The mud caused people to make inquiries about the town council. The citizens of Patterson Avenue and Washington Street need a walk of some kind. A board walk, if only two or three feet wide, would be a luxurious improvement over wading in mud almost ankle deep. Such wading puts one's mind in bad temper. It is an absolute sin to get cross; the ill temper must be repented of to get the sin off the books. If Council will just order the putting down of walks in the localities indicated they will be the cause of the removal of a good deal of sinning. The cost of such walks would not be much.
