White Men Must Rule America. CLUBS FOR 1868---CLUBS FOR 1868. The Best New York Weekly Published

FOR 1868.

The New York Day-Book is a straightforward Radical Democratic paper, with a larger circulation than any other Democratic journal over published on this continent, and it enters on the threshold of 1863 more prosperous and more hepeful of the great cause it upholds than ever before. Standing on the Declaration of Independence, that "all (white) men are equal," and therefore cutitled to equal rights, it is opposed to all forms and degrees of special legislation that conflict with this grand central truth of Democracy, and over all and above all, does it comist that monstrous treason to American liberty, which, thrusting the negro element into our political system, must of necessity wreck the whole mightly shrive left us by out fathers. God has created white men superior and asgrees with negros—every law vjolated, every death of the constitution overthrown, every life sacrificed, and every dollar expended, are necessarily just so many steps towards national suicide; and the simple and awful problem new upon us is just this—shall we recover our reason and retrace our steps, or march on to Mongrellism, social anarchy, and the total ruin of our country.

The Bay Book, therefore, demands the resto-

son and retrace our steps, or march on to Mongrellym, social anarchy, and the total ruln of our constry.

The Day Book, therefore, demands the restoration of the "Union as it was"—a Union of coqual States upon the white basis, as the only hope, and the only means possible under heaven for saving the grand ideas of 1775, and the fundamental priciples of American liberty, and if the real freemen, and the carnest believers in that ancred and glorlous cause in which the men of the Bovolution offered up their lives, will now labor to expose the ignorance, delusion and treason of the Mongrel party, it will succeed, and the white Republic of Washington be restored again in all its original inquence and grandeur.

The Day Book will, however, hereafter be more than ever devoted to all the varied purposes of a news paper. Cosscious that it reaches thousands of families, who take no other journal, beyond perhaps their local paper, it will continue and improve its "News of the Week" sammarry, so as to present a transcript of the World's events in each issue. Its "Pamily Department" will embrace the best original and selected stories. Its "Agricultural Department" will be fully anstained, and being the only paper of its class made up expressly for country circulation, it is confident it is worth double the price of a weekly hurriedly reprinted from a daily. It gives full and complete reports of the Weekly review of Financial matters, to gether with the markets, by telegraph, from New Orleans, Cairo, Charleston, Philadelphia, &c., &c., up to time of going to press.
