The Best New York Weekly Published. Farmers and Others. NEW YORK DAY BOOK! FOR 1868. SHES, BEESWAY, BEANS, BUTTER

The New York Day-Book is a straightforward Radical Democratic paper, with a larger circulation than any other bemocratic journal ever published on this continent, and it enters on the threshold of Isôs more prosperous and more hopeful of the great cause it upholds than ever before. Standing on the Declaration of Independence, that "all (white) men are equal," and therefore entitled to equal rights, it is opposed to all forms and degrees of special legislation that conflict with this grand central truth of Democracy, and over all and above all, does it combat that monstrons treason to American liberty, which thrusting the negro element into our political system, must of necessity wreck the whole mighty fabric left us by our fathers. God has created white men superior and negroes inferior, and therefore all the efforts of the past six years to abolish His work and equalize with negroes—every law violated, every State Constitution overthrown, every life sacrificed, and every dollar expended, are necessarily just so many steps towards, antional spicide; and the simple and awful problem now upon us is just this—shall we recover our reason and retrace our steps, or march on to Mongrelism, social anarchy, and the total ruin of our country.

The Day Book, therefore, demand, the restogrelism, social anarchy, and the total value our country.

The Day Book, therefore, demands the restoration of the "Union as it was"—a Union of coequal States upon the white basis, as the only hope, and the only means possible under heaven for saving the grand adeas of 1776, and the fundamental priciples of American liberty, and if the real freemen, and the carnest believers in that sucred and ghorious cause in which the men of the Revolution offered up their lives, will now labor to expose the Ignorance delastion.

that sacred and glorious cause in which the men of the Revolution offered up their lives, will now labor to expose the ignorance delusion and treason of the Mongrel party, it will succeed, and the white Republic of Washington be restored again in all its original influence and grandeur.

The lay look will, however, hereafter bemore than ever devoted to all the varied purposes of a news paper. Conscious that it reaches thousands of families who take no other journal, beyond perhaps their local paper, it will continue and improve its "News of the Week" Summary, so as to present a transcript of the World's events in each issue. Its "Family Department" will contract he best original and selected stories. Its "Agricultural Department" will be fully sustained, and being the only paper of its class made up expressly for country circulation, it is confident it is worth double the price of a weekly hurrically reprinted from a duily. It gives full and complete reports of the New York and Albany Cattle Markets, Grain. Provisions and Cotton Markets, and a Weekly review of Financial matters, together with the markets, by telegraph, from New Orleans, Catro, Charleston, Philadelphia, dec., de., up to time of going to press.
