White Men Must Bule America. CLUBS FOR 1868...CLUBS FOR 1868. The Best New York Weekly Published. NEW YORK DAY BOOK! BOOTS & SHOES!

FOR 1868.

The New York Day Book is a straightforward Radical Democratic paper, with a larger circulation than any other Bemocratic journal ever published on this continent, and it exters on the threshold of 1828 more prosperous and more before. Standing on the Declaration of Independence, that "all (white) men are equal," and therefore entitled to equal rights, it is opposed to all forms and degrees of special legislation that conflict with this grand central fruth of Democracy, and over all and Boove all, does it combat that monstrons treason to American liberty, which thrusting the negro element into our positical system, must of necessity street, the whole mighty fabric left us by our fathers, God has created white men superior and segrees inferior, and therefore all the efforts of the past six years to abolish His work and equalize with negroes—every law violated, are excessarily just so many steps towards infilional suicide; and the simple and awful providin new upon us is just this—shall we recover our reason sucial an archy, and the total rain of our country.

The Day Book, therefore, demands the restogrelism, social anarchy, and the west amount country.

The Day Book, therefore, demands the restoration of the "Uhion as it was"—a Union of coequal Stafes upon the white basis, as the only
hope, and the only means posible under-theaver
for saving the grand ideas of 1776, and the fundamental priciples of American liberty, and "it
the resi freemen, and the earnest believers it
that sacred and glarious cause in which the
men of the Revolution offered up their "lives
will now labor to expose the lignorance delusion"

be restored again in all its original inducace and grandeur.

The Day Book will, however, hereafter be more than ever devoted to all the varied-purposes of a news paper. Conscious that it reaches thousands of families who take no other journal, beyond perhaps their local paper, it will continue and improve itse News of the Week" Summary, so as to present a transcript of the World's events in each issue. Its 'Hamily Department' will embrace the best original and selected stories. Its ''Agricultural Department' will be fully sustained, and being the only paper of its class made up expressly for country circulation, its confident it is worth double the price of a weekly hurrledly reprintcountry circulation, it is confident it is iverth double the price of a weekly hurriedly rightned from a daily. It gives full and complete reports of the New York and Albany Cattle Starkets: Grain, Provisions and Cotton Markets, and a Weekly review of Financial matters, to action with the markets, by telegraph, from New Orleins, Cairo, Charleston, Philadelphia &c., &c., up to time of going to press.
