Those preferring a Medicine, free from Alco-nolic admixture, will use HOOFLAND'S GERMAN BITTERS. Those who have no objection to the combination of the Bitters, as stated, will use HOOFLAND'S GERMAN TONIC.

Hoofland's German Tonic

They are both equally good, and contain the same medicinal virtues, the choice between the two being a mere matter of taste, the Tonic being the most palatable.

HOOFLAND'S

- AND HOOFLAND'S

GERMAN TONIC. Prepared by DR. C. M. JACKSON,

Philadelphia, Pa.

Twenty-two years since they were first intro-duced into this country from Germany, during which time they have undoubtedly performed more cures, and benefitted suffering humanity to a greater extent, than any other remedies known to the public. These remedies will effectually cure Liver Complaint, Jaundice, or Nervous Debuilty, Diseases of the Kideranising from a district, or Intestines.

DEBILITY, Resulting from any cause whatever; Prostra-tion of the System, induced by Severe Labor, Hardships, Exposure, Fevers, Etc.

There is no medicine extant equal to these remedies in such cases. A tone and vigor is imparted to the whole system, the appetite is strengthened, food is enjoyed, the stomach digests promptly, the blood is purified, the complexion becomes sound and healthy, the yellow tings is crudicated from the eyes, a bloom is given to the cheek, and the week and nervous invalid becomes a strong and healthy being. Persons advanced in life, and feeling the hand of time weighing heavily upon them, with all its attendant ills, will find in the use of this BITTERS, or the TONIC, an elixir that will instil new life into their yeins, restore in a measure the energy and ardror of more youthful days, build up their shrunken forms, and give health and happiness to their remaining years.

NOTICE. It is a well established fact that fully one-half of the female portion are seldom in the enhealth; or, to use the or, "never toe! I their own expresguid, devoid of all energy, extremely nervous, and have no appetite.

Weak and delicate children are made stron by the use of either of these remedies. They will cure every case of MARASMUS, without fail. Thousands of certificates have accumulated in the hands of the proprietor, but space will allow of but few. Those, it will be observed, are men of note and of such standing that they must be believed.

DR. JACKSON—Deur Sir:—I have frequently been requested to connect my name with reconamendations of different kinds of medicines, but regarding the practice as out of my appropriate sphere. I have in all cases declined; but with a clear proof in various instances and particularly in My own family, of the usefulness of Dr. Hooffand's German litters, I depart for one from my usual course to express my full conviction that, for General Debility of the System, and especially for Liver Complaint, it is a safe and valuable preparation. In some cases it may fail; but, usually, I doubt not, it will be very beneficial to those who suffer from the above cause.

Yours very respectfully.

Accepting the invitation of crowling cey-mour's private Secretary, Mr. Knox, I visited the Governor at his country seat, about five miles from the city. "Derfield" is the name by which the farm is known. It is most beautifully situated, commanding a magnificent view of the surrounding country, as well as of the city of Utica. Perhaps this is one of the best agricultural regions in the State; and this probably one of the finest of fine farms about here. The Governor gives to his farm much of his time and attention, and

Governor Seymour on my arrival was out on the farm. While waiting I had a little time to look around. The first object that attracted my attention was the head, hoofs and authers of a mammoth moose over the hall door, which the Governor, himself, had shot some years ago. It is a magnificent specimen, and must have required the skill of an experienced marksman to bring down the noble animal. Governor Seymour prides himself I am told on his proficiences. himself, I am told, on his proficiency as a sportsman. The next_object was an old sword that had been in the family for many years, presented by a distinguished French officer, whose name I cannot now recollect, about the time of the Canadian-French war.

Who Pay the Taxes?

The Radical papers cannot understand The Radical papers cannot understand why the Democrats make such an outery about the taxes. They tell us we are mostly poor people, who have little property and who pay no taxes, because they do not find our names in the Assessors' list. The great manufacturers may think they pay the taxes on manufactured goods; but do they? Whatever tax they pay, they charge to the wholesale purchaser, and recover it back from him with interest. The wholesale dealer adds the tax, with still more interest, to the bill he sends to the retail storekeeper. The storekeeper puts his own tax, and all the accumulated taxes the others have charged to him, upon the price of the article

the accumulated taxes the others have charged to him, upon the price of the article when he sells it over the counter to the workingman. This is what makes things so dear. The laborer, buying goods, in the store, has to pay not only the original value of the thing, but all the tax on it that has been paid at each stage, by manufacturer, wholesale dealer and storekeeper. Each of these in turn recover from the next man the amount of tax they have paid. But the last amount of tax they have paid. But the last man, the laborer, the consumer, the ultimate owner of the article, who does not sell it to owner of the article, who does not sell it to anybody else, but keeps it, uses it, and wears it out—who pays him the accumulated taxation which all these richer men have, one after the offier, piled upon the goods, to enable them to meet the demands of the taxagatherer? The tax is shifted from manufacturer to wholesale dealer, and from him to the storekeeper, and from him to the workingman. But on whom shall the workingman shift the tax? He must pay it all, and ingman. But on whom shall the workingman shift the tax? He must pay it all, and get none of it back from anybody else. As long as goods are being sold and transferred from hand to hand, so long the tax is kept shifting from one man's back to another; but when the article ceases to be turned over in trade, and becomes applied to the use for which it was designed, then the tax can be no further shifted. The man who wears the shirt pays the tax of the storekeeper who sold it, of the wholesale dealer who supplied it to the store, and of every man who has handled it back of the cotton factory millionaire in whose mills it was woven. As Jefferson says: "Taxation is like a ball rolling down stairs, it bumps on each step, but it no further shifted. The man who wears the shift pays the tax of the storekeeper who sold it, of the wholesale dealer who supplied it to the store, and of every man who has handled it back of the cotton factory millionaire in whose mills it was woven. As Jefferson says: "Taxation is like a ball rolling down stairs, it bumps on each step, but it finally rests on the lowest." It is the working masses who pay the taxes, it is they who have the deepest interest in honest and economical administration of the Government. It is their money that pays the Freedman's Bureau, and supports lazy negroes in idleness, and rascally carpet-baggers in playing pranks before high Heaven in the capacity of bogus legislators of the States of the South. The men in this country who work with their hands for daily bread, are the ones who pay the four hundred million dollars a year which the Radicals contrive to dissipate in the capacity of the states of the South. Honest men,

Say—Deliberately, calmly, honestly, unfinch-ingly; say whether the reign of the Radicals has not been the greatest curse that ever darkened America. Say whether the Union that is, is not immeasurably worse than the Union that icus. We do not seek to excite.
