-Pennsylvania couples who wish to marry quietly in the State of New York will be interested in a question that has arisen respecting one important point. It appears that in many cases couples from other States have obtained licenses in one town or city, and then, to avoid publicity, have been married elsewhere. Attorney General Jackson holds that this is illegal, as section 8 of the marriage license law provides that-"It the woman or both parties to be married are non-residents of the State, such license shall be obtained from the clerk of the town or city in which the marriage is to be performed." On the other hand, Senator Cobb, by whom the law was framed, declares that the license authorizes marriage anywhere in the State. The Attorney General, however, has published a warning to clergymen and others authorized to perform the marriage ceremony, against performing it under a licease issued in another town or city, as in his opinion this would be a misdemeanor on their part.
