White Men Must Rule America. CLUBS FOR 1868 ... CLUBS FOR 1868. The Ecut New York Weekly Published.

The New York Day-Book is a straightforward itadical bemoerable paper, with a larger circustation train any other bemoeratic point and every published on this continent, and it enters on the threshold of lies more prosperous and more hepetal to the great cause it upholds than ever before. Standing on the Becharition of Independence, that "all (white) men are equal," and therefore entitled to equal rights, it is opposed to all forms and degrees of special legislation that conflict with this grand central fruth of Democracy, and over all and above all, does it conduct that monstrous treason to American liberty, whilely thrusting the negro dement into our political system, must of necessity wreek the whole nightly fabric left us by our fathers, tood has created white men superior and negroes interior, and therefore all the efforts of the past six years to aboush his work and equalize with negroes—every law violated, every State Constitution overthrown, every life sacrificed, and every dollar expended, are necessarily just so many steps towards national safefac; and the simple and awful proclem now upon us is just this—shall we recover our reason and retrace our steps, or march out of Mongreism, social anyerby, and the total ruin of

be testored again in all its original influence and grandeur.

The Day Book will, however, hereafter be influential ever devoted to all the varied purposes of a now-spaper. Conscious that it reaches thousands out tanilies who take no other journal, heyond perlaps, their local paper, it will continue and improve its "News of the will continue and improve its "News of the Week" summary, so as to present a transcript of the World's events in each Issue. Its "Familiay Department" will embrace the best original and selected stories. Its "Agricultural Department" will be fully sustained, and being the only paper of its class made up expressly for country/cheukation, it is confident it is worth double the price of a well-gly hurriedly reprinted from a daily. It gives full and complete reports of the New York and Albany Cattle Markets; Grain, Provisions and Cotton Markets, and a Weekly review of Financial matters, to gether with the markets, by telegraph, from New Orleans Catton, Phylicial daily
