White Men Must Rule America. CLUBS FOR 1868---CLUBS FOR 1868. The Best New York Weekly Published.

J. BICHENLAUB & CO., MANUFACTURERS OF 🕠

No. 628 State Street.

The New York Day-Book is a straightforward Radical Democratic paper, with a larger cheulation than any other bemocratic journal ever published on this continent, and it enters on the threshold of 180 more prosperous and more hopeful of the great cause it uphold, than ever helpeful of the great cause it uphold, than ever helpeful of the great cause it uphold, than ever helpeful of the great cause it uphold, than ever helpeful of the great cause it uphold, than ever helpeful of the great cause it uphold, than ever hopeful of the great cause it uphold, then continued the great cause it of the great cause it uphold therefore entitled to equal rights, it is opposed to all forms and degrees of special legislation that conflict with this grand central truth of Democracy, and over all and above all, does it combat that monstrous treason to. American liberty, which, thrusting the negro dement into our political system, must of necessity wreek the whole mightly fabric left us by our fathers. God has created white men superior and negroes inferior, and therefore all the efforts of the past six years to abolish Hig work and equalize with negrobs—every law violated, every State Constitution overthrown, every life sacrificed, and every dollar, expended, are necessarily just so many steps towards national suicide; and the simple and awful protlem now upon us is just this—shall we recover our reason and retrace our steps, or march on to Mongrelism, social anarchy, and the total ruin of our country.

The Day Book, therefore, demands the resto-

greism, social anarchy, and the constraint our country.

The Day Book, therefore, demands the restoration of the "Uhion as it was"—a Union of co-equal States upon the white basis, as the only hope, and the only means posible under heaven for saving the grand ideas of 1776, and the fundamental priciples of American liberty, and if the real freemen, and the earnest believers in that sacred and glorious cause in which the men of the Revolution offered up their lives will thou labor to exose the ignorance, delusion

that sacred and glorious cause in which the men of the Revolution offered up their lives, will now labor to expose the ignorance delusion and treason of the Monret party, it will succeed, and the white Republic of Washington be restored again in all its original influence and grandeur.

The Pay Book will, however, hereafter be more than ever devoted to all the varied purposes of a news paper. Conscious that it reaches thousands of families who take no other journal, beyond perhaps their local paper, it will continue, and improve its "News of the Week" Summary, so as to present a transcript of the World's events in each issue. Its "Family Department" will embrace the best original and selected stories, its "Agricultural Department" will be fully sustained, and being the only paper of its class made up expressly for country circulation, it is confident it is worth double the price of a weekly hurrically reprinted from a daily. It gives tall and consiplet reports of the New York and Albany Cattle Markets; Grain, Provisions and Cotton Markets, and a Weekly review of Financial matters, together with the markets, by telegaph, from New Orleans, Cairo, Charleston, Philadelphia, &c., &c., up to time of going to press.

"THE WORLD."

At the opening of the year lsts, "The World" challenges, more confidently than ever, the sympathy and support of all patriotic chizens. A glorious work has been gloriously begun.— beep alteady answers deep. The long fidelity of this journal to the cause of liberty protected by law stands nobly vindeate of in seplendor of victory shining from Maine to California. Connecticut, Ohio, Pennsylvania, New Jersey, New York, have thundered forth their verdiet upon the misrule and madness of the past, But much more remains to be done. Never was the peni of the country greater. The Radical party still decrees the death of representative self-government in tensovereign states. Arma d with unitary despotism and wholesale Negro Suffrage, it desperately grasps at a permanent lease of power, in defiance of public opinion, at the cost of commons taxes and of crippled industries, at the cost of Union and Peace.

To the great battle still to be fought "The World' will give all its efforts, all its chergies, it asks of its friends in their turn as much; it asks of them more readers and a wider influence. It asks this with confidence in its claims as renewspaper and as an organ of opinion.

The chief use of a Newspaper is to give its readers New York. Ventilated and most Luxurious Sleeping Cars in the World accompany all night trains on this Railway.

PROSPECTUS. THE MORNING PATRIOT The office of the late Patriot and Union hay

ing passed into the hands of the undersigned, they propose to supply a vacuum that has long exited in the newspaper press of interior Penn-sylvania. sylvania.

From some cause or other the reading masses of the Democratic party of the great interior counties of the state have been compelled, elther to do without the latest news or patronize journals whose political sentiments were disasteful to them.
The Morning Patriot is intended to supply his want. Its proprietors are determined that no effort shall be spared, on their part, to make it fully shall be spared, on their part, to make it fully equal, as a newspaper, to any of its competitors. Whatever the electic wires are able to comminicate, up to the hour or going to press, will be furnished in its columns every morning; and its large size will enable it to give quite as much reading matter as any of its contemporaries.

As an advocate of sound political sentiments favoring no faction, elique of section, but devoting its entire energies to the good of the whole party; as a vehicle of the latest news, and chronicler of passing events, we are determined its shall not be excelled; and we confidently appeal to a discriminating public for that appreciation and encouragement which are indispensable to success.

For the Daily, one year in advance,
" " Six months, "
Single Copies, Three Cents. It is the determination of the proprictors of the Patriot to make their weekly journal fully qualito what the Patriot and Union was in its paimiest days. It will be one of the largest weekly papers in the State, and special pains will be taken to fill its columns with such reading matter as will be alke interesting and useful to the Farmer, the Mechanic and the Man of Business, and to make it an agreeable and welcome visitor in every family.

Every person should subscribe to the paper printed in his own county, and we do not mean to enter into competition with the local papers of the State. But, many people take their home paper and a city paper in addition. To such we send greeting. THE WEEKLY PATRIOT.
