LOCAL INTELLIGENCE.

The 27th day of this month is the National Thanksgiving day.

The Banking House of W. M. Lloyd & Co., of Altoona, suspended at noon on last Thursday.

Halloween was not forgotten by the boys. The results of their pranks were visible the morning after.

Don't leave the farm, young man, if you have one. It may be slow, but if you take care of it there is nothing so sure.

Cocolumus Lodge, No. 397 K. of P. meet every Tuesday evening at 7 o'clock, in the Odd Fellows' Hall in this borough.

A spectator went too near a performing bear in March Chunk last week, and was in luck down by a blow from the paw of the brute.

The Commissioners' building, at the northeast corner of the Court House Square, is being rapidly pushed forward toward completion.

Last Wednesday and Thursday were the first foretaste days of winter, and inclined one to visit Harley & Co.'s to look for more warm clothing for the winter. They have a full supply.

The Altoona Tribune is in receipt of a present. It is a porcupine, and for practical and useful purposes it might just as well have been an alligator, and would not have excited the Tribune people a whit more.

The money disturbances have had a depressing influence on iron ore prospecting in this county. However, there is perhaps a grain or two of consolation in the thought, which is correct as truth can be, that the ore in the hills will not spoil.

The old brick of the Belford house, intended to be worked into the new building, have been covered by long sheds to keep off rain and snow, so that they may be worked into the wall during the anticipated cold weather. Boys are now busily engaged in cleaning them off.

The following subjects will be considered at the Teachers' Institute: General Management and Government of Schools, Order of Study, Methods of Recitation, Vocal Music Language, Penmanship, U. S. History, Arithmetic, Geography, Physiology and Hygiene, Object Lesson, Drawing, Comptable Education, Sloutid teachers obtain Pupils after School to Study Neglected Lessons?

BREAK IN SEWING MACHINE PRICES.—Our readers will be interested to learn that the Florence Company have responded to the general call for lower prices for sewing machines, and will henceforth sell their well known and superior machines at a reduction of from 30 to 40 per cent. from former prices.

In prosperous times Juniata county did not enjoy the business prosperity and profits arising from having large manufacturing establishments within her limits. Now she does not suffer the pinching times and poverty that communities with such establishments experience or suffer. With a few exceptional bed indispositions, and all may be found everywhere and at all times, our community is sound, financially.

A passing locomotive set fire to a house in Huntingdon last Friday morning about 5 o'clock. Three houses, including the one in which the fire originated, were destroyed. Burning shingles were carried onto adjacent houses by the gale that was blowing at the time, and a number of roofs were set on fire. The property holders were vigilant on their roofs and extinguished the fires as fast as they were kindled.

At Holidaysburg, on Monday morning a week, a house took fire upstairs. A sick babe had been left in its bed. When the fire was discovered it had so far progressed that the upstairs could not be reached by the stairs. Capt. J. R. McFarlane made an effort to save the child, but the fire and smoke drove him back. He, however, nothing daunted, effected an entrance to the room in which the child lay, from the outside, and amidst smoke and fire rescued the body of the babe and bore it to the ground; but, alas! the little mortal had been suffocated before he reached it.

TEACHERS' INSTITUTE.—Teachers' Institutes will be held as follows: At East Salem, beginning Friday evening, Nov. 7th, and continuing on Saturday, Nov. 8th; and at McCoyville, beginning on Friday evening, Nov. 14th, and continuing on Saturday, the 15th, 1873. Teachers and all friends of education are invited to attend and take part in the exercises.

D. E. ROMSON, Co. Supt.

PUBLIC SALE.—Messrs. Stone & Patterson, of Academia, will sell at public sale, at the farm of James J. Patterson, at Doyle's Mills, Juniata county, on Thursday, November 20, 1873, the following personal property, viz: Seven head of work and driving horses, one first-class mule, a good leader; one colt three years old next spring, four milk cows, seven head of young cattle, wagons, carriage, buggy, sleigh, sleds, and many other farming implements.—Sale at 10 o'clock. See handbills.

The services of Prof. W. W. Woodruff, of Bucks county, Pa., have been secured for the coming County Institute. Prof. W. was for nine years County Superintendent of Chester county. Dr. J. P. Wickersham, State Superintendent, says of him: "Not one of all our Institute instructors employed during the past campaign did more of the kind of work needed, or did it better than Prof. Woodruff."

T. L. Griswold, A. M., M. D., Principal of Blooming Normal School, will be present and give instructions. Dr. G. comes well recommended.

At a call of the County Superintendent, the teachers of Walker and adjoining townships convened at Mexico, Juniata county, and organized a local Institute, with D. E. Robinson as chairman, and J. H. Carney as secretary, on Friday evening, October 24, 1873, and continued till Saturday, the 25th, at which sixteen teachers and a large number of citizens were present, and a deep interest was manifested by all.—The different difficult questions common to the teacher were taken up and discussed by all those present. Not only the teachers took an interest but the citizens manifested a zeal for the advancement of the cause of education. It is hoped that all subsequent organizations of this kind will be largely attended, not only by the friends of education in general, but more especially by the teachers of the county, so that they may be the better qualified to discharge the duties devolving upon them.

J. H. CARNEY, Sec'y.

NEW SCHOOL HOUSE.—A new school house has just been placed in Millford township, to take the place of the old Locust Grove house. The building—28x36 feet in size—is of brick, painted and penciled. A neat portico adorns the front. The cornice is nicely moulded. The windows, eight in number, are large, containing fifteen 10x16 lights; the sashes are hung with weights, and the shutters are paneled. The outside woodwork is painted white. The outside door is an ornament; it is 7 feet high, 34 feet wide, and 2 inches thick, four paneled, with circle-top raised moulding; the painting is in imitation of oak, except the moulding, which is in imitation of walnut. The exterior appearance of the building is very neat. The house is entered through a vestibule 5x17 feet in size. Two doors open from the vestibule into the school room. The school room is beautiful; the wainscoting, doors, and window casings are painted in imitation of oak. There are two closets, one situated to the right and the other to the left of the vestibule, provided with shelves for dinner baskets, books, apparatus, &c., and books for clothing; they are entered from the school room, and are a great convenience. The blackboard is 5 feet high, 26 feet long, and is finished with slate surface. The room is furnished with Gothic desks, a teacher's table, and arm chair—all from the furniture and apparatus establishment of J. A. Baneroff & Co., 512 Arch street, Philadelphia. The house and outbuildings cost over \$1700. Mr. Michael Stoner of Ferrisburgh township, was the builder. It reflects great credit upon the judgment and taste of the Board of Directors, which is composed of the following named gentlemen: Samuel Aughey, Abram Partner, J. T. Metin, Henry Groninger, W. N. Sterrett and George Groninger. Mr. S. E. Shurtz, of Delaware township, is the teacher for the present term. The citizens and pupils of the district may well congratulate themselves on the possession of so good a house. The yard should be surrounded with a good fence and planted with shade trees.
