Mr. Stranahan has given much at Greene tp., at suit of John Ott, use of Peter tention to the subject, and claims that by Rosentihl. this plan a yearly saving of from fifteen to twenty thousand dollars will be effected to the tax-payers of the county. It is well known that the cost of collection under the present system is a heavy item, and that the money is obtained in such an uncertain way that no is obtained in such an uncertain way that no calculation can be made as to the time when it will be ready for use. One important result, also, consists in the fact that the taxes are mostly secured by a certain date, and the public officers, are enabled to make their appropriations accordingly. In answer to the objection that the delinquent baxes will be very heavy under the new

plan, Mr. S. exhibits figures to prove that, on the contrary, they will be less than at presremained uncollected, which is contended to be greatly below the sum in our own county. We are informed that a calculation made on Saturday satisfactorily convinced several gentlemen who have bitherto opposed the bill that the city alone would be a gainer by and faithful servant." 🚗

LOCAL LEGISLATION. On Friday last the bill incorporating the Corry Gas and Water direction when the engine was backed up, Company passed finally in the State Legisla-

county was recently introduced into the presentatives, at Washington, is a gentleman

its provisions:

Rereafter Justices shall have jurisdiction in all causes arising from contract expressed or indvertising, when instances of men who or implied, when the sum demanded is not have accommon to the same as heretofore, when the sum did not exceed \$100. In cases when a use of printers' ink are so common. If you suit or action shall be commenced in the Court of Common Pleas, and the plaintiff shall obtain judgment in a sun less than 18800, he shall not be allowed to recover costs from the defendant, unless he shall have previously filed with the precipe his own or some other person's affidavit that the amount expected to be recovered exceeded \$300. The said Justices shall have jurisdiction-in actions of trover and conversion, and of trespass, when the value of property claimed or damages alleged does not exceed \$300;

the same as in cases when at present the law limits to \$100. In actions before Justices, when the sum involved exceeds \$50, either the plaintiff or detendant may demand a jury trial, and the

accept the stated amount defendant is willing to pay, and the judgment does not substantiate the amount of his claim, then he shall not recover costs from the defendant.

Before any party shall be allowed to appeal from the verdict of the jury, all legal costs that have accrued must be paid, and recognizance, with ample security, entered into in a sum to cover all costs which may

thereafter accrue.

In cases of jury trial Justices, will be entitled to one dollar per day, in addition to

SCIENTIFIC BLACKMAILING. - A young mar named Peter Grine was arrested recently by Thomas J. Wells, a constable of the West Ward, on the charge of setting fire to a cooper shop af Springfield. He was brought before Justice Gunnison for a hearing, but as there was no evidence to implicate him he was discharged. Subsequently Wells demanded \$17.40, alleged costs on the case, and Grines, after a fruitless attempt to raise the amount in various quarters, was compelled to get that sum from his wife, who was lving quite ill at the time. Wells took the money and enjoined silence, but the story leaked out and Property of Courad Brown, consisting of lots Nos. 35, 36, 37 and 38 in Mill Creek tp., at suit of Wm. Bell, Jr., use of John Hearn, portion of it. Mr. Buckley, a young attorthe constable was compelled to disgorge a ney of this place, volunteered his services in the matter, and Wells, after a hearing before Esquire Curtze, was held to bail in the sum E. Harmon. of \$300 to answer. Subsequently a warrant Property of John Ferrier, consisting of 1-3 for his re-arrest was procured from Justice of \$300 to answer. Subsequently a warrant Kuhler, on the charge of incurring the civil penalty of \$50 for receiving illegal fees .-Wells, in the meantime, had departed for parts unknown, and there the matter rests at present. Our Republican friends are rather unfortunate in their young lawyers, Wells being the second of the ilk, who, within the

COASTING ON THE ICE.-In the mountain ous portions of this State the boys consider it rare amusement to coast down the hills in \$5,000 under its provisions. If it will effect even a half of what is claimed for it, we hope to see the bill adopted, and the people will say to Mr. Stranahan, "Well done, good of an aere of land in city of Corry, at suit of Joseph Pratt, use of F. D. Marion. Property of Martin Ashley, consisting of less laborious pleasure, by consting over the ice which covers the bay, by means of the "ice boat." These boats are constructed in ing himself a most efficient guardian of the sisting of 108 acres of land in Concord tp., such a manner as to enable persons who deinterests of the county. Too many of our As- and 5 acres and 127 rods in same, at suit of sire the agreeable sensations of rapid, yet semblymen have acted as if they were sent to Harrisburg merely to advance mere corto Harrisburg merely to advance mere corto Harrisburg merely to advance mere corto Harrisburg merely to advance mere corsub-division No. 10 of lot 574, Mill Creek tp., of thirty of forty miles per hour, by simply dunning cannot produce currency payelevating a sail and using the wind as the propelling power. These boats are under comthereon, in Eric city, at suit of Isaac Moor-head et al heirs of Thos. Moorhead.

