White Men Must Rule America.

CLUBS FOR 1868...CLUBS FOR 1868.

The New York Day-Rook is a straightforward Radical Democratic paper, with a larger circulation than any other Democratic journal over published on this continent, and it enters on the threshold of 18c3 more prosperous and more hopeful of the great cause thupholds than ever before. Standing on the Declaration of Independence, that "all (white) men are equal," and therefore entitled to equal rights, it is opposed to all forms and degrees of special legislation that conflict with this grand central truth of Democracy, and over all and above all, does it combat that monatrous treason to American liberty, which, thrustling the negro element into our political system, must of necessity wreck the whole mightly fabric left us by our fathers. God has created white men superior and negroes inferior, and therefore all the efforts of the past six years to abelish His work and equalize with negroes—every law violated, every State Constitution overthrown, every life sacrificed, and overy dollar expended, are necessarily just so many steps towards national salede; and the simple and awful problem now upon us is just this—shall we recover our reason and retrace our steps, or march on to Mongrellsm, social anarchy, and the total ruin of our country.

The Day Book, therefore, demands the resto-

grelism, social anarchy, and the total rum of our country.

The lay Book, therefore, demands the restoration of the "Union as it was"—a Union of coequal States upon the white basis, as the only hope, and the only means possible under heaven for saving the grand ideas of 1776, and the fundamental priciples of American liberty, and if the real freemen, and the earnest believers in that sacred and glorious cause in which the men of the Revolution offered up their lives, will now labor to expose theignorance, delusion and treason of the Mengrel party, it will succeed, and the white Republic of Washington be restored again in all its original influence and grandeur.
