Schenck's Pulmonic Syrup,

ions of the liver like Schenck's Mandrake Pills Liver Complaint is one of the most prominent

A GREAT REMEDY FOR THE CURE OF

THROAT AND LUNG DISEASES. Dr. Wishart's Pine Tree Tar Cordial. It is the vital principle of the pine tree, ob-ained by a peculiar process in the distillation of the tar, by which its highest medical proper-iles are retained.

Schenck's Pulmonic Syrup,

Schenck's Pulmonic Syrup,

Will cure Consumption, Liver Complaint and Dyspepsia, if taken according to directions. They are all three to be taken at the esame time. They cleanse the stomach, relax the liver, and put it to work; then the appetite becomes good the tood digests and makes good blood; the point to grow in flesh; the discased matter ripens in the lungs, and the patient outgrows the disease and gels well. This is the only way to cure consumption.

To these three medicines Dr. J. H. Schenck, of Philadelphia, owes his unrivalled success in the treatment of pulmonary consumption. The Pulmonic Syrup ripens the morbid matter in the lutags, nature throws it off by an easy expectoration, for when the phiegm or matter is ripe, a slight cough will throw it off, and the patient has rest and the lungs begin to heal.

To do this, the Neaweed Tonic and Mandrako Pills must be freely used to cleanse the stomach and liver, so that the Pulmonic Syrup and the food will make good blood.

Schenck's Mandrake Pills act upon the liver, removing all obstructions, relax the ducts of gall-bladder, the bile starts freely, and the liver is soon relieved; the stoods will show what the Pills can do; nothing has ever been invented except calomed (a dendly polson which is very dangerous to use unless with great care), that will unlock the gall-bladder and start the secretions of the liver like Schenck's Mandrake Pills.

Liver Complaint is one of the most prominent of the tar, by which its highest medical properties are retained.
It is the only safeguard and reliable remedy
which has ever been prepared from the julce of
the plne tree.
It invigorates the digestive organs and restores
the appetite.
It strengthens the debilitated system.
It purifies and enriches the blood, and expels
from the system the corruption which scrould
breeds on the lungs.
It dissolves the mucus or philegm which stops
the air passages of the lungs.
It dissolves the micus on the irritated
surface of the lungs and throat, penetrating to
each diseased part, relieving pain and subduing
inflammation.
It is the result of years of study and experiment, and it is offered to the afflicted, with the
positive assurance of its power to cure the following diseases, if the patient has not too long
delayed a resort to the means of cure:—
Consumption of the Lungs, Cough, Sore
Throat and Breast, Bronchitts, Liver Complaint,
Blind and Bleeding Piles, Asthma, Whooping
Cough, Diptheria, etc.
We are often asked why are not other remedies in the market for consumption, coughs,
colds and other pulmonary affections 'equal to
Dr. L. Q. Wishart's Pine Tree Tar Cordial. We
answer—
lst, It cures, not by stopping cough, but by Liver tomplaint is one of the most prominent causes of consumption.

Schenck's Seaweed Tonic is a gentle stimulant and alterative, and the alkali in the Seaweed, which this preparation is made of, assists the stomach to throw out the gastric juice to dissolve the food with the Pulmonic Syrup and it is made into good blood without fermentation or scouring in the stomach.

The great reason why physicians do not cure consumption is, they try too much; they give medicine to stop the cough, to stop night sweats, to stop chills, hertic fever, and by so doing they derange the whole digestive powers, locking up the secretions, and eventually the putient sinks and dies.

answer—
1st. It cures, not by stopping cough, but by
loosening and assisting nature to throw off the
unhealthy matter collected about the turoat
and bronchial tubes, causing irritation and and bronchial tubes, causing irritation and cough.

2d. Most throat and lung remedies are composed of anodynes, which allay the cough for a white, but by their constringing effects, the fibres become hardened, and the unhealthy fluids coagniute and age retained in the system, causing diseases beyond the control of our most eminent physicians.

3d. The Pine Tree Tar Cordial, with its assistants, are preferable, because they remove the cause of irritation of the naucus membrane and bronchial tubes, assist the lungs to act and throw off the unhealthy secretions, and purify the blood, thus scientifically making the cure perfect.

Dr. Wishart has on file at his office hundreds Dr. Wishart has on the at his omee minerals and thousands of Certificates from men and women of unquestionable character who were once hopelessly given up to die, but through the Providence of God were completely restored to health by the Pine Tree Tar Cordini. Executor's Notice.

Dr. Schenek, in his treatment, does not try to stop a cough, night sweats, chills, or fever. Romove the cause, and they will all stop of their own occord. No one can be cured of Consumption, Liver Complaint, Dysepsia, Catarrh, Canker, Ulcerated Throat, unless the liver and stomach are made healthy.

If a person has Consumption, of course the lungs in some way are diseased, either tubercles, abscesses, bronchial irritation, pleura adhesion, or the lungs are a mass of inflammation and fast decaying. In such cases what must be done? It is not only the lungs that are wasting but it is the whole body. The stomach and liver have lost their power to make blood out of food. Now the only chance is to take Schenek's tree mediciens, which will bring up a tone to the stomach, the patient will begin to want food, it will digest ensity and make good blood; then the patient begins to grain in fiesh, and as soon as the body begins to grow, the lungs commence to heal up, and the patient gets fieshy and well. This is the only way to cure consumption.

commence to heal up, and the patient gets fleshy and well. This is the only way to cure consumption.

When there is no lung disease, and only liver complaint and dyspepsia, Schenck's Seaweed Tonic and Mandrake Pills are sufficient without the Pulmonic Syrup. Take the Mandrake Pills freely in all billious complaints, as they are perfectly harmless.

Dr. Schenck, who has enjoyed uninterrupted health for many years past, and now weighs 25 pounds, was wasted away to a mere skeleton, in the very last stage of pulmonary consumption, his physicians having pronounced his case hopeless and abandoned him to his fate. He was cured by the aforesaid medicines, and since his recovery many thousands similarly afflicted have used Dr. Schenck's preparations with the same remarkable success. Full directions accompanying each, make it not absolutely necessary to personally see Dr. Schenck, unless the patients wish their lungs examined, and for this purpose he is professionally at his principal office, Philadelphia, every Schurday, where all letters for advice must be addressed. He is also professionally at No. 35 Hond street, New York, every other Tuesday, and at No. 35 Hanover street, Boston, every other Wednesday He gives advice free, but for a thorough examination with his Respirometer the price is \$5. Office hours at each city from 9 a. m. to 3 p. m.

Price of the Pulmonic Syrup and Scaweed Tonic each \$1.50 per bottle, or \$5.00 a half dozen. Mandrake Pills 25 cents a box. For sale by all druggists.