On the person operating them, head et al heirs of Thos. Moorhead. when moving at the most rapid rate of speed, they can be stopped with the utmost facility. The ice in the bay is now of a sufficient thickness to render it perfectly safe, and a stretch of about six miles in length by nearly two in width can be navigated over with this species of craft. One of these boats is now in almost constant use, and it will amply repay a visit to the bay to see the rapidity with which it glides over the ice.

A Suggestion. - There are three applicants for the position of postmaster at Meadville, under the incoming administration, and, as there is only one office, two of these are doomed to disappointment. A number of prominent Radical citizens proposed to the applicants that they should submit their names to a general vote of the citizens of that party, the two receiving a minority of the votes to withdraw all claims to the position in favor of the one whom a majority of the citizens would vote for. Two of the candidates refused to accede to this proposition and the third was willing to abide by the result. As there are several Radical applicants for the post-office in this city would it | ble for him to act cautiously in the future. not be a good idea to submit their claims to

a vote of the Radical citizens? Issue of Bonds -- The Water Work Commissioners laid a petition hefore Connolles at their meeting on Monday night-last, asking a further issue of bonds to defray the expense of laying pipes from the mains to the sidewalks. They argued that the cost of digging up the street prevents many from taking the water, but that if this expense could be defrayed by the city The introduction of the water would become more general, and the additional water rents would soon repay the cost. The committee to whom this was referred reported favorably, and by a unanimous vote Councils authorized the issue of \$50,000 more of Water Works bonds, to defray the cost which will be incurred.

A SLIGHT MISTAKE. The Gazette is in error in stating that we advised "our friends" to aftend the lecture of B. F. Taylor. It was that paper that announced him as "the eloquent and popular B. F. Taylor, of Chicago," and that "of the few lectures yet to be delivered none would be better than bis." This, coming from such a source, was enough to give rise to suspicion among "our friends." and hence they thought it advisable to keen away. So many Radical fanatics are traveling around under the guise of lecturers that we do not feel it incumbent upon ourselves to advise our friends to attend their so-called "lectures."

WASHINGTON'S BIRTHDAY. -On Monday, the 22d inst, occurs the anniversary of the birth of George Washington. By recent en- are in practical operation in different poractment this day is now set apart as a legal holiday, and business of a public nature must be suspended. We understand that a geneof poor taxes levied upon the several Districts of Eric county, for the year 1868 and Irish American Society will take place here on this occasion, to be followed by a supper at Brown's Hotel. We have not as yet heard In witness whereof we have hereunto set of any further arrangements being made to celebrate the day in a worthy and becoming manner.

FATAL ACCIDENT.-Mr. Samuel C. Stan ford, a well known citizen of Waterford, was killed instantly at Corry, on Monday last, by being run over by an engine. He was standing on the track and looking in an opposite untimely death.

JUDGMENT NOTES.—The Commissoner of Internal Revenue has recently decided that a Judgment note should be stamped at the usual rate of promissory notes, being five cents for every \$100, or fractional part thereof, with five cents additional, on account of the clause "without defalcation." This decision is made under the clause of the Internal Revenue law, which provides that no

tention to the building of engines, boilers, stills, tanks, steam pumps and oil well and mill work generally. Persons in need of any articles in their line will find it well worth their while to visit the Bay State Iron Works before giving their orders.

LOCAL BREVITIES.

As candidates for Mayor next month, Messrs. P. A. Becker and Geo. W. Colton are prominently spoken of. The city of Corry has been divided into

two Wards. The track-of the A. & G. W. Railroad is the dividing line. " Tire Senate, last week, refused to concur in the amendments made by the House to a bill authorizing the Governor to appoint ad-

ditional notaties public for Erie and other REV. W. F. BAINBRIDGE, of the Fifth St. Baptist Church of this city, has accepted the call of the Central Baptist Church of Provi-

dence, R. I. It is stated that his salary will be \$2,500. IT IS rumored that C. L. Knapp, the noorious thief, has been seen in this neighborhood, within a few days past. It is said that a large reward is offered for his capture, and

it would be a relief to the community if he vere safely caged. A MAN named Daniel Openheimer was arrested on Tuesday, charged with offering for sale a quantity of mutton which did not come to the standard required by the city ordinance. He was taken before Esquire

Curtze, and fined \$10 and costs. A GIRARD lady accomplished quite a feat ast week, according to the Spectator. She prepared breakfast and dinner, did a two week's ironing, and made a bouncing contribution to the census-all in the same day, and lieford four o'clock, P. M.

THERE is one species of business getting very lively in Erie just at the present time the dunning business. Every body wants money very badly and nobody appears to sire the agreeable sensations of rapid, yet have it. No use talking of the resumption On Monday of last week two enterprising

suggests that they ought to insist on the nomination of one by the next Republican convention. The Democrats invariably remember the Germans in making up their county tickets; the dominant party seldom do, except in the distribution of some petty Monday morning last, to set fire to the machine shop of Messrs. Noble, Hall & Co., but the design of the incendiary was frustrated by the timely arrival of the person who is

employed to watch the establishment. The

villain who made the attempt to fire the build-

ing escaped, but the officers have their suspicions as to who he is, and it will be advisa-Two young ladies residing in North East made a narrow escape from drowning last week. They had gone to a pond to skate and the ice being trencherous they broke through. A young man who was working in the vicinity fortunately noticed them and after a great deal of exertion succeeded in rescuing them from a watery grave. This should serve as a lesson to venturesome per-

sons who feel like indulging in the amusement of skating on ice of insufficient thickness to render it safe. WE ARE glad to know that Judge Sterrett has yielded to the request of his friends, and consented to become a candidate for reappointment as Postmaster. He has made one of the most obliging and efficient officers the city has ever possessed, and, since a Republican must have the place, we know of no one who would be more generally acceptable. The candidates now are Judge Sterrett, Capt. J. C. Hilton, M. W. Caughey and Roy. J. H. Whallon. The latter is under-

stood to have the endorsement of Congress man Scofield and Senator Lowry. THE latest invention (yet still, like a great many of the new inventions, one of the earliest known) is the property of a Milesian gentleman who resides in this city. He wheel and is not only a useful but also a perfectly safe vehicle. The operator rests his feet upon the ground, the weight of his calls it the Wheelocipede. It has only one whole body on his feet, and guides the arrangement by means of a pair of bars. It can be used for the conveyance of earth. sand and such materials, and quites number tions of the city.

A Saving of One-Half to One-Third!

The Great Tea Company of Boston Which is the Largest in the World.

Would respectfully inform the citizens of Eric and surrounding country, that they have leased the Store No. 5 NOBLE BLOCK, ERIE, PA.,

And have fitted it up in Oriental style, and are now prepared to furnish every one with prime Teas and Coffees, at Cargo Prices. Our store in Eric will be known as the WESTERN ORIENTAL TEA COMPANY!

It is generally understood that Tea is retailed for a larger advance on its original cost than any other article in the long list of household stores, which may be partially accounted for by recollecting THE GREAT NUMBER AND IMMENSE AMOUNT OF PROFITS which accumulate on it between the cultivation in China and Japan, and the consumers here, including the American Commission House there; the Importer, the Banker who furnishes the exchange; the middle men or speculators: the wholesale grocer, and the retailer. Each of these make jarge, and many of their enormous profits, from which it is evident that the consumer is compelled to pay many times the original cost for a pure article, or forced to use an adulterated or interest one. peried to pay many times victorized and interior one.

It is with a view to remedy this evil that our gigantic enterprise was formed over a year ago which has been a perfect success, and we have ventured to open a Store in Eric, so that we may better accommodate our customers west of New York State.

And in the following lists which we have selected with great care, will be found TEAS which

Everybody's Taste and Everybody's Purse.

'Our Coffee Department, 👍 This is an immense institution of itself, and is undonbtedly the largest in the country. It is a fact generally understood that a large proportion of the Collee imported is picked green and the pods opened by artificial heat. This is never so good as that which ripens naturally. The coffee buyers of this Tea Company thoroughly understand this, and examine nearly every cargo of coffee imported to the United States, and select only the full grown, field-ripeped, for them, All the Coffee sold by this Company is ROASTED AND GROUND DAILY, by themselves, insuring its absolute purity and freshness, which they guarantee. The Company are rousting all their coffee on a new principle, which renders them particularly pure all addity being removed by their process of cooking, enabling persons now to take coffee who have been obliged to discontinue its use. continue its use.
