Our Coffee Department.

This is an immense institution of itself, and is undoubtedly the largest in the country. It is a fact generally understood that a large proportion of the Coffee imported is picked green and the pods opened by artificial lieat. This is never so good as that which ripens naturally. The coffee buyers of this Tea Company thoroughly understand this, and examine nearly every cargo of coffee imported to the United States, and select only the full grown, field-ripened, for them. All the Coffee sold by this Company is ROASTED AND GROUND DAILY, by themselves, insuring its absolute purity and freshness, which they guarantee. The Company are roasting all their coffee on a new principle, which renders them particularly pure, all acidity being removed by their process of cooking, enabling persons now to take coffee who have been obliged to discontinue its use. continue its use.

The Company are doing an immense business in their Coffee Department, and selling m

Allow me to call your attention to my PREPARATION OF COMPOUND EXTRACT. BUCHU. The component parts are BUCHU. LONG LEAR, CUBERS, JUNIPER BERRIES.

MODE OF PREPARATION.—Buchu in vacuo. Juniper Berries, by distillation, to form a finc gin. Cubebs. extracted by displacement by liquor obtained from Juniper Berries, containing very little augar, a small proportion of spirit, and more palatable than any now in use. The active properties are by this mode extracted. Buchu as prepared by Drugstats generally, is of a dark color: It is a plant that emits lits fragrance; the action of a fiame destroys this (fits active principle,) leaving a dark and glutinous decoction. Mine is the color of ingredients. The Buchu in my preparation predominates; the smallest quantity of the other ingredient are added, to prevent fermentation; thoo inspection, it will be found not to be a Tincture, as made in Pharmacopoea, nor is it a Byrup—and therefore can be used in cases where fever or inflamation visits. In this you have the kinowicedeof the ingredients and mode of preparation. Hoping that you will have if with a trial, and that upon impection it will meet with trial, and that upon impection it will meet with your appreciation. With a feeling of confidence, I am, very respectfully.

The render mustbe aware that, however slight may be the stack of the above diseases, it is certain to affect the bodily health and mental powers.

PROSPECTUS. THE MORNING PATRIOT The office of the late Patriot and Union having passed into the hands of the undersigned they propose to supply a vacuum that has long existed in the newspaper press of interior Pennsylvania.

From some cause or other the geading masses of the Democratic party of the great interior counties of the State have been compelled, either to do without the latest news or patronize journals whose political sentiments were distasteful to them.

The Morning Patriot is intended to supply this want.

Its proprietors are determined that no effort The Morning Patrist is intended to supply this want.

Its proprietors are determined that no effort shall be spared, on their part, to make it fully equal, as a newspaper, to any of its competitors. Whatever the electic wires are able to commining the up to the hour of going to press, will be furnished in its columns every morning; and its large size will enable it to give quite as might reading matter as any of its contemporaries.

As an advocate of sound political sentiments, and in advocate of sound political sentiments, favoring no faction, clique or section, but devoting its entire energies to the good of the whole party; as a vehicle of the latest news, and a chronicler of passing events, we are determined it shall not be excelled; and we confidently appeal to a discriminating public for that appreciation and encouragement which are indispensable to success.
