White Men Must Bule America. CLUBS FOR 1868---CLUBS FOR 1868. The Best New York Weekly Published. NEW YORK DAY BOOK!

FOR 1868.

The New York Day-Book is a straightforward Radical Democratic paper, with a larger direction than any other Democratic journal ever published on this, continent, and it enters on the threshold of Iss more prosperous and more hopeful of the great cause it upholds than ever before, Standing on the Declaration of Independence, that "all (white) men arreequal," and therefore entitled to equal rights, it is opposed to all forms and degrees of special legislation that conflict with this grand central truth of Democracy, and over all and above all, does it combat that smonstrous treason to American liberty, which, thrusting the negro element into our political system, must of necessity wreck the whole mighty fabric left us by our fathers. God has created white men superior and negroes inferior, and therefore all the efforts of the past sky years to abolish His work and equalize with negroes—every law violated, every state Constitution overthrown, every life sacrificed, and every dollar expended, are necessarily just so many steps towards national smelder and the simple and awful proclem now upon us is just this—shall we recover our reason and retrace our steps, or march on to Mongrehsm, seeml anarchy, and the total ruin of our conting.

grelism, social anarchy, and the total rum of our country.

The Pay Book, therefore, demands the restoration of the "Chlon as it was "at Union of corpul States upon the white basis, as the only hope, and the only means possible under heaven for saving the grand ideas of 1776, and the fundamental priciples of American liberty, and it the real freemen, and the carnest believers in that sacred and glorious cause in which the men of the Revolution offered up their lives, will now labor to expose the ignorance delusion and preason of the Mongrel party, it will sueceed, and the white Republic of Washington be restored again in all its original influence and grandeur. be restored again in all its organal influence and grandeur.

The Day Book will, however, hereafter be more than ever devoted to all the varied purposes to a news paper. Conscious that it reaches thousands of families who take no other journal, beyond perhaps their local paper, it will continue and improve its "News of the Wock" Summary, so as to present a transcript of the World's events in each issue. Its "Family bepartment" will embrace the best original and selected stories. Its "Agricultural Department" will be fully sustained, and being she only paper of its class made up expressly for country cheulation, it is confident it is worth double the price of a weekly hurrisely reprinted from a daily. It gives full and complete reports of the New York and Albany Cuttle Markets; Grain, Provisions and Cotton Markets, cts; Grain, Provisions and Cotton Market and a Weekly-review of Financial matters, to ether with the markets, by telegraph, for sew Orleans, Cairo, Charleston, Philadelphi te., &c., up to time of going to press.
