal soldiers, taken by the enemy, to starve and rot in rebel prison pens, and have at last struck upon evidence that appears to remove all doubt. This evidence, we are glad to say, is of a character and comes from a source that at once carries conviction and relieves us of record of that immaculate authority, the "Committee on the Conduct of the War"—

"Committee on the Conduct of the War"—
in a report made to that body by the chief of
the Impeachment Managers, Maj. Gen. B. F.
Builer, which at this time, in the eyes of the
Radical party of the country especially, adds
great weight to his testimony and serves to
give additional importance and interest to the
subject under consideration.

In his report Gen. Butler recites the facts
concerning the disagreement about the exchange of prisoners existing when he was
entrusted with the duties of Commissioner by
the Secretary of War, in December, 1863. He
succeeded during the following three months,
after much trouble, in arranging the basis of
an exchange, man for man and officer for
officer, with the rebel Commissioner, Mr.
Ould, with whom he held conference at Fort-

officer, with the reper Commissioner, air. Ould, with whom he held conference at Forters Monroe. He then says:

""In all disputed points possible could be adjusted, and would then confer with him further, either meeting him at City Point or elsewhere for that purpose. In the meantime the exchanges of sick and wounded and spe-

exchange was verbally communicated, and most emphatic verbal directions were received from the Lieutenant General not to take any step by which another able bodied man should be appared with the statement of the statement of

On the 14th of April, General Butler received a telegram from General Grant at Washington, stating that the whole subject of exchange of prisoners had been referred to him as follows:

Washington, 11. p. m., April 14, 1864.

Maj. Gen. Butter: Your report respecting negotiations with Commissioner Ould for the exchange of prisoners of war, has been refer-red to me for my orders. Until examined by me, and my orders hereon are received by you, decline all furth-

er demonstrations.

U. S. Grant, Lieut. Gen.

Six days later, after General Grant had "examined," he sent a long telegram to General Butler, stating that he had been empowered to "give such instructions as I may deem proper," and he gave instructions of which General Butler says:

"Of course these instructions, in the then

deem proper," and he gave instructions of which General Butler says:

"Of course these instructions, in the then state of negotiations, rendered any further exchange impossible, and retaliation useless."

General Butler says he then made an effort to have the sick and wounded excepted, so that they might be exchanged, and he received the following telegram in reply:

Upon this extraordinary "instruction" General Butler remarks as follows:

"To obtain delivery of even sick and wounded prisoners without any return would be a somewhat difficult operation, save that the enemy, by giving us our wounded and sick in their hand, we retaining all the rebel sick and wounded in ours, burdened us with the care and cost of all the sick and wounded of both sides—an operation of which it is difficult to see the strategetic value, and only to be

In August the question of exchanging prisoners was again up, the rebel Commissioners having renewed the offer to give man for man and officer for officer. But Gen. Grant interposed, and in a telegram to Gen. Butler, dated City Point, August 18, 1864, said:
On the subject of exchange, I differ with Gen. Hitchcock; it is hard on our men held in Southern prisons not to exchange them, but is humanity to those left in the ranks to fight our battles. Every man released on parole or otherwise becomes an active soldier against us at once either directly or indirectly. If we us at once either directly of indirectly. If we commence a system of exchange which liberates all prisoners taken, we will have to fight on until the whole South is exterminated. If we hold those men caught, they amount to no more than dead men. At this particular time, to release all rebel prisoners North would insure Sherman's defeat, and would compromise our safety here.

Which General Grant made war upon the rebellion. And the people will remember rebellion. And the people will remember that while this inhuman policy was being mercilessly carried out they were told by the government and by the organs of the admini-stration that the whole difficulty about the exchange was on the part of the rebels—that

our government was willing and anxious to get our poor fellows out of the jaws of the terrible death that awaited them in the rebel licy at the great election at Eatans will, bet-prisons, but could not. "I have felt it my duty to give an account with this particular carefulness of my particular carefulness of exchange of prisoners, the orders under which I acted, and the negotiations attempted, which comprises a faithful narration of all that was done, so that all may become a matter of history.

The loyal mourners will doubtless derive solace from this fact, and appreciate all the more highly the genius which conceived the plan and the success won at so great a cost.

It is Gen. Butler, chief Manager of Impeachment and leader of the Radical party now supporting Gen. Grant for the Presidency, who states these facts and makes this criticism upon the originator and executor of the policy of sacrificing, uselessly and unnecessarily, more lives than the British lost in all their wars with Napoleon. We have nothing to add.

After this explicit response there can be no doubt that the devotion of the W. G. C. will be recognized when Grant is President.

I then called on Colfax and assured him that he had been the choice of Weeksville from the start, that the resolutions endorsing Penton were merely complimentary, out of gratitude for the pardon of a relative of the Secretary of the club, who, having no funds of his own at the bank, had used the name of a gentleman who had, on a 'check for a thousand dollars, for which the 'prejudiced criminal authorities had sent him to Sing Sing.

Mr. O'Tard said possibly he did, when he couldn't get any one else to pay for it.

The Chair—"Gentlemen, as our eloquent leader observes, 'Let us have peace,' and proceed to vote on the main question, which the Secretary will now please to read."

The Secretary read the question, put in Congressional shape:
