White Men Must Rule America.

CLUBS FOR 1868---CLUBS FOR 1868.

The Best New York Weekly Published.

NEW YORK DAY BOOK!

FOR 1868.

The New York Day-Book is a straightforward Radical Democratic paper, with a larger circulation than any other Democratic journal ever published on this continent, and it enters on the threshold of 1868 more prosperous and more hopeful of the great cause it upholds than ever before. Standing on the Declaration of Independence, that "all (white) men are equal," and therefore entitled to equal rights, it is opposed to all forms and degrees of special legislation that conflict with this grand central truth of Democracy, and over all and above all, does it combat that monstrous treason to American liberty, which, thrusting the negro element into our political system, must of necessity wreck the whole mighty fabric left us by our fathers. God has created white men superior and negroes inferior, and therefore all the efforts of the past six years to abolish His work and equalize with negroes—every law violated, every State Constitution overthrown, every life sacrificed, and every dollar expended, are necessarily just so many steps towards national suicide; and the simple and awful problem now upon us is just this—shall we recover our reason and retrace our steps, or march on to Mongrelism, social anarchy, and the total ruin of our country.

The Day Book, therefore, demands the restoration of the "Union as it was"—a Union of co-equal States upon the white basis, as the only hope, and the only means posible under heaven for saving the grand ideas of 1776, and the fundamental principles of American liberty, and if the real freemen, and the earnest believers in that sacred and glorious cause in which the men of the Revolution offered up their lives, will now labor to expose the ignorance, delusion and treason of the Mongrel party, it will succeed, and the white Republic of Washington be restored again in all its original influence and grandeur.

The Day Book will, however, hereafter be more than ever devoted to all the varied purposes of a news paper. Conscious that it reaches thousands of families who take no other journal, beyond perhaps their local paper, it will continue and improve its "News of the Week" summary, so as to present a transcript of the World's events in each issue. Its "Family Department" will embrace the best original and selected stories. Its "Agricultural Department" will be fully sustained, and being the only paper of its class made up expressly for country circulation, it is confident it is worth double the price of a weekly hurriedly reprinted from a daily. It gives full and complete reports of the New York and Albany Cattle Markets; Grain, Provisions and Cotton Markets, and a Weekly review of Financial matters, together with the markets, by telegraph, from New Orleans, Cairo, Charleston, Philadelphia, &c., &c., up to time of going to press.

"THE WORLD."

At the opening of the year 1868, "The World" challenges, more confidently than ever, the sympathy and support of all patriotic citizens. A glorious work has been gloriously begun.—Deep already answers deep. The long fidelity of this journal to the cause of liberty protected by law stands nobly vindicated in a splendor of victory shining from Maine to California. Connecticut, Ohio, Pennsylvania, New Jersey, New York, have thundered forth their verdict upon the miserable madness of the past. But much more remains to be done. Never was the peril of the country greater. The Radical party still decrees the death of representative self-government in ten sovereign States. Armed with military despotism and wholesale Negro Suffrage, it desperately grasps at a permanent lease of power, in defiance of public opinion, the protest of enormous taxes and of crippled industries, at the cost of Union and Peace.

To the great battle still to be fought "The World" will give all its efforts, all its energies. It asks of its friends in their turn as much; it asks of them more readers and a wider influence. It asks this with confidence in its claims as a newspaper and as an organ of opinion.

The chief use of a Newspaper is to give its readers

ALL THE NEWS.

For this the facilities of "The World" are unsurpassed by any journal in the United States. It seeks to excel by an accuracy and candor, a spirit and freshness in its news columns which shall commend it to readers of whatever party, sex, creed or place.

As an organ of opinion "The World" is the unflinching champion of

A Liberal, Progressive Democracy,

whereof the corner stone is Freedom restrained by Justice; Freedom pure and simple, in the largest collective measure; the office of Justice being to protect Freedom from encroachments; Freedom of the individual citizen in his rights of though, speech, religion and locomotion; in his Right to make any money bargains he thinks proper in spite of foolish usury laws; in his Right to buy and sell in all markets, domestic and foreign, in spite of unjust protective tariffs; in his Right to choose his own food and drink, in spite of meddlesome temperance laws; in his Right to representation in the legislative bodies which tax him, in spite of unconstitutional exclusions; Freedom of collective citizens to assemble for discussion of grievances; Freedom of all local communities to manage their local affairs without central interference; Freedom in every section of the country, from the arrogant and unconstitutional dominion of other sections. This large and comprehensive idea of Freedom sums up the politics of "The World," which will never be found wanting to this capital interest of the country and of the human race.

A paper published in the metropolis is naturally looked to for careful Market reports and authentic information, and intelligent discussions relating to

Trade, Commerce and Finance.

In these features "The World" invites comparison with any other journal.

PROSPECTUS.

THE MORNING PATRIOT.

The office of the late Patriot and Union having passed into the hands of the undersigned, they propose to supply a vacuum that has long existed in the newspaper press of interior Pennsylvania.

From some cause or other the reading masses of the Democratic party of the great interior counties of the state have been compelled, either to do without the latest news or patronize journals whose political sentiments were distasteful to them.

The Morning Patriot is intended to supply this want.

Its proprietors are determined that no effort shall be spared, on their part, to make it fully equal, as a newspaper, to any of its competitors. Where even the electric wires are able to communicate, up to the hour of going to press, will be furnished in its columns every morning; and its large size will enable it to give quite as much reading matter as any of its contemporaries.

As an advocate of sound political sentiments, favoring no faction, clique or section, but devoting its entire energies to the good of the whole party; as a vehicle of the latest news, and a chronicler of passing events, we are determined it shall not be excelled; and we confidently appeal to a discriminating public for that appreciation and encouragement which are indispensable to success.

THE WEEKLY PATRIOT.

It is the determination of the proprietors of the Patriot to make their weekly journal fully equal to what the Patriot and Union was in its palmiest days. It will be one of the largest weekly papers in the State, and special pains will be taken to fill its columns with such reading matter as will be alike interesting and useful to the Farmer, the Mechanic and the Man of Business, and to make it an agreeable and welcome visitor in every family.

Every person should subscribe to the paper printed in his own county, and we do not mean to enter into competition with the local papers of the State. But, many people take their home paper and a city paper in addition. To such we send greeting.
