White Men Must Rule America. CLUBS FOR 1868--CLUBS FOR 1868. The Best New York Weekly Published.

The New York Day-Book is a straightforward Radical Democratic paper, with a larger circulation than any other Democratic journal ever published on this confinent, and if enters out the threshold of 1828 more prosperous and more hopeful of the great cause it uphoids than ever before. Standing on the Declaration of Independence, that "all (white) men are equal," and therefore entitled to equal rights, it is opposed to all forms and degrees of special legislation that conflict with this grand central train of Democracy, and over all and abova all, does it combat that monstrous treason, to American liberty, which, thrusting the begree element into our political system, must of necessity wreck the whole mighty hards left us by our fathers. God has created white men superfor and negrees interfor, and therefore all the enforts of the past six years to abolish. His work and equalize with negroes—every law violated, every State Constitution overthrown, every life sacrificed, and every dollar expended, are necessarily just so many steps lowards national suicide; and the simple and wull proclem new upon us is just this—thall we recover our reason and retrace our steps, or inarch on to Mongrelism, social anarchy, and the total ruin of our country.

The Day Book, therefore, demands the resto-

grelism, social anarchy, and the total ruin of our country.

The Day Book, therefore, demands the restocation of the "Union as it was"—a Union of co-count states upon the wills hasis, as the only hope, and the only means posible under heaven for saving the grand ideas of 17% and the fundamental priciples of American liberty, and it the rai freemen, and the zargest believers in that sacred and glorious cause, in which the mean of the Revolution offired up their lives will now labor to expose the ignorance declusion and treason of the Mongrel party, it will succeed, and the white Republic of Washington be restored again in all its original influence and grandeur. and grandeur.

The Day Book will, however, hereafter be more than ever devoted to all the varied purposes of a news paper, Conscious that it reaches thousands of families who take no other journal, beyond perhaps their local paper, it will continue and improve its "News of the Week" Summary, so as to present a transcript

journal, beyond perhaps their local paper, I will continue and improve its "News of the Week" Summary, so as to present a transcrip of the World's evolus in each issue. Its "Fam ity Department" will embarace the best original and selected stories. Its "Agricultural Department" will, be fully sustained, and being the only paper of its class made up expressly to country circulation, it is confident it is world double the price of a weekly burriedly reprinted from a daily. It gives full and compicte reports of the New York and Albeny Cattle Markets and a Weekly review of Financial matters, to gether with the markets, by telegraph, from New Orleans, Cairo, Charleston, Fulliadelphis &c., &c., up to time of going to press.
